A pack of scouters basic training course was held Saturday at RCMP Station, Summerside when a large representation of leaders from many parts of the Province attended. Seen here is course leader Sgt. Ness Siewchuk (standing) welcoming Maud Bears of Belfast, a Cub leader as

others wait their turn to be registered with assistant district commissioner Ivan MacKenzie (seated).

## Tignish Association To Back Scouts, Cubs

TIGNISH — The Tignish Sports Recreation Association has decided to sponsor Boy Scouts and Cubs in the village of Tignish after an absence of seven years, along with carrying on their major program in summer and winter sports.

Boy Scouts and Cubs training it was felt by the members at their regular monthly meeting, is badly needed to train and guide the boys at an early age to become better citizens. Requests have been made many times by Gordon Kerr of Charlottetown to have some organization sponsor this worthwhile program. David Harper, physical education teacher at the Tignish High School and Gerald Keough, a past physical training instructor, will manage the Cubs and Scouts.

The Association will also sponsor three village basketball leagues who will compete from time to time with other teams. The open air rink is in readiness and will get into full swing on the arrival of Jack Frost.

Twelve hockey teams will be organized immediately for the start of the hockey season with David Harper and his brother Philip, who is physical education teacher for the elementary schools. David Harper was appointed part time sports director of the recreation association.

## Plaque To Be Presented By Alberton Institute

ALBERTON — A plaque to be presented to Alberton Elementary School by the Women's Institute is being crafted at the "Maple Tree Craft" shop. It will be placed for monthly competition in average attendance among the four classrooms, beginning in the new year. During the past year this institute presented a plaque to the Alberton District Regional High School for annual competition in debate and public speaking. Other activities of the Alberton institute reported to the annual meeting last week included the singing of carols and the giving of treats to patients at the Western Hospital during the Christmas season. Free use of the hall to a number of charitable organizations, and gifts to several good causes.

The branch recently sustained the loss of a valued member in the death of Mrs. H.J. Larkin, its charter president and only life member, who had continued an active and unobscured interest throughout the thirty-five years of its existence. Officers for the coming year are: president, Mrs. C.H. Nelson; vice-president, Mrs. H. Matthews; secretary, to be elected; treasurer, Mrs. Arthur Wilkie; directors are Mrs. C.R. Hunter, Mrs. A.C. Green, Mrs. Silas Bayner and Mrs. James Hodgson; the auditors are Mrs. H.W. Matthews and Mrs. G.G. Bennett.

The meeting was held at the home of the president, Mrs. Weeks. A few days later the members assembled for their annual banquet at the Western Hotel. The Christmas meeting will be at the home of Mrs. G.G. Bennett with Mrs. H.W. Matthews as assistant hostess.

## FROZEN FOOD PLANT FOLLY

Already groggy after successive financial losses many farmers of this Province are faced with further losses through their transactions with the frozen food plant established only a short time ago in Eastern Prince County. The erection of this million dollar plant heavily subsidized it said by the Provincial Government, was hailed as a great triumph for the Tory Provincial Government, and the accomplishment was broadcast far and wide by the press, by radio and TV. Island laborers looked at the scheme with a critical eye and did not think that the farmer was being protected from exploitation. As it turned out the LIBERALS WERE RIGHT. Now that various crops have been harvested many of the farmers who participated in raising vegetables for the Frozen Food Plant Company, are receiving bills instead of making a profit for their efforts. One farmer who was induced to raise 57 acres peas instead of 47 acres of grain reports his experience as follows: "After the crop was lifted I received an account from the company letting me know that it was indebted to me for the following items: seed \$1,339.30; insecticide \$70.00; spraying \$197.20; insecticide \$70.00; and various other items totalling \$2,876.28. Attached to the account was a notification that I owned the company \$388.42 and asking that I pay this amount by November 15th, 1962. Add to this loss the amount I might have received by growing 47 acres of grain which I intended to do before being talked into raising peas for the company. I am only one of a number of farmers who after hard work and much expenditure of time have suffered heavy losses from entering into a contract with this million dollar concern."

## ROYAL COMMISSION ON PILOTAGE PRELIMINARY HEARING

A Preliminary Hearing will be held in Ottawa, Ontario, on December 21, 1962, in the Exchequer Court, Supreme Court Bldg., at 10:00 a.m.

The purpose of this meeting will be to set out to those wishing to make submissions, the pattern of the inquiry and the procedure to be used, and also to hear from various organizations and others, their views as to the areas and problems to be covered, in line with this Commission's terms of reference. Statements of principles which various groups may feel should guide this Commission in proceeding with its inquiry are invited. It is emphasized that this Commission welcomes from the start suggestions from the public relating to the scope of its inquiry.

Since this is a preliminary hearing no briefs are asked for this meeting. Those wishing to express their views in writing, with or without appearing at the hearing, are free to do so with written communication to reach the Commission not later than December 10, 1962.

In order that this Commission may complete its mailing list of those organizations and others who may wish to appear before the Commission to present a brief or to be recipients of any information this Commission might issue from time to time, it is most important that we be advised as soon as possible of the name and address of the organization, including that of its President or Chief Executive Officer. It will be necessary for those wishing to attend hearings to indicate whether they will be attending the preliminary hearing in Ottawa or the regular hearings in the respective provinces, or both.

Written communications should be addressed to:  
Gilbert W. Nadeau, Esq., Secretary, Royal Commission on Pilotage, P. O. Box 1505, OTTAWA 4, Ontario
