Throat And Lung Troubles.

Boston is often abused without cause, as being the natural home of more cases of throat and lung troubles than any other part of the universe. One proof that this is not true of Boston any more than many other portions of this country, is the fact that during the past winter when the epidemic la grippe swept over the whole country, Boston fared no worse than many other towns and the death rate from the after effects of la grippe was no greater in that city than elsewhere.

That disease was an epidemic of bronchitis, influenza or catarrhal cold, and, as everyone knows, tended to seriously affect every weak part of the patient's system and augment any natural weakness or disease. Reports from all parts of our country show that the number of persons who have been left with a sort of chronic catarrah, laryngitis, catarrhal sore throat, and bronchial affections likely to cause serious throat and lung troubles if not checked, is in proportion to the population about the same the country over. All of these troubles are a more or less serious inflammation of the mucous lining of the nose, throat and bronchial tubes, liable to cause death in one place as well as in another, from croup, ulcerated sore throat, pneumonia, bronchitis and consumption; and which ought not to be neglected and treated by means which will allay the inflammation causing the trouble in each case. One of the most effectual remedies for any inflammation is is an anodyne treatment. The universal verdict is that Johnson's Anodyne Liniment has the past winter, as in the last half century, relieved and cured more such troubles than any one single medicine. It has been generally used by young and old, rich and poor, physicians and laymen. The wrapper around each bottle contains a vast amount of information about its use, or I. S. Johnson & Co., Boston, Mass., will send a forty-eight page pamphlet free to any address sent them on a postal card.

CAUTION.

HAVING heard that parties are hawking Spectacles through the country and charging enormous prices for ordinary Glasses, we beg to say that we guarantee to sell our Spectacles at from 25 to 100 per cent. cheaper than these peddlers. We sell a better Spectacle for $1 50 than those for which $2 50 has been paid in the country to peddlers. Farmers and others! don't be cheated by any false representation of sharpers, no matter what they call themselves. We buy direct from manufacturers, and take special care to give correct lense required for each eye, so that in getting a pair of Spectacles from us you do not get a glass too strong for a good eye just because a weaker eye requires one, which you might do if you purchased in the ordinary way. Of course, there are some parties whom Spectacles will never benefit, but they are very few indeed; and we have successfully fitted many persons with the correct thing who had never been able to see properly before, and after they had tried and failed to get suited from so-called Oculist Opticians.

NOTE.—We employ no traveling agents, but our Glasses may be ordered, if preferred, through any of our resident agents in the country, who will be happy to give any information required. Pamphlets giving information sent free on application to
