OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY Premier A. W. Matheson, who represents the Fourth District of King's, in which Murray River is located, was early on the scene of yesterday's fire and was deeply moved at the devastation caused by the fire and the loss sustained by his constituents. "I am very sorry indeed," he said, "to see such havoc wrought in this thriving village, but am confident that this set-back will be accepted and overcome by the residents as they go forward in expanding and improving as they have in the past."

Miss Enid Morson, secretary of Trinity United Church, has been honored by the Woman's Missionary Society of the United Church of Canada by being asked to attend the session of the Dominion Board of the W.M.S. which meets at Emmanuel College, Toronto, May 25 to June 1.

Fire which for a time raged out of control and threatened the Village of Murray River yesterday morning caused damage estimated at \$75,000. It took the combined efforts of the Murray River Fire Department, the Montague Fire Department and a Charlottetown crew with pumper to bring the conflagration under control.

The outbreak occurred about 10 o'clock. There was no loss of life. Buildings destroyed together with estimated losses included: Ships-Inn Hotel, \$20,000. Cook and Sons Store, \$15,000. THURSDAY - In a meeting that adjourned at 12:15 this morning, some 225 farmers and dealers gave lively voice to their opinions on the Potato Marketing Board in the seventh and final of a series of meetings held throughout the Province in connection with the marketing of potatoes. This meeting in Summerside High School was presided over by Mr. Roland MacDonald, president of the P. E. I. Federation of Agriculture who was introduced by Mr. John Wallace, president of the Prince County Association.

That "John Mahler came to his death sometime between midnight May 7 and May 13 at Charlottetown. We find death was due to drowning, and that it was accidental" was the verdict arrived at by a jury empaneled by Coroner Dr. L. E. Prowse following the recovery of the body of the deceased on May 13.

Dr. J. H. Shaw submitted his findings as a result of an autopsy indicating the body was submerged in water for some days rather than hours. There was no evidence of external injuries previous to death. An interior examination disclosed no evidence of disease.
