

Prince of Wales College Summer School Picnic

The instructors and the teachers attending the 1951 Summer School session at Prince of Wales College, Charlottetown, attended their annual picnic at Dalway on Thursday.

Transportation was provided by the Department of Education, the instructors, and several of the teachers who had cars.

The afternoon was spent in swimming and sunning.

At five o'clock a delicious supper was served in the picnic grove at Dalway. The Summer School committee with the aid of other teachers prepared and served supper.

Games of softball and volleyball followed. Later in the evening a bonfire was lit down on the beach.

Those who had remained for the evening were served lunch. Following lunch, Mr. Tom Hall led the group sing-song.

Before the evening came to a close, thanks was given to the Department of Education who had so generously provided food, ice-cream and refreshments for the picnic.

After a most enjoyable afternoon, classes have all been resumed at the college.

District W. I. Convention At Bedeque Hall

A district convention of Women's Institutes was held in the Central Bedeque Hall. There was an attendance of 63 members.

The address of welcome was given by Mrs. Wilbur Wright and responded to by Mrs. Harrison MacFarlane. Following the business period a lively sing-song conducted by Mrs. Walter Leard and Mrs. Brewer Waugh was much enjoyed by all present.

The president Mrs. Earle Pearson then introduced Dr. O'Meara who gave an informative report on the recent dental survey conducted on P. E. Island. Miss Boswell showed a beautiful collection of gifts suitable for sale at bazaars.

At the evening session an interesting program was given by local talent. Mrs. Malcolm MacLeod gave the address, an interesting account of her trip to Copenhagen.

The meeting closed by singing the National Anthem.

IN MEMORIAM
MR. JAS. P. MULLIGAN

On Sunday, June 10th, there passed away in Kinkora a life-long resident in the person of Jas. P. Mulligan in his 53rd year.

While still only in middle life, he was stricken with that dread disease, arthritis, in his hands and limbs, and shortly after the death of his parents, Mr. and Mrs. Felix P. Mulligan, he was obliged to dispose of his farm and property.

Being unable to work he acquired a house in the village of Kinkora, where he lived with his brother Jerome and family since 1944.

His condition became gradually worse and he was confined to his room and later to bed, being completely crippled and helpless. During the last seven years he was cared for by his brother's wife and family. In later years he suffered greatly but seldom was heard to complain.

Being endowed with an unlimited fund of ready wit and humour he was a great favorite with young and old. His cheerful acceptance of his infirmity and affliction will surely merit for him a rich reward in eternity.

On Tuesday the 12th, the funeral took place to St. Malachy's Church where Requiem Mass and funeral service was celebrated by the pastor, Rev. Francis McQuaid.

The pall-bearers were: Leonard Keefe, Arnold Johnstone, Aloysius Roberts, Louis Peters, George and Alex Richards.

The deceased leaves to mourn three brothers, Jerome, Kinkora; Herbert, Middleton; Richard, U.S.A.; one sister, Cecelia, Mrs. William Ferguson, Nova Scotia. One brother Fred, and three sisters predeceased him.

May his soul rest in peace.

PARK CORNER GUIDES

The new Guides of Park Corner rallied around full of enthusiasm for a visit from Mrs Jen-

kins on Wednesday. Not finding Park Corner marked on our Island map, I had imagined it a tiny village tucked away in the country, but I had the loveliest surprise; it is by the sea, and as I topped the hill, the sea and inland lakes looked like a picture postcard with the water as blue as giant sapphires, all the farm houses clean and neat looking; in fact it is one of those Island spots seldom heard of but is a real paradise in summer. Visit it, Guide friends and Guides, it is well worth it. Where is it? About 10 miles from Kensington along the Iriestown road and follow the sign posts; yes, they are all marked.

Now for our Guide activities, and have they been active? Colours for the Company were chosen by all the girls and are to be wine red, a pleasant choice. Patrols were formed with Mary Campbell P. Leader, Phyllis MacLeod P. 2nd of the Canaries, Francis Parsons

P. Leader, Janet MacRae P. 2nd of the Bluebirds; others will be appointed later.

There was so much to be done during the visit that not a second was wasted. Patrols formed for the first Inspection and Leaders instructed in their duties. Tenderfoot tests were passed successfully by Jane Morrison, Carol Dunning, Ena Howatt, Gertrude Adams, Mary Campbell, Frances Parsons, Joan Bernard, Edwina MacLeod, Phyllis MacLeod and Janet MacRae. Trailing was carried out in the open with the girls showing excellent knowledge of the signs.

Miss Eliza Campbell is Captain and one of those Leaders we enthuse about. She is sincere in her efforts to learn Guiding herself and also to promote it to the best of her ability and is very worthy of the Communities support. Planning for an enrollment ceremony got underway; parents and friends are to be invited on Friday the

3rd of August at 7.30, and it is hoped that the Island Provincial Commissioner Mrs. F. G. Hutchison will be present. The Guides were to start work on the Second Class and Health charts were distributed and explained. Outdoor work was to be carried out also. We are certainly going to have a good group of Guides in Park Corner. They are all so keen to make progress, and that is what encourages all of us who work with our girls. Keep it up, Park Corner.

AUTOMATIC TRANSMISSION

Owner-proved by tens of thousands

now yours for effortless driving in

FORD and Monarch cars

Here it is!—the newest, most advanced Automatic Transmission of all—now offered as optional equipment* on all new Ford and Monarch cars. Crowning achievement of years of research and testing in the laboratories . . . it's road-proved and owner-proved, too! Tens of thousands of satisfied drivers are right now enjoying the extra smoothness, the magically effortless driving pleasure at last made possible by this latest, finest and most flexible of all Automatic Transmissions.

The clutch pedal and gear shifting are completely eliminated! This newest Automatic Transmission brings you the most modern, perfected design—combining the smoothness of oil-cushioned drive with the flexibility and control of automatic operation. It gives you flashing performance unmatched by any other type of Automatic Transmission.

Until you enjoy a Test-Drive in a Ford or Monarch with Automatic Transmission, you'll never know the biggest thrill of all in truly effortless, truly modern automatic shifting . . . you'll never know the extra acceleration—the extra "passing power"—the extra-safe engine braking downhill—that only this newest and finest Automatic Transmission can give. See your Ford-Monarch Dealer . . . arrange a demonstration . . . and enjoy the driving surprise of your life!

*Automatic Transmission optional at extra cost. Fords and Monarchs are also available with Standard Transmission . . . or with Overdrive . . . giving a choice of three kinds of drive.

NO CLUTCH PEDAL . . . NO GEARS TO SHIFT—Just set the Drive Selector, which is mounted on the steering wheel, then forget about clutching, forget about shifting . . . with Ford and Monarch Automatic Transmission! It's more automatic than most other drives, yet you have complete control with far greater flexibility. And it can't be touched by most systems for its efficiency of operation.

Instant Acceleration—You can drive all day and never move the Selector from Drive position. With Ford and Monarch Automatic Shifting the right drive ratio is selected automatically to meet every driving situation . . . at just the right instant to give you best gas economy. For quick pick-up in passing or climbing steep hills, you simply press down on the accelerator and the closed throttle "downshift" takes you out of high into intermediate automatically, requiring no effort on the part of the driver.

Permits use of engine for braking safety—You're safer on hills or on slippery roads, too, because with the new Ford and Monarch Automatic Shifting, the engine actually helps to slow the car down. You can flip the Selector to Low at any speed with complete safety when extra engine braking is needed. This advancement in design gives safety and convenience as found in most other automatic drives, regardless of price.
