

Unemployment Claims In Ch'town Up 85 Over 1957

A recent press report to the effect that unemployment insurance claims in the Atlantic Provinces were 100 per cent higher this year than last was incorrect in so far as its application to the Charlottetown office was concerned, J. B. Murley, manager of the UIC branch said yesterday.

He admitted that the report which originated in Moncton might be accurate "taking the Atlantic Provinces as a whole."

One year ago he said the local office had 401 active claims in the area under its administration. This area takes in King's and Queen's Counties including of course the city of Charlottetown. At the end of September in the present year, the total number of claims was 486 an increase over the previous year of 85.

Mr. Murley pointed out that this was far from a hundred per cent increase. "Moreover," said Mr. Murley, "we have had an increase in the number of claims every year for the past seven or eight years. So some increase was expected in any case."

MORE PEOPLE EMPLOYED

Those who handle employment of the local office, J. A. Murphy who is supervisor of the Employment Branch, W. Sinclair MacLeod and Mrs. Emma Bruce, are of the opinion that more people are working in the Charlottetown

Office area, than was the case one year ago. At the end of September, these employment officials had placed in employment 300 more men and women, than at the same date one year ago.

Mr. Murley reconciled the statements that more people were working this year than last year, and that at the same time more people were on benefits by saying "less people have left the Island this year for Labrador than for some years past, and many people have returned from Upper Canada because of unemployment in that area."

Thus, said the local manager, the Island has been called upon to give employment to more people than usual, and all in all has done a very good job of looking after them.

There are a number of reasons, say local office officials, why employment has been at a fairly high level. The Provincial Government has been carrying out a great deal of work in the rural areas. Anyone who drives around the Island by car, they point out, can readily see the great activity which prevails.

FEDERAL BOOST

Also contributing to this healthy condition, are the numerous projects being carried out by the Dominion Department of Public Works, Harbours, wharves and bridge improvements, road work, are all being pushed by the Fed-

eral Government.

Private and institutional building is also going ahead at a high rate. Hospitals are being enlarged, extensions are being made to both to Prince of Wales College and St. Dunstan's University. Churches are being built in town and country. Private business firms are either building or extending their facilities, and there is hardly a tradesman who is in good health who is not gainfully employed.

FISHERMEN

On the other hand, the same official note that the fishermen in the Province are not doing as well as they were a year ago. The catch of ground fish is definitely down, but on the other hand, many fishermen have been reaping a good harvest from Irish Moss. The dairies of the Province, the bakeries, the meat packers and small canning establishments, all appear to be doing very well.

Generally speaking, said the manager of the local office, the Island seems to be doing very well. This bright picture he qualified somewhat by saying, that the agriculture outlook especially for potatoes, did not appear so promising. Otherwise there seems to be little cause for believing that the recession, was still affecting local employment conditions to any great extent.

Orangemen, Orangewomen To Hold Three Island Rallies

A large number of Orangemen and Orangewomen are expected to attend the three rallies organized in the province by the L.O.A. and L.O.B.A. of Prince Edward Island.

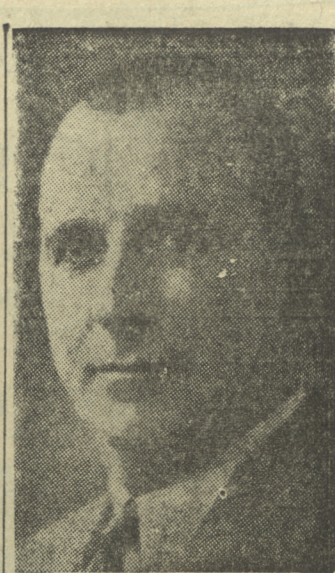

The first will take place on October 15th—in the Coronation Lodge Room in Millview beginning at 8 p.m. Members of the Hillsboro District, the Primary Lodge in Eastern Queen's and all of King's County are requested to attend.

Berthelmer Lodge Rooms in Summerside are to be the scene of the second Rally on October 16th beginning at 8 p.m. In-

cluded among the gathering here will be members of the District of Bedouque group and other Western provincial lodges.

The third and final get together will take place on October 17th in the Tanton Lodge Room at Brookfield. Representatives of lodges in Crapaud, Strathalbyn and New Wiltshire are requested to attend this meeting which gets under way at the same time as the previous two sessions.

The special speaker at all three rallies will be Most Worshipful Brother James Black, secretary-treasurer of Orange Insurance.

SPEAKS HERE

Accompanied by his wife, Mr. James Black of Toronto will arrive in Charlottetown on Wednesday and will visit in the Province for three days. In many fields, Mr. Black, since coming to Canada from Ireland in 1910 has made tremendous contributions.

Captain Of Ferry Carson Sticks To Wind Decision

NORTH SYDNEY, N.S. (CP)—The veteran seaman who commanded the multi-million dollar ferry William Carson says he decided winds were too much Monday to enter the Port aux Basques, Nfld. harbor safely.

"In my judgment as master of the ship at the time, the wind was too high during the day to allow docking of the Carson at the scheduled time," Capt. Lewis Greene said in an interview.

The \$12,000,000 ferry stood off the Newfoundland port for 11 hours on her Monday trip from here.

Capt. Greene said he had no intention of entering a controversy with Port aux Basques Mayor Walter Hodder who said winds Monday never exceeded 25 miles an hour. "If she couldn't come in that breeze she will never get in," the mayor said in announcing that the ferry captain's decision would be protested to the CNR.

Capt. Green said guests outside the Newfoundland harbor reached 40 miles an hour. "There is no foundation whatever for the

statements of Mayor Hodder."

MEASURED WIND

A CNR spokesman said earlier an instrument which measures wind velocity showed winds of more than 30 miles an hour and "it is more than likely that winds were much higher outside the harbor."

The 7,500-ton ferry made her official entrance into Port aux Basques Sunday after several weeks of testing new harbor facilities specially designed for her. Built to provide passenger and freight service between here and Port aux Basques in 1955, she was

deoured to Argentina for three years until harbor improvements were made. They are not yet complete.

About \$10,000,000 were spent dredging the harbor and building a breakwater.

Capt. Greene, with 20 years of seagoing experience said "the fact that any ship is kept from going into harbor by strong winds... has often happened in many parts of the world..." He said at least one other vessel also decided not to brave the Monday winds. The second ship was not identified.

Funeral Today Of James Gillan

James Gillan, one of Charlottetown's oldest citizens, died at his home, 46 Elm Avenue, on Thursday, October 9. He was 92 years of age.

The late Mr. Gillan was born at Fort Augustus, the son of the late Mr. and Mrs. Daniel Gillan. He occupied the position of pumping station engineer with the Charlottetown Water Supply from 1916 until his retirement in 1949.

Despite his advanced years, Mr. Gillan enjoyed excellent health until a few days prior to his death. Last Sunday night he was stricken and failed to rally, passing away shortly after noon on Thursday.

He was a member of the Holy Name Society and the Benevolent

Irish Society. Prior to his death, he was the oldest living member of the latter organization.

The late Mr. Gillan is survived by his wife, the former Bessie Stewart, four daughters and one son, namely Anne (Mrs. Ivan Laurie), Mary (Mrs. W. Reginald Cronin), Sadie (Mrs. William J. McInnis), Dolly (Mrs. C.G. Murphy) all of Charlottetown and Chief Petty Officer James Gillan who is stationed at H.M.C.S. Cornwallis, a sister, Mrs. Edward McQuillan, Tracadie, and nine grandchildren also survive.

The funeral is being held this morning from his late residence to St. Dunstan's Basilica for Requiem High Mass at 10 o'clock. Interment will be in the Catholic Cemetery.

AUSTRALIA STUDENTS

Universities in Australia had 36,815 students enrolled in 1957, an increase of 2,409 over the previous year.

Week's Heaviest Docket Faces City Magistrate

The heaviest docket of the week faced Magistrate K. M. Martin in Charlottetown Police Court yesterday morning.

An Alley Street woman was fined \$20 and costs or 10 days in jail when she was convicted of unlawfully allowing drunkenness to take place on her premises.

The woman pleaded not guilty to the charge but was convicted when the Magistrate heard the evidence of Police Constables, Leo MacDougall and Warren MacKenzie.

Lester O'Donnell appeared for the defence.

Five men appeared on charges of being drunk and incapable. A Clyde River man was given a 20-day jail sentence; fines of \$20 and costs or 10 days were handed Water Street and King Street men; a \$10 fine or five days

THANKSGIVING

On this Thanksgiving weekend we are reminded of the year 1621, when the Pilgrims thanked God for the harvest and shared their meal with Indians who had taught them to plant yellow corn, "as soon as the oak leaves are as big as a mouse's ear."

The farmer prepares soil and seed. He plants the seed and watches with patient faith... first the blade, then the ear, after that the full corn in the ear. He has great reason to give thanks.

The Bible Society also has great reason to give thanks. It plans the seed of the Word and is continually seeing a harvest of redeemed men and women of all races, colors and creeds.

As Christians we each may have a part in this great planting venture, and we on the Island will soon have a special opportunity as the Island branches make their annual collections. We also help when we make a purchase at The Bible House, the profits of which are used to further the work. There is no better way to give thanks than by sharing.
