THE DAILY EXAMINER.

JUNE 8, 1894.

NOTES AND COMMENTS.

—Nova Scotia three-and-a-half per cent. debentures are selling at par in the London market.

—The Farmer has been informed that the boring of the holes in the Northumberland Straits has been again begun on the Cape Tormentine side. Mr. Alex. Strang, of Cape Traverse, it appears sold some of the old plant, but the new contractor has had other plant constructed, having improved on the old apparatus, and is to complete the borings for what is left of the grant.

—Sir Charles Tupper, being dissatisfied with the results of the inquiry instituted by the Right Honorable Herbert Gardner, president of the Board of Agriculture, in regard to the condition of the lungs of slaughtered Canadian cattle, has decided to employ experts to examine those cattle and in other ways sift the matter so as to present to the Government an absolute statement as to the freedom of Canadian cattle from disease.

—The Farmer reports, in respect to the schools of Summerside, that "the total salaries of the teachers will remain the same as last year, the board having voted the extra amount which will be cut off from that paid by Government in future, owing to the amendments to the school law. All the teachers have been re-engaged, with the exception of Miss Baker, who has resigned her position in the western school." The trustees of Summerside have acted more promptly in this matter than the trustees of Charlottetown.

—The great extent of the British coal trade may be apprehended if we say that the export of black diamonds exceeds a hundred thousand tons per day. By the Board of Trade returns we learn that the coal shipments last month were again very heavy, exceeding 3,000,000 tons. The record of the four months is nearly 10,500,000 tons, nearly 2,000,000 more than in 1892, and 1,500,000 more than in 1893. The record of values of coal for the four months are: 1892, £4,991,000; 1893, £4,266,000; 1894, £5,819,000. For the first four months of the current year aggregate shipments of coal from Scotland have reached 2,461,788 tons as against 2,116,342 tons for the same portion of 1893, an increase of more than 345,000 tons.

—We have to announce to-day the death of Captain Arthur Irving, who passed away at six o'clock this morning. Captain Irving was widely known as, for many years, one of the principal contractors for the winter service between Capes Traverse and Tormentine. We need not say that, by whomsoever known, he was respected as an exceedingly skilful man in regard to his important and difficult occupation. To his skill he added a ready courtesy which gained him personal friends in all parts of Canada. He has lived in retirement for several years; but he has not been forgotten; and his memory will be cherished in years to come as one who, in his generation, performed, successfully and satisfactorily, a hazardous service for the public.

—Sunshine and shower and genial air have in the past week alternated and combined to the great good of the crops. An unusually heavy coop of hay is now all but assured, and the grain and root crops are growing famously in all but the flat and heavy lands which hold the water. With good prospects for the future, there are also, for those farmers who still have grain and potatoes to sell, good prices in the present. Within the past week the price of potatoes has jumped in Charlottetown from 22 to 24 cents per bushel to 43 to 45 cents, while oats are firm at 39 to 40 cents. Eggs are, however, still too low to be sold except at a loss, the price being only 6 cents per dozen. Wool, also, is flat in this city at 17 cents (cash) and 20 cents (trade) per pound. At Summerside 22 to 23½ cents (trade) have been given for wool within the past week. As to pork—there is none moving here, our buyers' season being over. Chicago pork sells at $11.85 to $12.02; in St. John the price ranges from $14 to $16.50, according to quality; and at Montreal the price paid is from $17 to $18.50.

PERSONAL.

Chief Engineer Large arrived home from Montreal last evening.

At the Queen Hotel this forenoon there were registered: Miss L. A. Munro, Georgetown; Mrs. Macdonald, Glenaladale; J. M. Egan, Mount Stewart; Rev. W. E. Archibald, Topeka, Kan.; Rev. M. Campbell, Strathalbyn. Last evening's arrivals included: L. Ross, Miss Ross, Kinross; J. Macdonald, Orwell; J. J. Olive, W. L. Waring, St. John; E. B. Jackson, Boston; F. Janet Schurman, Mrs. John Dickieson, Carthage.

There were registered at the Hotel Davies this forenoon: John Sterling, Montreal; J. L. Crowell, Halifax. Last evening's arrivals were: F. Wilson, Yarmouth; Fred. H. Caldwell, Boston; Jas. Gilmour, Montreal; J. A. Lovitt, Yarmouth; Byron H. Barns, Windsor; J. E. Keays, London, Ont.; J. W. Stetson, Woodstock; J. P. Buchanan, Montreal; W. N. Forbes, Halifax; Lowrey P. McLennan, Boston; W. H. Tetlow, Manchester, Eng.; Capt. Marvin, Halifax; Wm. Richards, Bideford; J. B. Hegan, St. John; George F. Pyke, Halifax; A. Anderson and J. D. Campbell, Boston.

THE EVOLUTION

Of medical agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all leading druggists.

READ Roory O'Moore's reply to Kathleen Bawn—on first page.

PRINCE OF WALES COLLEGE.—The commencement exercises of Prince of Wales College and Normal School will take place at the Masonic Opera House, this (Friday) evening at 8 o'clock. An admission fee of ten cents will be charged to defray expenses.

A PLEASANT ENTERTAINMENT.—On account of the wet night the entertainment in St. James' Hall was not as well patronized as otherwise it would have been. A short programme of instrumental and vocal music and readings was well carried out, after which refreshments were passed around. Those who were present spent a very pleasant evening.

SHOOTING.—The second match of the league competition will be shot to-morrow afternoon. The Charlottetown Engineers second series for the silver spoon will also take place.

USE SKODA'S DISCOVERY the great Blood and Nerve Remedy.

PRINCE OF WALES COLLEGE

Commencement Exercises This Evening at the Masonic Opera House.

Programme of Exercises---Honor List of the Year---Names of Those Who Won Prizes.

HOOD'S Sarsaparilla wins its way into the confidence of the people by the good it is doing. Fair trials guarantee permanent CURES.

We are in business to do "business," and not cry over "hard times." Hard times never bother us. Our store is crowded. Why? Because of our low prices. See Jas Paton & Co's.

Real merit is characteristic of Hood's Sarsaparilla, and is manifested every day in the remarkable cures the medicine accomplishes.

Physicians endorse them, and Physicians make them.

I am pleased to recommend

Skoda's Discovery

and Skoda's other remedies, as I know them to be articles of true merit, and the physicians who compound them, to be men of integrity and ability. Skoda's Discovery is unlike any other proprietary medicine—it cures disease by removing the poison, and at the same time SUPPLIES GOOD BLOOD to wasted parts. No other remedy has performed so many wonderful cures or relieved so much suffering.

Skoda's Little Tablets cure constipation, sick headache and dyspepsia. 35 cts.

SPECIAL DESPATCHES TO THE EXAMINER

PARLIAMENT OF CANADA.

House of Commons Proceedings

Northwest Land Policy and Fast Atlantic Service Question.

OTTAWA, June 8.

In the House of Commons, yesterday, on motion to go into committee of Ways and Means, the adjourned debate on Mr. Charlton's motion respecting the Northwest lands was resumed. Hon. Mr. Daly spoke up to recess, making a powerful defence of the Government's land policy and a very crushing exposure of the inconsistency between grit professions now and their practice when in power. He also contrasted the land policies of the two parties and the results achieved, and pointed out the superiority of the land policy of Canada over the land policy of the United States to which Mr. Charlton was continually referring. Hon. Mr. Daly was followed by Messrs. Martin, Davin, and Mills, of Bothwell. The House divided at one o'clock, when Mr. Charlton's amendment was defeated, the vote being 47 yeas, 100 nays.

Mr. Gillies gives notice of the following enquiry of the Ministery in the negotiation with Mr. Huddart and others touching any possible port in Canada to be selected as a terminus for Atlantic Service, were the Government influenced by the fact that a special committee of the House of Commons in the session of 1874, appointed for the purpose of enquiry into the best and most direct route for the conveyance of passengers and mails between the Dominion of Canada and Europe, and of finding on the shores of the Dominion a harbor accessible both in winter and summer to the terminus of such shortest route reported to the House of Commons that the harbor of Louisburg, Cape Breton, was always accessible, commodious and safe, and nearer Europe by several hours than any other port in Canada.

Hon. Mr. Tupper gives notice of a resolution giving the Government power to collect inspection fees from steam boats. This has been found necessary in order to settle doubts that have arisen about the validity of the present inspection fees.

Off to Ottawa.

ST. JOHN, June 8.

President Hatheway, of the Board of Trade; William Shaw, Mayor Robertson and Alderman Lockhart left for Ottawa last night as delegates against the Fast Atlantic subsidy scheme.

Game in Nova Scotia.

HALIFAX, June 8.

The Nova Scotia Game Society are considering the advisability of having a law enacted to make it illegal to expose game for sale in this province. The sale would be prohibited at all seasons.

TO SPORTSMEN.

Trout caught by Benjamin Bremner at Midgell, with one of the celebrated flies purchased at Apothecaries Hall—weight 4 lbs. 9 oz.,—is on exhibition at Beer & Goff's. Select your flies, &c. at the Apothecaries Hall.

WELL WORTH SEEING.

The show windows of Beer Bros. dry goods store are attracting great attention and many highly complimentary remarks are made concerning the tasteful and artistic arrangement of the goods shown therein. In the north window is a large and varied display of Japanese art draperies, screens and French art silks. The goods are arranged in the form of a pagoda and present a strikingly rich appearance. The southern window is devoted to an exhibit of ladies' evening dresses. The delicate colorings and tasteful blending of trimmings is thoroughly admirable.
