HOME AND SCHOOL first meeting of year in Montague High School Tuesday evening, October 11, at 8 o'clock. Parents, ratepayers and all others interested invited to attend. Guest speaker Miss Mona Clay.

PERSONALS The many friends of Mrs. Daniel Brehaut Strachona, regret to learn that she is a patient in the King's County Hospital, Montague.

Friends and playmates will be sorry to learn that Kathleen Barbara Stewart, baby daughter of Mr. and Mrs. Harry Stewart, Montague, has entered the Moncton Hospital for an operation. All wish her a speedy recovery.

Mr. and Mrs. Ivan MacKay and Sandra of Hunter River spent Sunday at the home of Mr. and Mrs. Maynard Aitken, Lower Montague. Also visiting Mr. and Mrs. Aitken was Mrs. Bessie Sharpe of Tyne Valley.

Mr. Gordon Tait of Charlottetown was the Sunday guest of Mr. and Mrs. Roy Aitken, Lower Montague.

MONTAGUE CAMERA CLUB Resumes The Montague Camera Club held its first meeting of the winter season last week at the home of Mr. and Mrs. Bud Ings. Thirteen members were present. The meeting was opened by the president, Vic Pepler, and a general discussion followed regarding the coming season. It was decided to hold the meetings twice monthly on Thursday instead of Wednesday as last year. The first competition of pictures is to be the beginning of January 1956, with prize for first, the pictures being of any subject.

The voting of new officers for this season took place and Dr. Bud Ings was elected president, and Miss Vera Beck was elected secretary-treasurer.

The members then judged best snapshots taken during the summer season. There were approximately 50. Dr. Ings won first prize by the number of votes.

The hostess and lunch committee then served an enjoyable lunch. The next meeting will be at the home of Charlotte Gordon, and the lunch committee will be Dr. Ings and Vera Beck.

IN MEMORIAM MRS. ANNIE TUPLIN Friends and neighbors of Irish-town were shocked and saddened to learn of the sudden passing on August 7, 1955 of one of its oldest residents, Mrs. Annie Tuplin in her 83rd year. In her usual good health all day, she was suddenly stricken with a heart attack in the evening and passed away before medical aid could reach her.

Born in Spring Valley, she was the last surviving member of her family. A daughter of the late Mr. and Mrs. John Hunter. In 1884 she married John Tuplin and moved to Indian River where she resided until she moved to Irish-town to live with her daughter, Mrs. Kenneth MacLeod where she passed away. She was a life long member of the Presbyterian church and attended regularly until forced to remain at home due to her health. She was also a member of the Women's Missionary Society and Women's Institute. She was never heard to complain and always had a smile for all who came to see her. She will be greatly missed in the community but more so in the home where she was a kind and loving mother and grandmother.

She leaves to mourn her passing, two daughters (Hattie) Mrs. Kenneth MacLeod and (Lina) Mrs. James MacLeod, both of Irish-town, seven grandchildren, eleven great grandchildren. One son, Rhuhan, predeceased her in 1900 at the age of two years, also her husband, seven years later.

The funeral was largely attended by people who came to pay their last respects to a dear friend. The service was conducted by Mr. Douglas Fox, student minister, who spoke comforting words to the bereaved. The hymns sung were "The Lord's My Shepherd" "Safe in the Arms of Jesus" and "Asleep in Jesus". The pallbearers were neighbors of the deceased, Wilfred, Lorne, Preston, Thomas and David Campbell, and Heath MacLeod. Interment was in the Margate Cemetery.

The Misson Band members met in the local hall on Saturday afternoon, September 17, with twenty members present. The leader, Mrs. Weston Johnston, showed several children's films supplied by the National Film Board. AO

Powdered Wigs, Breeches Out For R.A.F. Draftees BIRMINGHAM, England (Reuters)—Members of Britain's jet-age air force have been told powdered wigs and satin knee breeches won't be required attire in the future.

The news was made public by Labor member of Parliament Denis Howell who complained last August of draftee airman being made to work as batmen.

Among other things, he complained that airmen working for officers had been: 1. Required to dress up in period costumes while acting as waiters at an officers' fancy dress ball. 2. Act as housemaids for officers' wives and nursemaids for their children.

Wednesday he revealed a reply from Air Under-Secretary George

U.S. To Fire High-Altitude Rockets At Manitoba Base

WASHINGTON, (CP)—The United States will fire 33 high-altitude rockets at Churchill, Manitoba, on Hudson bay during an 18-month period from July, 1957, through December, 1958, a leading researcher says.

Dr. Homer Newell, acting superintendent of the atmosphere and astral physics division of the U.S. naval research laboratory, told the American Rocket Society in a speech at its meeting here Sunday that during this period the Americans will launch more than twice as many rockets as they have fired in the last 10 years.

The plans for the period mentioned—which will be during the international geophysical year—call for a dozen Aerobee rockets from the White Sands proving ground in New Mexico besides the 33 at the Canadian military centre in the sub-Arctic. The U.S. already has fired more than 140 Aerobees, to altitudes as high as 120 miles.

USE NIKES TOO Newell said the U.S. also will fire a number of Nike-Deacon combination rockets at Fort Churchill. The 25-foot-long Nike is the U.S. army's standard anti-aircraft missile. Its power plant is attached to the Deacon rocket to give the latter added range.

Other plans call for four dozen or more Deacon-Skyhook balloon combinations to be loosed off Greenland and northern Canada in the Arctic, a like number from ships in the Pacific off San Diego and another four to six dozen from ships on a track south from the equator to the Antarctic.

REACH 60 MILES The "Skyhook" balloon carries the Deacon to a high of many miles, from which the rocket is launched. The combination is called "Rockoon", and more than 30 of them have been launched, to as high as 60 miles.

Other co-ordinated rocket launches planned include those of Britain, from England's west coast, and French Aerobee-type rockets from Algiers.

BEER-TANKER LAUNCHED AMSTERDAM, (Reuters)—A "beer-tanker" claimed to be the first of its kind in the world, was launched at Muiden near here during the weekend. The tanker, which can carry 25,000 gallons of beer, will be used on the internal Dutch waterways.

FARMERS SLEEP TOO LATE BIRMINGHAM, England (Reuters)—Because British dryfarmers refuse to get up as early in the morning as they used to, the quality of milk is deteriorating, city analyst H.H. Bagnall said Thursday. Morning milkings should take place between 4:30 and 5 a.m. for the milk to contain the right amount of butterfat, he said.

"Old at 40, 50, 60?" — Man, You're Crazy Forget your age! Thousands are peppy at 70. Try "pepping up" with Oxtex. Contains tonic for weak, rundown feeling due solely to body's lack of iron which many men and women call "old." Try Oxtex Tonic Tablets for pep, younger feeling, this very day. New "ret acquainted" size only 60c. For sale at all drug stores everywhere.

WARNING! PLOW IMBEDDED IN A TREE IN EXTRA LOWA

POWER INTERRUPTION There will be an interruption of electric power on our Souris Line, east of Union Road, on Wednesday afternoon, October 12th, weather permitting, between the hours of 1:30 and 4:30 p.m., for the purpose of replacing broken insulators.

These insulators have been willfully damaged and we would like to solicit the co-operation of the residents of this area in order to prevent a recurrence of this damage and the necessary interruption for replacement which must follow.

Maritime Electric Co. Ltd.

SHOW TIME 8 p.m. Sharp

THE MEANING OF JUMP-RAISES WHILE it is true, of course, that players must simply remember the conventional meanings of certain artificial bids (such as the Blackwood four-trump bid and its various responses), there will be far less burden on sheer memory if the reasons for and logic behind most calls are clearly digested.

Take the matter of a triple raise—as from one spade to four spades. Usually, the best use for this raise is as a shutout against the opponents; but when the player has passed originally, that a same triple raise is no longer preemptive; instead, it becomes a very strong call based on some high cards outside of the trump suit. The reason is simple: it has been found that these two methods—preemptive in the one case; good solid values and possible slam material after the original pass—work out best in practice.

All of which leads to a hand: South dealer. East-West vulnerable. ♠ K J 10 6 ♡ A Q J 7 10 6 5 4 ♣ 9 8 7 6 5 4 3 2 ♦ 10 9 8 7 6 5 4 3 2

The members will meet with Mrs. Annie MacEachern for their November meeting. Mrs. Donald MacEachern leader. Meeting closed by repeating the Mizpah Benediction after which a delicious lunch was served by the hostess and a social hour spent.
