

# Mineral Rights Position Maintained By Cabinet

The question of ownership of offshore mineral rights came up at yesterday's meeting of the provincial cabinet.

The government recently received a letter from Hon. Arthur Laing, federal minister of northern affairs and natural resources, stating the government of Canada had issued exploratory permits for areas of the Gulf of St. Lawrence claimed by P.E.I.

The provincial government has already issued exploratory permits for the same area.

The Gulf of St. Lawrence and the river waters surrounding Quebec, New Brunswick, Nova Scotia, P.E.I. and Newfoundland have been allotted by an agreement between the provinces made late last summer.

The control of the off-shore mineral rights is disputed by the federal government and the provinces.

"We agreed to defend our position," said acting premier Alban Farmer following yesterday's cabinet meeting. "Off-shore mineral rights belong to the province."

"P.E.I. has no other mineral resources," he continued, "this off-shore area is three to four times the land area of the province."

On a charge of illegal parking, Frank C. Pineau, was assessed \$10 and costs.

George F. O'Connor, Charlottetown, was fined \$10 and costs for failing to report to the RCMP for inspection.

## Prof. C. P. Martin Addresses Club

The regular weekly meeting of the Charlottetown Rotary Club was held at the Charlottetown Hotel Monday with Dr. C. P. Martin, retired professor of anatomy at McGill University as guest speaker.

Dr. Martin gave an interesting and witty talk on the human hand and other parts of the body.

H. B. MacLean of Vancouver and formerly of P.E.I. delighted the Rotarians with a display of magic tricks.

Guests of Rotary were H. B. MacLean, of Vancouver, A. G. MacLean of Raymore, Sask.; Joseph Storey of Fort Lauderdale, Fla.; Murray Willey of Lennox, Mass.; Arthur Crockett of Toronto and Rev. P. A. M. Young of Louisville, Kentucky.

Visiting Rotarians were Leonard Hamman of Fremont, Nebraska; Low Surrill of Amherst, Seymour Gordon of Wolfville and Dr. C. P. Martin of Montreal.

## SATELLITE UP

SANTA BARBARA, Calif. (AP)—An Aerospace research satellite was boosted into orbit Tuesday aboard an Atlas D intercontinental ballistic missile, the U.S. Air Force reported from Vandenberg Air Force base.

A spokesman said the objectives of the flight are to prove operational capabilities of the satellite's own power system and, ultimately, to provide an orbital platform for conducting scientific experiments in space.

## Lecture Planned On Private Work

An additional bonus to the regular winter program at the Confederation Centre will be a lecture by Dr. William Hart, Assistant Professor of British Columbia, at the Centre on Oct. 16 at 8:30 p.m.

The lecture, which was previously not planned for Charlottetown, was specially arranged with the National Art Gallery.

The subject of Professor Hart's illustrated talk "A Canadian Painter's Sketchbooks" is Lawren Harris, one of the founders of the Group of Seven. This is the first time that Lawren Harris has permitted a study of his private collection of drawings from the Arctic Sketchbook, studies in the Rocky Mountains and other places. None of these drawings has been shown publicly. Indeed only a few members know about the existence of many of them.

Professor Hart has prepared colour transparencies of oil sketches and large paintings related to selected drawings. Also, this past summer he has photographed many of the sites in Canada depicted in the drawings. All of this material has been collected for the lecture which should be of considerable interest to young and old.

Dr. William Hart, who is currently writing a biography on Dr. Lawren Harris received his training at the University of California in Berkeley and at Syracuse University before coming to Canada.

As this lecture is sponsored through the Extension Services of National Gallery of Canada, there will be no admission charge.

## D. A. MacEachern Dies In Hospital

A lifelong resident of Priest Pond, D.A. MacEachern, died Tuesday morning at the Charlottetown Hospital. He was in his 71st year.

The late Mr. MacEachern was widely known throughout Kings County but it was in his own area of the country where he numbered the greatest numbers of friends.

For many years he operated a general store at Priest Pond with his wife, the former Josephine Keays, who survives him.

Funeral arrangements had not been completed late last night.

## Traffic Charges Result In Fines

Lee Emmet Carragher, Charlottetown; Barbara J. Williams and Kimball W. Birch, Port Hill, were each fined \$15 and costs on speeding charges by Justice of the Peace Albert Dinnis in Traffic Court yesterday morning.

Wendell L. Senter, New Wiltshire and Cyril F. Campbell, Charlottetown, were each fined \$10 and costs on similar charges.

On a charge of illegal parking, Frank C. Pineau, was assessed \$10 and costs.

George F. O'Connor, Charlottetown, was fined \$10 and costs for failing to report to the RCMP for inspection.

## Arson Case Goes To Supreme Court

Harold Stewart White, Kelly's Cross, appeared before Magistrate James B. Johnston, Q.C., in the City court chambers yesterday afternoon for a preliminary hearing on an arson charge as a result of a barn being burned at Kelly's Cross, Aug. 12.

The barn was owned by Mrs. Roseline Murphy, Boston, Mass., and the accused was a boarder in the house of Walter Matters which is adjacent to the barn and is also owned by Mrs. Murphy.

White was committed to stand trial at the next sitting of the Supreme Court in connection with the charge, following the evidence submitted by the Crown.

The following residents of Kelly's Cross appeared in court yesterday as witnesses for the Crown: Walter Matters, Neil Sterling Waddell and Francis Matters. Constables Robert Corrigan and Allan Burchill of the RCMP also gave evidence for the Crown.

A.K. Scates was the Crown prosecutor and Gordon Tweedy represented the accused.

## NOW EXPORT LESS

Canada's new exports about one-sixth of the national production, compared with one-third 30 years ago.

## Farm Equipment Sales Increase

WASHINGTON (CP)—Canadians will buy \$415,000,000 worth of farm equipment this year compared with \$370,000,000 in 1964, J. G. Staiger, vice-president of Massey-Ferguson Ltd., predicts.

He said in a statement released here at the annual

conference of the Farm and Industrial Equipment Institute that the recent wheat sales to Russia could raise Canadian farmers' cash income this year to \$3,500,000,000.

He also predicted United States sales of farm equipment would reach \$2,300,000,000.

Doctors who will be involved in surgery on President Lyndon B. Johnson, who will undergo an operation for a gall bladder condition scheduled for Friday morning, Oct. 8, in Bethesda Naval Hospital in nearby Maryland. From left: Dr. J. Willis Hurst, Vice Adm. George Berkeley, White House physician; Dr. George A. Halenbeck of Mayo Clinic, Rochester, Minn., who will perform the surgery; Dr. Donald Christner Mollrath, Capt. James Young and Dr. James Cain, Johnson's personal physician. (AP Wirephoto)

## Mink Ranchers Elect President From P.E.I.

SUMMERSIDE — Directors from every Canadian province attended the two-day 133th annual convention of mink ranchers held in Calgary, Alta., recently. Some 150 of Canada's 2,000 mink ranchers were in attendance.

Figures released during the meetings show Canada produced approximately 1½ million mink pelts with a raw pelt value of \$25 million and a retail garment value of \$60 million.

World production now stands at 20 million pelts with a retail value of around the \$1 billion mark. Principal producing countries are the U.S.A. with eight million pelts; Scandinavia a million; six million; Russia, three million with Canada, Britain, Japan and other European countries producing the other three million.

Prince Edward Island's director to the convention was Lowell A. Hancock of Summerside who was re-elected president of the national body for a 2nd term. Joe S. Spurgeon of Manitoba was named vice president.

LEADING ROLE  
Genetics has played a leading role in industry development the past decade resulting in breeders now producing some 50 natural colors and shades bred from the original wild brown mink. Variety has thus kept mink popular together with the advertising and promotion done by breeder organizations in many countries including Canada.

Canada Mink Breeders Association members allow a deduction of 1½ per cent of gross sales at the raw fur auction of \$300,000 income the past year to the Canada association coffers.

The overall budget voted for the coming fiscal year was \$363,000 of which \$287,000 will be used for advertising and promotion of Canada mink garments in Canada and foreign countries.

GOVERNMENT COSTS UP  
Government spending in Canada was \$14,600,000,000 in 1964, compared with \$3,900,000,000 in 1950.

## New Library Branches Planned For Province

A study of reference books and reference work, and a discussion on promotion of reading among teenagers were among the highlights of a two-day workshop for island branch librarians, which ended in Charlottetown yesterday afternoon.

With 14 branch librarians, who administer to branch libraries in the regional system of the P.E.I. Libraries, in attendance, the two-day meeting opened Monday afternoon with a tour of Confederation Centre Library, with Douglas Boylan, chief librarian, as host.

Mr. Boylan discussed the merits of a typical reference collection which might be found in a small public library, stressing the role the library should adopt in the community, as a source of information of all kinds.

Later in the afternoon, under the direction of Dorothy Cullen, provincial librarian, the group discussed matters relating to their own operation, including library hours, circulation problems such as records and overdue books, reference service, magazines in the library, and service to light fiction addicts.

ILLUSTRATED TALK  
In the evening session, one of the highlights was an illustrated talk by Miss Cullen on a tour of Canadian libraries in Sweden last July. The group, of which Miss Cullen was a member, spent some time in
