

VICE PRESIDENT

CANDIDATES

Hi! My name is Sue Parlee. I am a third year Psychology major, running for the position of Vice-President of the U.P.E.I. Student Union. I have been extensively involved in all kinds of activities at UPEI during my three years here and would very much like to continue that involvement next year as Vice-President of the Union.

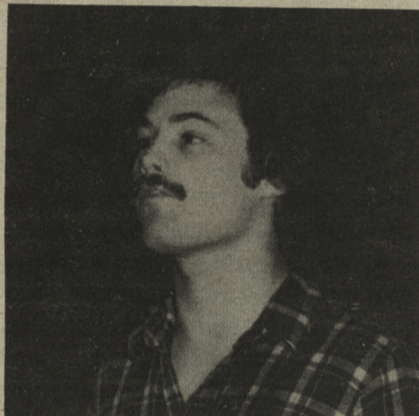

One of the major responsibilities of the Vice-President's job is to coordinate the activities of the Union's sub-organizations and committees. This past year, I have been very fortunate to have been involved in a

number of committees. I was Social Committee Chairperson and chairperson positions, I believe, have left me extremely knowledgeable in the running of the major sub-organizations and committees of the S.U.

Besides my involvement with the Social Committee, I have also been Vice-President of Bernadine Hall (78-79), Campus Police member (78-80) and Sun columnist. As Vice-President, part of my duties will involve the overseeing of the SUN and I believe my past experience with the newspaper will be a great asset to me. Personally, I would like to see a close working relationship between the Sun's editor and the Vice-President's office. This closeness will ensure that the students of UPEI continue to have a newspaper which will represent their views to the fullest.

In conclusion, I would like to say that if I am elected, I will work hard to represent the students of this University, as I believe they have every right to expect. A vote for

me is, in reality, a vote for yourself, so by all means, exercise your right on March 17th. Last, but certainly not least, I would like to wish all the candidates the best of luck on election day!!

I'm Tom Clow and I am running for the position of Vice-President. I have worked in the Student Union for the four years I have been at U.P.E.I. I worked three years as a bartender, one year as a Campus Police, two years experience on the Sun and CIMN. I have also helped out in Fall Fest and Winter Carnivals, either organizing or participating.

All these actions give me a good background for the position of Vice-President, a position which I believe I am the best suited for.

I am hoping that if elected, I would like to try and make much better use of The Barn for social purposes and as well, I would like to see some of our major events switched from the Barn to the gym.

As Vice-President, I will be in charge of the Personnel

Board and I believe this is an area where improvement can be made. As Vice-President, I will head up the Personnel Board, therefore, play a major part in who is hired and who is not. My background gives me a big advantage in knowing who would be right for what job.

As a member of Council I would be supporting any motion which would be intent on bringing the Vet College to UPEI. I believe the more faculties we have, the more people we will have attending our University, and that can only help to strengthen our Student Union, as well as help our image as a major educational institution.

One of the main jobs of Vice-President is the area of Fall Fest and Winter Carnival. Both of these have declined steadily for the last two years. I plan on changing this trend. Winter Carnival should be held in February, where tradition normally has placed it. This year it was held in January, two weeks after we arrived back from Christmas, and the mood was not there. We were told it was done for the purpose of the Yearbook, but if we can make one supplement later in the year, why not make it two and have Winter Carnival at its right time.

Another area I would like to look into is the possibility of setting up a games room. At Memorial University in Newfoundland, the Student Union makes roughly
