KEEP THESE IN MIND! Some of the early signs of cancer are:

A lump in the breast. Unnatural bleeding from a body opening.

A sore that does not heal, particularly of the skin, face, mouth or lips.

Any persistent change in bowel habits - such as diarrhoea or constipation.

Many Canadians are enjoying life today because they found that early cancer can be cured.

Keep these danger signals in mind and see your doctor if one appears.

ASSISTANT FLOW DESPATCHERS - Three assistant snow plow despatchers have been appointed by the Provincial Department of Highways. They are Joseph Hennessey, Souris area; LeRoy White, Montague area; and John Yeo, West Prince area.

MANY VISITORS - The busy Christmas shopping season is bringing a great many farmers into the city and they are taking advantage of the opportunity of visiting the Experimental Farm in numbers which officials there describe as surprisingly large. Normally they say there are few visitors at this time of the year, but for the past week there has been a steady stream of callers to look over the work.

SEASONAL DECORATIONS

Prince Edward Island's place in the Dominion of Canada is carried out in the "Barva sub Ingenti" motif of the customary Christmas trees placed each year in front of the Provincial Building. One large 25-foot tree is flanked by three small ones to illustrate the Province's place as the little under the great. The Confederation Chamber has also taken on a festive appearance in keeping with the Yuletide season. Centering the table around which were held the debates leading to the birth of Canada is an English holly tree whose ripe red berries, with which it is loaded, show up in splendid fashion among the brilliant green leaves. The tree came from the Forest Nursery at Southport.

Personals

Johnny Squarebriggs, son of Mr. and Mrs. John Squarebriggs, and Ian Kennedy, son of Mr. and Mrs. Ray Kennedy, have arrived home from Horton Academy, Wolfville, N. S. to spend the holidays with their parents.

To Instruct Blind In Knitting Heads For Lobster Traps

A new field of gainful occupation for the blind in this Province will be opened early in the new year, according to Mr. Clive White, field secretary, C.N.I.B., who returned last night from a three day conference in Halifax.

The project calls for teaching someone in the home how to knit lobster trap heads, who in turn will teach the blind. It has been demonstrated that one hundred heads per day can be knitted by a blind person after proper instruction. These knitted heads are expected to find a ready market among the fishermen of the province, as has been the case in Nova Scotia and New Brunswick, at a price that will be encouraging to the producer and economical to the fishermen.

Arrangements were also made for a release of a film on glaucoma, "Hold Back the Night". The production describes the symptoms and action of this development in blindness which usually becomes apparent in persons over 40 years of age and is responsible for 15 per cent of all blindness. The film will be shown at home and school.

Col. F. Andrew Named Director Of Ayrshire Breeders' Association

Two directors of the Canadian Ayrshire Breeders' Association for the Maritimes have recently been elected by a mail vote of the Maritime members. Col. F. I. Andrew of Charlottetown, was unanimously elected to represent P. E. I. for the next two years. The other Maritime director is Mr. Howard Truecman of Aulac, New Brunswick, who was re-elected for a second two-year term of office.

The recent achievements of Col. Andrew's fine herd in both production and show, as outlined by the Secretary of the P. E. I. Ayrshire Breeders' Association, will qualify him to represent the Ayrshire Breeders in this area. Of the mature cows completing records within a one month period listed in the October issue of the Canadian Ayrshire Review, Col. Andrew owned three of the top four producers. The average production of these three cows was 15,177 lbs. of milk, 689 lbs. of butterfat for an average test of 4.54%.

At the 1951 Maritime Winter Fair Col. Andrew exhibited two head and won two first prizes including first place Junior Get of Sire on a "get" from his senior herd Glenagray Bit of Fashion. Progeny of this sire was prominent in the show herds of several other exhibitors and won heavily. Notable among these winnings was S. and Grand Champion male by a son of Reserve Senior and Reserve Grand Champion female won by a grand-daughter.
