Winnipeg, Oct. 17 (CP)

Prices were strong today on the Winnipeg Grain Exchange, with new seasonal highs being recorded, including October barley.

Broad advances on U.S. markets were reflected in good buying here. Aggressive commercial demand included American shipper purchases in the deferred months of oats and barley.

Some export buying also appeared in barley in connection with either old or new business. Flax uncovers export buying, with good foreign enquiry reported. Rye trade was mostly local during the active session.

There was no information available on export wheat loadings. However, the Canadian wheat board announced export wheat had been made available to Japan, with one cargo for November loading and five cargoes for December loading, about 2,000,000 bushels will be involved.

Prices for class two wheat advanced 1 1/2 cents from yesterday, while I.W.A. prices were down 3/4. Closing prices: Oats - Oct. 68B; Dec. 82 1/4; May 80 1/4-A; Jly 78 1/2.
