

Former City Man Killed In Accident

Joseph Monaghan, 31, formerly of Charlottetown was killed in an elevator accident while at work in Montreal Tuesday night.

Word of Mr. Monaghan's death was received Wednesday by Mrs. Bridget Smith, 114 Prince Street, his grandmother.

Mr. Monaghan is survived by his wife and seven children. Other immediate surviving members of the family are his mother, Mrs. Dorothy Monaghan, three brothers, Leo, Douglas and Harold, all of Montreal and a sister, Mrs. Norman Holmes of Quebec.

The late Mr. Monaghan moved with his family to Montreal as a boy about 20 years ago.

HUGE CATHEDRAL

The cathedral at La Paz, Bolivia, which seats 12,000 worshippers, was begun in 1835 and dedicated in 1933.

Province redeemed itself when it recognized on Tuesday the right of the feline species to be accorded the honour and protection rightly due it. Those persons, who do not understand or like cats and fail to appreciate their economic value, should of course be rightly considered beyond the pale of solid society.

The cat is in many respects a unique animal and while classed as a domestic one may probably lay claim with some justice to having domesticated man. After such a claim is accepted then the legislature was certainly guilty of a perfidious act in turning its back upon an animal which has been very closely associated with man in his rise from barbarism to his present enlightened status.

WINTER GRIP
March continues its icy and wintery grip upon the climate and countryside. Remarkable stories are circulating on the length of time and labour involved in digging one grave and to the effect that pipes down even eight feet in the earth are frozen. How long will the frost take to come out, and will the mud be such as to create a record?

Highway engineers will no doubt be keeping their fingers crossed as they await the effect of the frost coming out of the earth on our valuable pavements. Certainly there would appear to be some value in the cold weather persisting to the end of March and having as rapid a transition as possible from winter to the rather doubtful joys of a Maritime spring.

WHAT, NO CATS?
After putting a serious hole in its manners the legislature of the

STEEL MEN AT WORK

Ivan Troop, erection supervisor, (left) and Lionel Naylor, chief estimator of Robb Engineering Limited, Amherst, N. S., are collecting data which will eventually lead to an estimation

of the strength of the steel structure of the Sports Arena. The Arena management requested the firm to survey the steel work to assure the safety of patrons. The work was begun yesterday but a

full detailed report of the findings would not be known for a week. Preliminary inspection led the engineers to believe the structure was exceptionally sturdy. G. Keith Pickard of Charlottetown is supervising the inspection.

AMONG THE FARMERS

Federation of Agriculture Newsletter

For Tuesday evening, March 17, The Federation of Agriculture is sponsoring a public meeting in the Legion Hall, Charlottetown. Present will be the Hon. Lorne Bonnell, Minister of Health, who has consented to discuss the proposed Hospital Insurance Plan. It is hoped to have a discussion and question period following Mr. Bonnell's remarks.

For those interested in the Federation, Mr. David Kirk as secretary of the C. F. A. will be the guest speaker. Mr. Kirk will discuss the relationship between the C. F. A. and provincial federations and will in addition discuss the present economic position of Agriculture.

With the developing interest in Unemployment Insurance for Agriculture and following the recent resolution passed in the Legislature it seems quite fitting that some attention be directed to this matter. Mr. George Cheverie of the Unemployment Insurance Commission will be present to answer questions and give technical information.

Finally to shed some light upon the much talked of trend towards Contract Farming and Vertical Integration the National Film Board production "Revolution of the Land" will be shown. All four topics are of current and general interest and those who attend the meeting should profit by it.

DAIRYMEN WEDNESDAY
At 10:30 on Wednesday morning, March 18, the 60th annual meeting of the Dairymen's Association will get underway. All farmers who sell milk or cream are considered to be members of the Association and as such, privileged to attend the meeting and take part in all matters of business with the exception of voting funds and electing directors.

The decision of the two latter matters is reserved for the accredited delegates of the twenty-five Dairy Plants which provide funds for the Association. It is expected that the annual meeting to be held in the Legion Hall will conclude about 5 o'clock. At that time activities will move to the Charlottetown Hotel where a banquet is planned for 7 o'clock to commemorate the Association's sixty years of service to the Dairy Industry.

The guest speaker will be Canada's Minister of Agriculture, the Hon. Douglas S. Harkness. In addition the program will include greetings from the Premier of the province, the Mayor of the City, the Dairy Farmers of Canada, the Canadian Federation of Agriculture, the Provinces of Nova Scotia and New Brunswick.

tended to the public to attend this meeting.

FARMER AND LABOUR

The Farm Forum discussion on March 2 clearly established the fact that forum members do not see much value in or prospect of strikes as a means of solving the problems of agriculture. The ineffectiveness of strikes was suggested due to the difficulty of getting farmers to stick to-

gether on such an issue, to the perishable nature of farm products, to the moral implication of going hungry and to the fact that the farmer is an employer and there is not much point in striking against himself.

However, while discarding the strike as a instrument of value in agriculture the forums saw a number of things to be commended in labour unions. The educational program carried among members was commended, the efficiency which appears to be possible in labour unions.

After putting a serious hole in its manners the legislature of the

Prince Edward Island Dairymen's Association

NOTICE of 60th Annual Meeting

Wednesday, March 18 - 10.30 a.m. & 1.30 p.m.

Legion Hall, Grafton Street, Charlottetown

Dairy Farmers and the accredited delegates of all Dairy Plants are advised that the following matters will be dealt with:

- Receiving: Report of the President
Report of the Dairy Superintendent
Report of the Secretary
The Financial Statement
- Election: Three directors of the Association
Officers for the current year
- Voting: Funds for the Association, Consideration of Recommendations, Policy for the Dairy Industry

The Annual Meeting will conclude with a banquet in the Charlottetown Hotel at 7:00 p.m. to commemorate the sixtieth anniversary of the Association.

The guest speaker will be the Hon. Douglas S. Harkness, Minister of Agriculture for Canada.

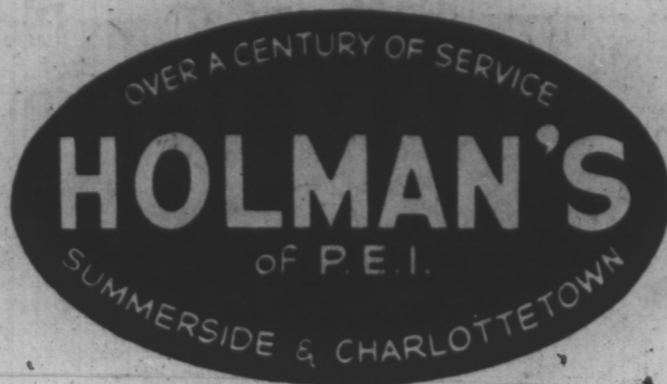

REVISION OF TELEGRAPH RATES IN CANADA

Canadian National Telegraphs and Canadian Pacific Communications have applied to the Board of Transport Commissioners for Canada for authority to increase telegraph rates within Canada by 10¢ per ten-word full-rate message, with increases of 1¢ per extra word and proportionate increases for day-letters and night-letters. These revised rates are made necessary by increased wages and other expenses.

The Board of Transport Commissioners has directed that a scale of the proposed rates be made available for public inspection at all Canadian National and Canadian Pacific Telegraph offices. These scales are now available for perusal. The Board has set Tuesday, April 21, 1959 as the date for the formal hearing of the application of the Telegraph Companies and has directed that the public be notified by means of this advertisement that representations in respect of the new rates shall be forwarded to the Secretary of the Board of Transport Commissioners for Canada, Ottawa, Ontario not later than Monday, April 13, 1959.
