

Continuing efforts of the UPEI Presidential Search Committee

BY SARAH MURPHY

Last fall, a joint committee consisting of UPEI Board of Governors (BoG) and Senate representatives was elected to undertake a search for a new president UPEI.

Two open forums were held on Nov. 19 and Nov. 23. The members of the committee welcomed the UPEI and

Island community to put forward selection criteria for the ongoing search for a new president.

The Deadline for application and nominations of candidates was Jan. 22.

"The committee is now in the process of reviewing the application and shortening the list," said Debbie McLellan, Chair of the Department of Family and Nu-

tritional Science, and co-chair of the Presidential Search Committee.

"At this point in the process, the list is confidential," added McLellan. "We hope to have a short list of candidates ready to bring on campus in early March."

The chosen candidates will give a public presentation and will be meeting with various members of the uni-

versity community in addition to having an in-depth interview with the committee.

Although little has been said about much of the process, the committee is confident that it is proceeding smoothly.

"We are on schedule and things are going well," says McLellan.

Final candidates should be ranked in April and May

according to the selection criteria established by the members of the search committee.

The new president will be appointed in July. In the interim, Dr. Lawrence Heider is continuing the term as Acting President.
