## Local and Other Items.

**MUSSEL MUD.**—The mussel mud business has commenced in Summerside, and large quantities are being shipped daily by train to the country round about.

**ILLEGAL FISHING.**—Two charges of fishing trout out of season were set down for trial before A. Lord, Fishery Officer, today. One case was settled and the other postponed.

**THE MAILS.**—The boats left Tormentine this morning, with 92 bags of mail, at five minutes to seven. The mail reached town shortly before one o'clock. The boats from this side landed at Tormentine at 11 o'clock.

**HOCKEY MATCHES.**—Don't miss the two hockey matches in the rink to-night. The Abbies play a return match with the Stars and the Second Victorias and the St. Dunstan's also play a return match. Both games promise to be well contested and full of interest for the admirers of the respective teams. There should be a full house.

**B. I. S.**—The annual meeting of Emerald Branch of the B. I. S. will be held in their Hall on Friday 15th Inst., at 3 p. m. A full attendance of members, especially those who intend purchasing regalia, is requested. Complete arrangements are already made for the annual celebration on St. Patrick's evening. Programme will appear later. M. Smith, Secy.

**HEARTZ'S HALL.**—The concert in Hertz's Hall last night was well attended and proved most successful. The fine literary and musical programme made ready for the occasion was rendered with excellent effect, reflecting the greatest credit upon those who took part. During the intermission there was a sale of home-made candy of excellent quality. The concert was under the auspices of the Ladies Aid Society of the First Methodist Church, and Rev. G. M. Campbell presided.

**OFF FOR KLONDIKE.**—Mr. T. E. Murphy, of South Shore, received a letter from his son Wellington, who left here about a year ago for British Columbia, in which he informs his father that he had entered into partnership with a Mr. Lindsay, and they were then about to start by the steamer City of Seattle for Skagway. They had a six months outfit of provisions and clothing and intended to push as quickly as possible for the Klondike, where Mr. Murphy's partner had already been. Mr. Murphy was in good spirits and reported the prospects good for himself and partner.

**82ND BATTALION.**—At the annual meeting of the officers of the 82nd Battalion, held yesterday afternoon in the office of Lieut. J. A. MacDonald, the following committees were appointed: Regimental committee, Lieut. and Adj., J. A. MacDonald, Major Crockett and Capt. Allan; band committee, Surgeon-Major Warburton, president; Surgeon Captain Johnson and Major D. Stewart, secretary-treasurer. The reports of the regiment and band committees were adopted, and matters relating to efficiency, annual drill, etc., were discussed at length.

**WAREHOUSE ENTERED.**—The warehouse of Nicholson's tobacco factory, on lower Queen Street, was entered during last night by some persons unknown. An entrance was effected by breaking a pane of glass in the window through which the bolt on the door was reached and removed. After getting inside the visitors stirred up the fire and regarded themselves with canned lobsters which had probably been stolen, and when they were leaving they took with them a 20-pound box of tobacco.

**ST. JAMES' HALL.**—The series of concerts and lectures under the auspices of the Young Men's Literary Association of St. James' church was closed last evening with a concert that was thoroughly enjoyed by one of the largest audiences of the season. The entertainment was well carried out, and the ladies and gentlemen taking part deserve every credit. Owing to the illness of Mr. Vinicombe he was unable to be present, but Mr. Frank Bayfield very kindly took his place, rendering a violin solo with fine effect as well as playing with Mr. Earle in the opening number. Before the National Anthem was sung Rev. Mr. Fullerton, on behalf of the Y. M. L. A., returned thanks to all who had assisted in the lectures and entertainment during the season, and also thanked those who had helped them along by their presence and patronage.

### Economy

Is the order of the day in soaps. Try "Sunlight" and "Lifebuoy" brands—only 5c. the twin bar from any up-to-date Grocer, and you will find that you do not require any toilet brands, which are so expensive.

### "Sunlight" Factory

In England turns out every two weeks, more soap, than is used in the whole of Canada in a year. Sunlight Soap is used largely in all countries of the world, and the demand for it is more than three times as large as for any other brand.—Why? Because it is universally acknowledged to be the best soap made.

## Local and Other Items.

**THE WEATHER.**—Fresh to strong south and west winds, fair to cloudy weather; light local rain or sleet. No decided change in temperature.

**P. E. ISLAND HOSPITAL.**—A meeting of the Ladies' Aid of the P. E. I. Hospital will be held in the Y. M. C. A. parlour next Friday morning, March 3rd, at half past eleven o'clock. A full attendance is requested. 2 ins.

**SUMMERSIDE ELECTION.**—The civic election in Summerside yesterday resulted in the return of Mr. Ronald Campbell as chairman and the following as councillors: James McLeod, John Dickieson, R. E. Sobey, Alex. Allen, Harry P. Wood, George Muttart.

**AN INTERESTING STORY.**—How an Irish rebel became a low-list and a British patriot, as exemplified in the life of Thomas D'Arcy McGee, will be told by Mr. McCready in the Y. M. C. A. hall on Thursday evening 10 o'clock. Proceeds in aid of the Prince Street School Library fund.

**THE STANLEY.**—The Stanley reached Pictou yesterday afternoon about half past three. She left Pictou on return early this morning and got to Georgetown after a splendid passage of five hours, bringing thirty passengers, among whom was Mr. Webster of T. A. McLean's foundry, a large freight and fifteen more bags of the long delayed mail. No ice was met with between Pictou Island and Georgetown. A special train will bring the passengers to town which will be due about 4 o'clock.

**LAI D TO REST.**—The funeral of the late James Gullivan took place this morning from Brighton to St. Dunstan's Cathedral thence to the Roman Catholic Cemetery. There was a good attendance at the funeral, and the usual services were held at the church and at the grave. Mr. Gullivan had been a faithful employee of the Halifax Brewing Company for several years, and had also attended to the range light at Brighton. His death is regretted by all who knew him, and his wife and family have our sympathy.

**AGRICULTURAL MEETING.**—The agricultural meeting at Kensington yesterday was one of the largest ever held on P. E. Island. The meeting was addressed by Professors Robertson and Macoun, and Premier Farragutson, Senator Ferguson and Mr. T. J. Dillon. The farmers present manifested a great deal of interest in the proceedings. At Summerside, last evening the meeting was well attended, and was addressed by Professors Macoun and Robertson, Mr. T. J. Dillon, Premier Farragutson and Senator Ferguson, who spoke in the order given.

**ST. PETER'S MISSION.**—The attendance at the mission is increasing. Last evening the church was nearly full and the closest attention was paid to the sermon preached by the missionary, from Genesis iii. The instruction afterwards was on self-examination. At the spiritual instruction service this morning Father Conran continued his meditation on the "Fatherhood of God." Yesterday afternoon he spoke on "The Life in Baptism." Services to-day and every day this week will be just the same as yesterday. Celebrations of Holy Communion at 6 50 and 7 45 a. m., short spiritual instruction at 7 25, Matins at 9, intercessory service at 12, bible instruction at 4 p. m. and mission service and sermon at 7 30.

**WANT SAND FILTRATION.**—After two years of investigation a commission on water supply in Pittsburgh has recommended a system of sand filtration, estimated to cost \$1,700,000. The commission says that the investigation narrowed itself down to a recommendation either of the sand system or a mechanical system. An examination of the relative efficiency of the two methods in the light of experience showed that, so far as the removal of bacteria from the water is concerned, the sand filter leaves but little to be desired. In addition to bacterial efficiency is the question of the adaptability of the effluent for seaming purpose. The effluent, which yields a minimum scale formation, and shows no corrosive action upon the pipes in the boiler generally first exposing to the attack, is, all other things being equal, to be preferred. Here again the sand filter appears to have given the best satisfaction.
