Application Turned Down Each Year At Same Time

SPORT FROM BRITAIN
By ROGER STONEBANKS
Canadian Press Staff Writer
LONDON, (CP)—As regularly as the budding of the first crocus every spring a letter arrives at the office of the Football League bearing the application of Peterborough United to join its ranks. Just as regularly, league delegates consider the application and turn it down.

The occasion is the annual league meeting to consider the applications for re-election from the four league clubs finishing at the bottom of the Fourth Division. Theoretically, any of them can be replaced by a qualified newcomer. In practice, it almost never happens.

Trying for the 18th time this season after an unbeaten record in the Midland League, Peterborough fell just six votes short of supplanting Aldershot, a side that has never finished higher than 10th in its 27-year career in the league's lowest division.

unchanging item on the balance sheet would be the club's investment in its ground and other playing facilities.

Junior Tilt Here Sunday

Junior Legionaires are playing hosts to Summerside Juniors in an exhibition game at Memorial Field this coming Sunday afternoon.

MEMBERSHIP VITAL
Few bottom-of-the-table Fourth Division sides are free from financial hardship. But loss of league membership could consign them to financial oblivion.

RESENTS RULING
"I'm beginning to feel we'll have to win the Football Association Cup and then go out and beat Brazil, Peru and Mexico to get into the league," was the wry comment of Frank Stimson, the Peterborough chairman, when he got the news.

An outcast's chances of finding a place in one of the regional professional leagues would depend on a number of circumstances, including the feelings of the members of the regional body. Falling admission, the homeless team would have to try its luck in amateur ranks.

These Folk Seek Only Dew Worms

TORONTO (CP)—Shortly after the last golfer has left the 18th hole on many of Toronto's golf courses each evening, a small army of workers moves in. They're not after pars or birdies, but dew worms.

Good pickers get about 12,000 worms each every night. The record is 16,500.
