## WELCOME BACK !!

We're in full swing here at U.P.E.I. and we're all extremely happy to be back (yeah right). The fall is shaping up really well entertainment wise. The Main Event on September fifth was a huge success. Thanks to everyone who attended, and to those who didn't get in you'll have to come earlier next time. On the fourteenth we presented the play "From Fogarty's Cove" at Duffy amphitheatre. This too was a big success with a sell-out crowd. By the time you have read this Geechy Guy will have already blown away the crowd in the Panther Lounge on Wednesday evening. October promises to be a busy month for the entertainment lovers. On October third Brett Ryan will be performing at the Student Union Main Event. Brett currently has two top hits on the charts, "The Answer's Electric" and "Like A Jester". Don't miss this one. Also in October look out the rugby pub on the tenth. On Friday the eighteenth Bob Lambert and his hilarious comedy will be gracing the Panther Lounge. The Hallowe'en pub is all set to go. "See Spot Run", a hot dance band from Halifax will be providing the entertainment. That's all I have to say for now but keep your eyes posted to the X-Press for more news. Also, the Friday movie pubs are in full swing at the Panther Lounge. See you there!

## Yet Another Year.

For all you new and returning students residing in Marian, Bernadine and Blanchard Halls; Welcome to the Residence of UPEI! If you lived here last year, you might have noticed something different this year, well each and every residence is at or near its full capacity. So much for having your own room this year! Due to the Canada Winter Games coming to P.E.I. last winter, many people chose not to live in any of the three residences because of the big inconvenience of packing up and moving everything out for the whole month of February. But now that everything is back to normal, the residences of U.P.E.I. are flourishing once again. We have students from China, England to great ole Newfoundland coming to live and study with us.

Engineers, Artsies and even those great Business students, getting extra help could be just a doorway down the hall this year. But, be aware! It seems that all those students who worked long and hard this year decided to invest some of their loonies in very lous high tech stereos. It seems that every room or apartment has one. And when the weekend rolls around (usually on Thursday) you'll hear them howling, it's Party Time! This is when everybody blows off a little steam. If you haven't met many people yet, chances are you don't get out much. Well, this is the time for you to get out and meet people. But if your'e not one of those weekend warriors you might be interested in some of the events that are put on by the Residence Life Committee. This also gives you a chance to meet people from other residences. So I hope to meet and see many of you Freshmen Students, see ya around!
