

### Report Near Hurricane Winds At Edmonton

EDMONTON (CP) — Near-hurricane winds struck the Edmonton area with warning Monday, causing numerous fires to break out.

Fire was reported burning out of control in the Greek Orthodox church which was built about two years ago. The fire department also was fighting several smaller outbreaks.

Clouds of dust cut visibility to one block in some sections of the city.

The Edmonton weather office reported winds up to 65 miles an hour before a power failure cut off the electric-operated device which recorded the velocity.

The RCAF station at Namao, 10 miles north of Edmonton, reported winds up to 74 miles an hour.

### Says Dominion of Canada Or Canada the Same

OTTAWA (CP) — "Dominion of Canada" or just plain "Canada" is all the same, Prime Minister St. Laurent said Monday.

He said the expression "Dominion of Canada," used for more than 80 years, is certainly not improper. But the name given the constitution to this country is simply "Canada," he added.

Mr. St. Laurent said the province of Quebec is a Confederation into an entity called a dominion and the name given to that entity was Canada.

Some had felt the word dominion implied a principle that Canada was a dominion over another country but that idea had fallen into disuse.

Mr. St. Laurent was replying in the Commons to questions by John Diefenbaker (PC—Prince Albert) who noted that resolution dealing with CNR financing included the words "Dominion of Canada."

Mr. Diefenbaker said there has been a tendency in government legislation to let the word dominion fall into disuse. The word had been eliminated from some statutes but retained in others.

Mr. St. Laurent said both expressions, "Dominion of Canada" or just "Canada," are appropriate descriptions of this country. They meant the same thing.

night. Lt.-Col. Frank Storey, who acted as chairman thanked the citizens for their co-operation thus far and reminded them that continued co-operation would be needed to make Centennial year the success that it is hoped it will be. Col. Storey paid warm tribute to His Honour the Lieutenant Governor and to the Premier who he said gave willingly of their time and office to make each of the events successful. He had special praise for Mayor Stewart who along with running his business and the affairs of the City has seen fit to be present at every occasion of celebration. "It is indeed a heavy load that we have thrust upon him," said Colonel Storey.

### BAND IN ATTENDANCE

Adding much to the glamour of last evening's celebration was the appearance of the Recce Band which played appropriate numbers, including "Happy Birthday" when the switch was thrown by Mr. Golden. Lighting the cake. Town Crier Ivan Doherty was most impressive in his role. He wore an ornate costume as he read the proclamation declaring the Centennial Celebrations begun and the intention of the Mayor to present the distinguished visitor, Mr. Golden, with the key to the City. City Crier James A. Fulton gave the key to His Worship who in turn hung it over the head of the official of Rotary.

Lieutenant Governor Prowse and his official party, including Premier Matheson, were piped to the platform, escorted by members of the Royal Canadian Mounted Police.

City Police were aided in their work of marshalling the large crowd, by the City Firemen and members of the Boy Scouts. Much credit is due the designer of the cake, Mr. Barry Bugden, and the City women who co-operated with him in erecting it.

### City And Province

Interest of Rotarians, while he was Minister of Health and Welfare.

"I heartily concur in the remarks of the Lieut. Governor and his reference to the welcome you may expect from the people of this Province. I think the Chairman for his kind remarks touching on what I accomplished when Minister of Health and Welfare and take this opportunity to pay tribute to Rotary for the splendid work they have done over a long period of time in the interest of crippled and underprivileged children.

"We in the Government," he said, are truly grateful for the work done by organizations which give leadership in such matters and make it easier for us to advance our objectives in the interest of those in need.

"I hope that your period of friendship and a fellowship here will be most enjoyable and that your deliberations will be crowned with success. Your return here in the not far distant future, will be looked forward to," the Premier concluded.

### MAYOR STEWART

His Worship Mayor J. B. Stewart in his address of welcome said:

"It is indeed a signal honor for me, as Mayor of the City, to be here this morning to welcome on behalf of my Council, our Centennial Committee and all Charlottemians, you Rotarians and Rotary Anns, and to congratulate you on the 50th anniversary of Rotary.

"We feel highly honored that you have made a Charlottetown, this particular year, your Convention City. Significant is the fact that we are both celebrating anniversaries.

"I think every member of Rotary has, at one time or another, been asked what is meant by Rotary. To those thus inquiring, the answer, I assume, would be an effect. "The Rotary Club is a group of business and professional men who meet each week to enjoy the companionship of each other and through their organization and carry out a number of activities for the benefit of the unfortunate and underprivileged classes of our citizens."

"No, if I were asked what were Rotarians, and had seen your shield, I would say they must be persons who have something to do with something that rotates, like a wheel, because their shield basically is a wheel, and it seems to have a lot of spokes and cogs; then I figure that so many spokes must be so

many vocations, and when one takes cognizance of our Rotary Club, one realizes it is composed of a perfect cross-section of our business and professional citizens. Then I wondered "Well, does the "happy turn" Gentlemen, it certainly does, in our City. Our Club rotates around the entire life of our City, and within the circumference of the circle of its activity, performs many useful services to its fellowmen.

"Now, I have given two explanations of what would be sufficient definitions of Rotary, but I know it would be almost impossible to define Rotary — even to someone who had experience in Rotary — on what it seeks to do. The Rotarian, who understands Rotary and lives by its rules, does not need to wear a pin, or emblem, to signify to the world he is a member of this organization.

"A person can determine a rotarian by association with him, the way he has assumed certain responsibilities towards his fellowmen that he has put 'Service above Self,' that he is the living example of the Rotary motto.

"The very heart and soul of the Rotary movement is the desire to serve and support various activities which are within their sphere of service to their fellowmen and the community.

"Again, I reiterate my opening remarks — we sincerely welcome you to Charlottetown. We hope that many benefits will accrue from deliberations, and that you will find time from your arduous duties for relaxation, and get acquainted with us Charlottemians, and give us the opportunity of extending to you some of the hospitality with which we pride ourselves 'as having no equal.'"

"To what I have said, may I add the words of Edgar A. Guest:

"Red roses for the living, and handclaps warm and true,  
A heart that's tuned to giving, and strength to dare and do;  
The sound of honest laughter, the joy of honest toil;  
To leave a finer soil,  
For those that follow after,  
All this has been and ever will be the Rotary plan,  
A man's sincere endeavor to serve his fellowman."

### KEY OF CITY

Following the traditional announcement by the Town Crier, in his habitations of years gone by, Mayor Stewart directed that the City Clerk convey the Key of the City to the stage, which was done under escort of two police officers in white helmets and gloves.

The party was piped to their positions by the Mayor's personal piper, Barry McGillivray.

"The Key of the City" was then presented to District Governor Allan MacDonald by Mayor Stewart on behalf of the City as a memento of "Your Anniversary and our."

Dr. Hal Shaw, President of the Charlottetown Club in extending the welcome of the Host Club, expressed gratitude to Governor MacDonald for bringing the convention here as a gesture of good will on the occasion of the 100th anniversary of the incorporation of Charlottetown.

Past District Governor Dave Garceau, Fort Kent, Maine, in

responding said: "We want you to know how much we appreciate the joy and satisfaction it gives us to visit your city and province. Although most of us appreciate our home surroundings and are proud of them," he said, "when we set foot on beautiful Prince Edward Island we are humble, and find many things that are native to you which are lacking in other places, more particularly the stability of your people."

### DISTRICT GOVERNOR

District Governor MacDonald in his annual report dwelt in detail on the faithful co-operation and support he had received from the officers and members of the fifty clubs in the District. He visited each of them in turn officially and found all in a highly pleasing state of activity in the various phases of Rotary life, making a white-whole contribution to the life of the community in which they are situated.

Touching on the Rotary Fellowship Foundation, he said that 700 students have been granted assistance under the grants created since 1947.

Neil J. Littlefield of Calais, Maine, has been granted a fellowship by Rotary International which will enable him to study in Australia as a representative from this district. There are 2165 members in the 50 clubs in the district.

Rev. Canon J. T. Ibbott conducted a brief memorial service for Rotarians who have passed since the last conference. Past District Governor and National Directors specially referred to were Percy W. Turner of Charlottetown and Charles Hunt, C. G. C. P., St. John's, Nfld., and also Past District Governor Stirling MacFarlane, Fredericton, N.B.

### LUNCHEON

Will R. Bird, Litt.D., noted writer and lecturer, was guest speaker at the luncheon meeting at the Charlottetown Hotel presided over by Past District Governor Edwin Johnstone. Dr. Bird gave a vivid and highly interesting review of his experiences in many parts of the British Isles and Europe in keeping his eyes open for "oddities."

His talk was humorous in the extreme and as he related incident after incident, his audience was kept in a state of hilarious laughter.

One unforgettable oddity which deeply impressed Dr. Bird was found in a visit to Pompeii which was buried in lava and ashes 22 feet deep in A.D. 79. Excavations there showed one way streets, beauty parlors, lights, marble bathrooms in every home and in the King's dining room, seating for 600.

"My whole trip was a wonderful experience and I assure you that if one keeps watch for the unusual, much enjoyment will attend the venture in search of oddities."

Frank Curtis, the incoming President of Charlottetown Rotary, thanked the speaker for the grace and charm which marked him as an after-dinner speaker of rare ability. "You will be considerably gratified to know I have enjoyed your talk immensely and you may take it for granted that all others

here are equally pleased."

Dr. Bird was presented with an island scene by the Craswell Studio from the host club as a memento of the occasion. A gift of perfume from Moore and McLeod fell in the drawing to a lady from the mainland.

Head table guests were piped in by George Fraser, Jr.

### BANQUET

Dr. J. Harold Shaw presided in dining room "A" and Darrell McGuire performed a similar duty in "B" at the banquet in the Charlottetown Hotel at 6:30. Dr. A. E. Kerr, President Dalhousie University, Halifax, N.S., was guest speaker. The head table guests were piped in by George Fraser.

Dr. Kerr in addressing the assembly on "Canada" touched on the close relations between Cape Breton and P. E. Island down through the years. "Cape Breton is no longer an Island and P. E. Island is left alone in unchallenged glory as 'The Island' while Cape Breton, although its Island status has been compromised, will still retain its position as the 'Royal Island.' No body of people understands us better than this sister Island," the speaker said, as he referred to his birthplace, Louisbourg, Cape Breton.

"We gladly celebrate with you the anniversary of Charlottetown," Dr. Kerr traced the history of Canada from "that significant day in 1864, when representatives from the three Maritime Provinces decided to come to Charlottetown to discuss Maritime Union. He referred to the representative from Upper Canada arriving unannounced and their report that little attention was paid them due to a circus being in town.

Touching on Canada as a whole, the gifted speaker referred to Kipling's "Our Lady of the Snows." Stephen Leacock's description of a day also that of Thos. D'Arcy McGee, all of which were inadequate to describe Canada.

The speaker quoted references to Canada wherein the 20th century "Belongs to Canada", just as the 19th century was claimed as belonging to the United States. "Our friends in the United States have set a wonderful example, with no envy or jealousy, as Canada steps forward in the second half of the century towards great achievements as a nation.

"The boundless wealth of the Laurentian Shield with which the requirements of modern industry will be met, broadens the Canadian outlook immeasurably. The open gates to new Canadians is another indication of the fulfilment of the prophecy that we in Canada are to share in a great destiny along with the United States on this continent."

He described the attitude of St. John A. MacDonald towards the provinces contemplating union. "The Maritime Provinces are proud of their heritage, Quebec has their own ideals, and each has their own individuality. Each going on, doing the best they can will be to the advantage of all. Our American friends rejoice in our development in the spirit of the foundations of values that make an individual, or a nation, truly great."

Rev. Dr. Ross Flemington, President of Mt. Allison Univer-

sity, in extending the thanks of the Assembly to the speaker said: "I am also an Islander, I was born in Newfoundland. The talk we have just listened to should enable us to re-catch the spirit of Rotary to carry us on another year. We have listened to a master of words and I have great pleasure in thanking him on behalf of those present."

A presentation was then made to Dr. Kerr in token of appreciation and a memento of the occasion.
