# To Observe 100th Birthday Saturday

Five generations will take part in a quiet but noteworthy celebration on July 4, when Mr. Edward Shepherd, who lives with his wife and their daughter Mary on Peake St. will have reached the age of 100 years.

Born on the seven mile road near Cardigan just a century ago, Mr. Shepherd was engaged in farming in that area until 50 years ago when he came to Charlotttown where he was employed in construction work on the Hillsboro bridge Later he resumed farming with Messrs. Aubrey Mutch and Hammond Kelly at Southport, whom he recalls as "gentlemen of the old school".

When street paving was started in Charlottetown Mr. Shepherd was appointed head raker, a position which required a knowledge of grading and finish which he possessed, enabling him to supervise many of the best preserved paving jobs. Nine years ago he retired from the City staff and has since been living quietly at home, moving out very infrequently because of failing eye-sight.

Married twice, Mr. Shepherd has five sons; Dan and John W. in Boston, James in Calgary and Ben and George in Charlottetown. Mrs. Selina Larter in the city and Mrs. Mary Bell, Halifax, are daughters, all of the first marriage, and Mary, living at home of the second There are also 30 grand-children, 33 great-grand-children and one great-great-grand-child, Sandra, daughter of Mr. and Mrs. Sydney L. Newspaper clippings from such places as Boston, New York, Baltimore, Chicago and other leading American cities bear testimony to the magnificent record of this great entertainment troupe featuring Mr. Franklin Wade the great Irish tenor and formerly of the world's famous Dublin Trio. The McNulty Family are better known as "The Royal Family of Irish Entertainers" composed of Ma, Eileen, and Peter McNulty, who have years of professional experience behind them on radio, stage, screen and television. The Premier was commenting on the opening remarks of Mr. A. M. MacKay President of the Company who drew attention to the clause of the Confederation pact regarding "Communication". Originally there was only one single core telegraph cable connecting the Island with the Mainland, while the installation put in operation on Tuesday has thirty-five talking circuits to the Mainland, with dial operation direct to most Nova Scotia points and the possibility of a similar arrangement to New Brunswick and the Eastern United States is being vigorously explored.

Mayor J. D. Stewart dialed the first number which was answered by Deputy Mayor MacMjllan at Halifax in the unavoidable absence of Mayor Donahue due to illness. They exchanged good wishes as from one Capital city to another and commented on the perfection of the new utility.

Mr. E. R. Reid, President of the Charlottetown Board of Trade spoke briefly regarding the great strides made in communication since the invention of the Telegraph and congratulating all concerned on the modern set-up which
