SUMMERSIDE TRINITY
EVENING AUXILIARY

Members of the Summerside
Trinity Evening Auxiliary held
their first meeting of the season on
Tuesday evening in the church
parlor with Mrs. Campbell in the
chair.
The devotional period opened
with prayer, followed by the singing
of "Take Time to be Holy." Miss
Mary Geldart was organist. After
responsive psalm reading, the prayer,
Confession of Sin, in unison and
special prayer for the missionary.
Miss Wilna Thomas, in Japan was
offered. Mrs. Campbell read an
article from Dr. Florence Murray
in regard to her hymn "I Know Not
What the Future Hath" was sung.
Another interesting article was
read by Miss Mabel Linkletter in
connection with the life of a young
lady and his cure.

After the singing of "Lead on O
King Eternal" a business session
was held when 13 hospital calls and
six house calls were reported.—S.

At the second and final day's
sessions of the East Prince teachers'
convention held at the Summerside
High School auditorium, the
main address in the morning
was delivered by Mr. J. P. McCarthy,
principal of Provincial Normal
School, Truro, N. S., who
chose for his subject "What
is Teaching?"
The rest of the morning
session was devoted to a question
box period with questions of general
interest to teachers.
At the afternoon session a
welcome was extended to Mr. Morley
Toombs of the College of Education
affiliated with the University
of Saskatchewan. Mr. Toombs,
who is a former Islander, is
much interested in the trend of
education in his native province
and as a result has spent many
days in the province in this connection
as possible. He said that teaching
is a wonderful adventure and
presents a great challenge to
those engaged in the profession.
Dr. L. W. Shaw carried out a
demonstration in "silent reading."
He said he felt that if people
were competent silent readers
there would be fewer railway
accidents and fatalities. He said
"We read, stop, look and listen
but do we carry out the commands?
We do not. We read the
words only, without comprehension."

Mr. J. G. Dennis gave a brief
outline of the advantages obtained
through the formation of a
credit union under the Teachers'
Federation. A considerable number
of the teachers present showed
an interest in the formation
of such a body.

Miss Marie Bowness, representing
Provincial Junior Red Cross,
reported briefly on the work
accomplished during the year and
the hopes and aspirations of
Junior Red Cross for the future.

Mr. Norman Ford was elected
to the board of governors of the
Prince Edward Island Teachers'
Federation.—S.

three parliamentary assistantships
vacant. They are trade and
commerce, formerly held by Mr.
McIvor, national health and
welfare and veterans affairs.

Leslie A. Mutch, assistant to the
Veterans Affairs Minister in the
last parliament, now is deputy
chairman of the Canadian Pension
Commission. Dr. W. A. McCusker,
assistant to the Minister of Health
and Welfare, was defeated in Regina
constituency in the general
election.

Other Business

During the day the cabinet also
decided to:

1. Place the bulk of federal
office workers on a year-round, five-day
work week and promised a
similar step in the next few months
for operating staffs. About 80,000
employees are affected immediately.

2. Recommend \$500,000 worth
of aid to Greece, hit by devastating
earthquakes in the last month. The
aid will be made up of salted cod,
powdered milk and construction
materials.

While the cabinet waded through
most of a pile-up of work accumulating
during the election campaign
period, Mr. St. Laurent indicated
that some important
decisions have been left over for
decision at the next meeting to take
place Sept. 17.

He said the cabinet likely will
act then on two major transportation
issues. These are decisions on
an appeal by eight provinces
against the latest general freight
rate increase and the application
of Canadian Pacific Airlines for a
franchise to carry aerial freight
between Montreal and the west
coast. This would break the trans-
continental monopoly of Trans-
Canada Air Lines.

Touching on other issues, Mr. St.
Laurent made clear that no im-
ports of United States natural gas
would be allowed into Canada
without approval of the Board of
Transport Commissioners.

There have been reports that a
U. S. company plans to ship Texas
gas into the market. Sources outside
the cabinet have said that such a
move would kill the economic
feasibility of building an
all-Canada line, piping Alberta
gas into the eastern market.

A reporter asked Mr. St. Laurent
if there was any truth to reports
that the government may create a
new department of fine arts.

Mr. St. Laurent said the govern-
ment is not considering such a
department. There also was no
possibility of early action on a
recommendation on the Massey Com-
mission on Arts to create a special
arts council to co-ordinate the govern-
ment's work in the national
cultural field.

The Prime Minister said a parli-
amentary debate on an arts council
would require his presence in
the House. Since he was planning
to be away next January, the proposal
of an arts council would not
be submitted at the next session.

Proposed Trip

Turning to his proposed air trip,
Mr. St. Laurent said his plans are
not definite. He did not know
whether he would go round the
world clockwise or counter-clock-
wise.

But if he did reach Tokyo—
which might indicate an official
visit to Japan, though Mr. St. Laurent
did not say so—he would also
visit Australia and New Zealand.
And if he visited India and Pakis-
tan, he also would visit Ceylon.

As for European stops, he might
have to make some. If he took the
C-5 aircraft, he would have to stop
for gas in Europe, the Prime Min-
ister said, concluding his remarks
with a gesture that suggested that
anything might take place then.

Let's Talk It Over

It was rather surprising to
learn that only 20% of Canada's
servicemen belong to the Cana-
dian Legion. The Legion is un-
deniably doing a worth-while ser-
vice for those men and women
who went out on the rugged
frontiers of civilization and war-
red war on the forces of barbarism
through two global conflicts, and
in the Korean War which
gave notice to the Communists
that Red expansion had gone far
enough.

We are so prone to forget the
measure of their contribution to
our easy way of life. One day
in 365 we pay tribute to the fallen
heroes, sincerely enough, per-
haps, but the selfish interests of
our ambitions and hopes engross
us to the extent that we give
little enough thought to the or-
deal of fire and terror that gave
us a continuance of democracy
and freedom instead of the
tyranny of regimentation.

"God helps those who help
themselves" is an old adage, and
it seems fitting that the veter-
ans should band together to
be more competent silent readers
which they have earned at such
a cost. They are undoubtedly
making their influence felt but
could do very much more for
their cause if their membership
were substantially increased.

Their activities are not wholly
on behalf of their own and
women. They do a great deal for
youth, and engage in other com-
mendable activities. (Mr. Canon,
president of the Island or-
ganization, said in his address at
the annual meeting that in some
communities the Legion was the
only service club operating.)
None of these activities are more
accomplished during the year and
the hopes and aspirations of
Junior Red Cross for the future.

Mr. Norman Ford was elected
to the board of governors of the
Prince Edward Island Teachers'
Federation.—S.

Weather Favorable To
Late Blight Disease

The warm and unusually muggy
weather that preceded the Labor
Day storm resulted in the most
abundant spore-producing period of
the season, states the Weekly
Crop Bulletin of the Science Service
Laboratory. A very considerable
spread of the late blight disease will
have resulted from the high winds,
and the heavy rains will have
washed many spores into the soil
where they will attack the tubers.

Any tubers thus infected will devel-
op rot very quickly and during the
picking of the crop the rot will be
so obvious that there will be no
problem in discarding them.

The problem now is to protect
the crop from further infection,
the Bulletin states. Fields in which
the crop has not yet attained full
development and in which the
plants are still reasonably healthy
should be well sprayed at the ear-
liest opportunity. Fields that have
attained full development or in
which the disease is very active
should be sprayed with a top killer.

It is not likely that there will be
enough insects present during the
remainder of the season to warrant
the further use of DDT.

Stock Exchange
Suspension Is
Announced

TORONTO, (CP)—Toronto stock
exchange Wednesday announced
its first suspension in more than
20 years when it suspended Irving
Picard, senior partner of the Tor-
onto stock brokerage firm of Pic-
ard and Fleming.

The action follows cancellation
Tuesday of the firm's registration
by the Ontario securities commis-
sion "for high pressure and possi-
bly fraudulent methods."

The commission, in reporting
on the cancellation, used such
terms as "ruthless and vicious
course of conduct," "overloading"
and "actual deception" in de-
scribing the means of carrying on
business with clients, many of
whom were U. S. citizens.

The commission said the firm
was examined to explain evidence
that seemed to prove that H. B.
McKibbin, an unregistered sales-
man, acted on the firm's behalf.
McKibbin's registration as an
investment counsel was cancelled
by the commission.

Mr. Picard was suspended by
the exchange under an exchange
by-law which states that if no ap-
peal is launched within 15 days,
or if the suspension is upheld on
appeal, the exchange may expel
the member and declare his seat
forfeit.

The Canadian stock exchange
in Montreal also took similar ac-
tion.

The old Roman Wall which ex-
tended three miles around the City
of London was built about 75 to 85
AD.

The schipperke, a small black
Belgian dog, is used on canal
barges there as a watchdog.

Successful Flower Show
Yesterday At Alberton

A wide variety of cut flow-
ers and potted plants artistically
arranged were featured at the
Flower Show in Alberton yester-
day. This second annual show
was held under auspices of Re-
galeite Rebekah Lodge. Some 30
classes, mostly well filled, made
the task of judging very difficult.
In many cases the judges felt that
entries were of almost equal merit.
There were large showings of
gladioli, dahlias, zinnias, mixed
bouquets, table centres, foliage
plants and begonias of several
varieties. Displays of roses and
gladioli from the Cotton Memorial
Nursery added to the show and
were much appreciated.

Honored guests at the show in-
cluded Mrs. Gordon McMillan of
Cornwall and Mrs. Clarence
Murchison of York Point, who
acted as judges, Mr. R. L. Cotton
and Mr. Robert Smazelle of Char-
lottetown. Regrets were received
from Lt.-Col. E. W. Johnstone.

In opening the show Mrs. Mc-
Millan, who was introduced by
Mrs. John C. Matthews, compli-
mented those taking part for the
very excellent display and made
special mention of the way in
which the flowers were arranged.

As guests entered the Rebekah
hall they were graciously wel-
comed by members of the lodge
and invited to sign the guest book.
Special mention should be made
of this book the cover of which
has been beautifully inscribed by
Mrs. Clayton Travers. Each page
is topped with a small flower in
water color, also the work of Mrs.
Travers.

Upon entering the hall one was
impressed by the number of flow-
ers and also by the fact that they
were arranged without crowd-
ing and in such a way that all
were seen to the best advantage.

At each end of the hall were
stands of three or four shelves
along the sides were single
shelves. Well placed mirrors re-
flected the beauty of the scene
and several cages of canaries,
loaned by Mrs. C. H. Weeks, lent
pleasure to the ear as well as to
the eye. At a nicely appointed tea
table Mrs. Elmer Wallace and Miss
Eva Dyer presided over the cups
in the afternoon. In the evening
Mrs. Arthur Wilkie and Mrs. Alvin
Bell did the honors. While
being served guests were seated
at small tables tastefully ar-
ranged and centred with the table
decorations entered in the show.

Much credit is due the commit-
tee who made plans for the show
and carried them through so ef-
fectively. It has been truly said
that "a thing of beauty is a joy
forever." Those who visited this
flower show will continue to en-
joy it for many days. The commit-
tee is appreciative of all the
support received from their sis-
ter members of the lodge and
from the public. In addition to
special prizes offered by the lodge
others were donated by the Rural
Beautification Society, the Cot-
ton Memorial Nursery, and A. C.
Green of Alberton. Ribbons in-

dicating awards of merit were
beautifully lettered by Mr. Gerald
Doran, signs for the hall were by
Mr. H. D. Corbett and prize lists
were typed by Miss Helen Hardy.

Address and
Presentation

On the afternoon of August 19th,
a farewell party was held at the
home of Mr. and Mrs. Arthur Mac-
Micken, Carleton, in honor of
Wayne and Debby Ann Hill, chil-
dren of Mr. and Mrs. George Hill,
before their departure for Shilo,
Manitoba, where Mr. Hill is sta-
tioned with the Army.

A very fitting address was read
by Ronnie MacMicken. Signet
rings were presented to Wayne and
Debby Anne by Ronnie Wiley and
Dianne Hill.

Wayne although taken by sur-
prise thanked all his little cousins
for Debby Ann and himself. A deli-
cious supper was served by the
hostess assisted by Mrs. John
Smallwood, Mrs. Marvyn Wiley,
and Mrs. William Heckbert.

Cousins attending the party were:
David Smallwood, Ronnie Wiley,
Brenda Wiley, Dianne Carter and
Barry Hill, Darryl, Billy, Ronnie,
Anne, Karen MacMicken.

ADDRESS:

Dear Wayne and Deborah Ann:—
On this occasion you may realize
for the first time what an import-
ant role a small boy or girl plays
in the lives of older people, as
well as your playmates.

How true it is "The boys and
girls of today will be the men and
women of tomorrow."

The Bible tells us Jesus loves
little children and how much great-
er His love than ours.

It is with a sense of regret we
realize you are going so far from
us, yet how glad we are to know
you will be together with daddy
this time.

We ask you to accept these small
gifts as a token of our love and es-
teem for you both.

May God Bless You and may you
be real sunbeams for Him.

Your Cousins,
E. A. MOORE,
D. R. Secty.

CHURCH PARADE
