

Over 100 Hear Mayor Currie Address Board

ALBERTON BUREAU OF THE GUARDIAN — More than 100 members and guests attended the annual meeting of the Alberton and West Prince Board of Trade, held in the Tighish Legion Hall last night.

A turkey dinner was catered to by the Ladies Auxiliary of the Tighish Legion. Special guests included Mayor of Summerside W.A. Currie, guest speaker, and Mrs. Currie, president of the Summerside Board of Trade, Amos Hubley and Mrs. Hubley.

Earle Atkinson, president of the West Prince Board of Trade, extended a welcome to the visitors into operation during the winter months. FEDERAL LEVEL — At the federal level, a considerable amount of money will be spent on advertising which will be allotted to newspapers, radio, and television stations across Canada. In addition, each employment office will have funds at its disposal for advertising with a more local application.

In past years this advertising has been further extended by the co-operation of many public spirited businessmen and merchants. Within a few days, posters and streamers of various sizes will appear all over Charlottetown, and in Montague and Souris, calling attention to the objectives of the campaign, and urging citizens to plan to carry out winter work wherever possible.

Householders will receive pamphlets setting forth the desirability of creating as many jobs as possible. These latter will be delivered by the postal authorities. This preparatory work is known as the "planning stage" and will continue throughout November and December.

The real drive for jobs will commence in late December and early January. It is pointed out, however, by the National Employment Office officials, that it will be all the better if business firms and private citizens find it possible to carry out work as soon as possible.

GROUPS HELP — The Local Employment Advisory Committee has had the assistance in other years of the Board of Trade, the Rotary Club, the Lions Club, the City Council and the churches. It has also been able to enlist the services of prominent men to appear on panels and to present the objects of the campaign as speakers at service club meetings.

The Business and Professional Women's Club has also been interested in the campaign, and it is hoped to enlist this group again this year. From time to time the local press will carry news items about the progress of the campaign, which will be well backed by lively advertising.

and later in the evening gave the president's annual report outlining some of the achievements of the organization during the past year. The secretary, C.R. Leard, gave a brief report in which he stated that the board's favorite project, improvements to Alberton harbour and docking facilities, was going ahead satisfactorily and would prove to be a great economic advance to the community.

The guest speaker, Mayor Currie, was introduced by Dr. George Dewar, M.L.A. FORWARD LOOK — In an address entitled "The Forward Look" Mr. Currie described the origin and future plans of the Atlantic Provinces Economic Council.

In answer to the challenge to do more to help themselves boards of trade have been responsible for many achievements, he said. A shortage of low cost power has greatly hindered development in the Maritimes, he continued. A source of low cost power from developments in Labrador, was forecast by the speaker.

A vote of thanks to Mr. Currie was moved by Hubert Gaudet and seconded by Frank Bryan. Mr. Hubley brought greetings from Summerside.

The slate of officers for 1959 was brought in by the nominating committee as follows: Earle Atkinson - President (re-elected), John Coughlan, vice-president (re-elected); C.R. Leard, secretary-treasurer (re-elected); Directors—Leo Arsenault, Harve Hutt, Carman MacNeill, Keir Ramsay, John Rayner, William Reddin (declined).

West Prince Liberals Hold Annual Meeting At O'Leary

SUMMERSIDE BUREAU OF THE GUARDIAN — "I have no personal ambition, or never had of staying in office and if there are those who feel somebody else can do a better job, then do something soon. However if the Liberals feel I can do the job, I'm willing to carry on for you," said Premier A. W. Matheson as he addressed a large gathering at the annual meeting of the West Prince Liberal Association held at the O'Leary public house last night.

Mr. Robert Campbell was elected president succeeding Mr. Arnold Wood, West Cape. Premier Matheson during his remarks stated he enjoyed a good fight and was interested in continuing on as long as his health would permit. He stressed that "whether it be leader or candidate, the party is bigger than the individual."

Mr. Matheson referred to a statement he read in the press that the leader of the Opposition was purported to have made at a recent nominating convention held at Kensington. In the statement Mr. W.R. Shaw stated that the Liberals were promising better roads, improved health and educational facilities etc., which he said were being paid for by Conservative money.

The Premier stated "we wouldn't mention the \$300 a month he gets is Liberal money." RURAL ELECTRIFICATION — Concerning rural electrification the Premier stated that there hasn't been as much work completed as he would like to have seen but added that a total of 592 miles of rural electrification have been completed since the program was inaugurated.

He elaborated on the program as far as it concerned West Prince after which he said "if there was nothing else done by the Liberal party it's something we can boast about and be very happy about."

Mr. Matheson stated that the Liberals had promised a frozen food plant in the Province before the last election and although they didn't get the one expected they did get one equally as good. The Premier related that Mr. Shaw, before the election of 1955 stated a frozen food plant was "a fake". He added that now, three years later, Mr. Shaw is suggesting one for each county "and I agree". He stated he hoped that eventually each county would have a frozen food plant.

Mr. Matheson concluded with the hope also, that a fish plant similar to the one at Souris can be established in West Prince, possibly at Alberton.

MR. MACNAUGHT — J. Watson MacNaught addressed the assembly briefly during which he extended sympathy to the family of the late John W. Palmer, who, he said, had always given wise counsel and his presence at the meeting was indeed a great loss.

Mr. MacNaught referred to the failure of the Federal Government to place potatoes under the Prices Stabilization Act, "a promise, he

said, that won't be forgotten by the electors of this province." He stated it is too soon to note any trend in political thinking in Canada but said there are some signs that show but stated there are some signs indicating a cold wind is blowing.

The Minister of Highways Hon. George MacKay told his audience that his department had spent over \$100,000 each year since 1955 in the First District of Prince, the largest, he stated, in the Province, with a big population. This year Mr. MacKay said \$118,000 was spent in this district, while over \$90,000 had been spent each year in the Second District.

He stated the Department of Highways had paved more than 80 miles of road in the province this year. Mr. MacKay also referred to the price support for potatoes describing it as a "mean and miserly amount of money paid by this apostle of promises."

OTHER SPEAKERS — Also addressing the meeting briefly were Mr. Fred Ramsay, M.L.A. for the First District and Mr. Prosper Arsenault, M. L.A. for the Second District. Elected to the executive were the following: First District: Kenneth Matheson, Allison Macintosh, Russell Stewart and Arthur Martin. Second District: Leo Lynch, Carmen MacNeill, George Shaw, and Harris Rogers.

Mr. Lloyd Gaudet, chairman of the resolutions committee brought in resolutions which were unanimously approved. They: 1. Expressed confidence in Federal leader, Lester B. Pearson; 2. expressed confidence in Provincial leader Premier A. W. Matheson; 3. commended Highways Minister Hon. George MacKay for the paving program; 4. expressed appreciation of the efforts and pledged continued support to the members from First and Second Districts, Mr. Fred Ramsay and Mr. Prosper Arsenault; 5. expressed regret at the resignation due to ill health of Hon. Forrest Phillips; 6. authorized a letter of appreciation to Premier Matheson, Mr. MacKay, Mr. Ramsay and Mr. Arsenault for paved road and electricity to St. Louis; 7. requested the Federal Minister of Agriculture to place potatoes under Stabilization Act; 8. requested a new ferry be put in operation between Borden and Cape Tormentine; 9. requested unemployment insurance for farm laborers.
