**BECAUSE THEY SMOKED.**—It is said that 10,000 of the young men who have applied for admission into the United States army, have been refused because they were cigarette smokers. If the war continues long, and any general draft of men to supply the army is required, the young fellows will only have to commence cigarette smoking to get clear. This decision of the army examining doctors will be a great boom for cigarette manufacturers.

### Mystification.

His weakness was prevarication. His wife detested lying and constantly urged him to mend his ways. One morning she said: "Will, see if you can't be perfectly truthful today. Don't tell a lie. Now, promise!" He promised and went away to work. When he came home to dinner, she said:

"Dear, did you keep your promise?" "I did," he replied soberly. Then he caught her in his arms. "Darling," he cried, "I will not lie to you. When I said I had kept my promise to you, I did not tell the truth; but, believe me, that was the only lie I told all day."

For 22 seconds she was lost in perplexity. Then she gave it up; the problem was too deep for her.—New York World.

### Knew It All.

"By the way, Tom," said Mr. Manning to his son, fresh from academic groves, "I have been thinking the matter over, and I have come to the conclusion that I had better go to school somewhere and that you had better take the business and run it. It cannot help improving under the eye of one so gifted as yourself."—Boston Transcript.

### Small Tommy's Wish.

Small Tommy was very fond of candy and asked, "Mamma, can God make anything he wants to?"

"Of course he can," was the reply. "Well," exclaimed the little fellow, "I'd just like to see him make a stick of candy with only one end to it."—Memphis Scimitar.

### Housekeeping.

If a woman is in good health there is no more beautiful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Except in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.
