6 Reasons For Purchasing a Heintzman Piano.

1.—Mr. Heintzman and sons, all being practical piano makers, personally supervise the whole manufacturing.

2.—All the Scales are drawn and Patterns made by themselves personally.

3.—The Heintzman & Co. Pianos have always been awarded First Premiums wherever exhibited.

4.—A majority of manufacturers and so-called "Associations" claim to make pianos exactly like Heintzman's, "to have Heintzman's pianos" or best workman, etc., etc., showing conclusively that the Heintzman & Co.'s Instruments are universally conceded to possess the highest degree of excellence.

5.—Heintzman & Co., with their immense working capital, have at all times been able to command the choice of workmen, the employment of the most useful and costly machinery, the selection of lumber and its vast and essentially necessary accumulation for the thoroughly repairing purposes. They use only first-class material upon their keys, and none but the very best veneers, and only the very choicest and absolutely faultless materials.

6.—The fact that the greatest caution should be exercised in the purchase of a piano, and that the established reputation of its maker should be as much relied upon as the apparent quality of the instrument and far more than its cost. A good and perfect piano is welcomed in a home in every household and will remain a source of pleasure while a poor instrument made of unseasoned material, will, by continuing to get out of tune and order, soon become a tolerable nuisance, which, if purchased on an irresponsible maker, can be abated only by a heavy sacrifice. Heintzman & Co. warrant their piano for five years, and their guarantee is just what it says.

The following address, together with a valuable gift a beautiful mantel clock was presented to Mr. Kielly, late Principal of Alberton School on the eve of his departure by his pupils to which Mr. Kielly made a suitable reply.

DEAR MR. KIELLY,

It is with the deepest regret that we learn of your intended departure from our school, where you have labored so honestly and faithfully for the past five years to advance us in the path of knowledge. Your genial manner and thoughtful consideration for your pupils have endeared you to the hearts of us all, while we know that not only the school, but the whole community at large will greatly miss you, we regret most deeply the manner in which your departure has been brought about, and as a token of affection and respect, and also of regret at your leaving us, we wish to present you with this small gift and hope that wherever you may go, fortune will crown you every effort with success, and may you look back with pleasure upon the years of labor you have spent amongst us.
