

Boswell Named To Hall Of Fame

BY NEIL A. MATHESON
I AM planning a feature column on Almon Boswell. Dunstaffe later, but I just have to say something about the high honor this outstanding livestock breeder has received in his selection to Canada's Agricultural Hall of Fame.

Queens Medal Must Be Best

HE HAS won many honors, he has won barrels of ribbons and many trophies. But I think the Queen's Coronation Medal in 1953 must be the best of all. He was recommended for it by the Canadian Swine Breeders' Association as the man who had done more than anyone else in Canada to promote the interests of the swine industry.

Many People Known About Sowsens

I HAD an unusually large response to my query about Sowsens a few weeks ago. Here are some of the people who phoned me, spoke to me or wrote letters.
Walter Walker, Charlottetown, gave me a complete recipe and a description of how to make it. He also says it's wonderful stuff.

Early Federal Election Hinted

THERE WILL probably be a Federal Election before Easter, Senator George H. Barbour told me yesterday. "I don't think the Prime Minister will take a chance on another poor crop in the West this year, and I don't think he'll bring down a budget before he goes to the country", the veteran parliamentarian predicts.

Slaughter Test Score Is High

JOHN COLWILL, Colville Road has a Yorkshire sow that has a record 99 slaughter test score for this province in advanced registry.
The Advanced Registry qualifying score takes into consideration such things as the number of pigs in the litter—the sow must have at least eight—the number of days it takes the test litter to reach maturity and the slaughter test of the litter.

Federation Of Agriculture Interest

THE PROVINCIAL Federation of Agriculture meets here next Tuesday, and that reminds me that the County federation meetings this year seem to have had a new spirit of enthusiasm.
I wasn't up to the Prince County meet, but I thought the ones at Cardigan and Hunter River were unusually good.
