CBC President J. Alphonse Oumet had no comment for reporters Wednesday when he emerged briefly from a

meeting of CBC directors in Halifax. Producers in Toronto had delivered an ultimatum to the president — re-open nego-

St. Dunstan's University Institutes Bursar Program

A new scholarship and bursar program involving a total amount of \$31,000 will be instituted by St. Dunstan's University for the 1966-67 school year, it was announced last night by SDU president, Rt. Rev. G.A. Macdonald.

tion scholarships, offered under the same conditions, will also be available to students from outside the province. Students attending SDU at present will also be eligible for similar full-tuition scholarships to cover their remaining years of study at SDU.

To be eligible for the P.E.I. scholarships, incoming students must be completing or have completed Grade 12 in a P.E.I. high school, and must write a series of placement tests at St. Dunstan's. Applicants must also forward their complete high school record to date to the registrar at SDU, together with their applications.

Of this amount, \$14,000 has been designated for scholarships and the remaining \$17,000 for burses.

The bursar money will be limited to Prince Edward Island students, it was stated, with those now attending SDU and incoming students eligible to apply. What was termed "a fairly large sum" has been allocated to assist new students. Bursar amounts will range from \$100 to \$300.

Application forms for both scholarships and burses are available from high school principals or the SDU registrar. The date of the placement tests will be Saturday, April 30 beginning at 9 a.m. in the SDU Alumni Auditorium.

A number of full-tuition scholarships valued at \$1,600 each will be offered to incoming first year students from Prince Edward Island next year, with the amount of \$400 credited toward tuition each year.

We hope that these scholarships will prove to be an incentive to those presently attending St. Dunstan's and to Island high school students who may be contemplating university work.

It is intended that the scholarship winners will be decided in time to be announced at the closing of Island high schools, but students are cautioned that this does not relieve them of the necessity of writing the Maritime Board examinations.

The first time St. Dunstan's has offered full-tuition scholarships, president Macdonald said, "and we feel that this financial assistance will be of great benefit to students."
