ROYAL SCARLET CHAPTER
of Bedouin District will hold its annual meeting in Borden Lodge, Room Wednesday, March 14th, at 8 P. M.

HOCKEY, Bedouin Rink, Wednesday, March 14th, second game semi-finals, South Shore League Bedouin versus Freetown. Admission 25 cents and 35 cents.

POSTPONED championship game Bedouin Rink, Thursday, March 15th, Freetown-Bedouin Juveniles vs. Charlottetown Juveniles. Admission 25 and 35.

MR. AND MRS. CLUB—The Mr. and Mrs. Club of the Summerside Trinity United Church held its regular meeting on Monday evening in the church parlor with Vice-President, Don and Winnie Baker in the chair. It was decided to sponsor the Mount Allison singers again this year. The Executive Group was in charge of the program for the evening. Pastor Sullivan gave a short talk on the Advantages of Radio to the many educational programs provided for adults as well as the excellent children's programs. A discussion followed. A special feature of the evening was the listening to "Farm Forum" over C. B. C., after which refreshments were served by the group in charge.—S

ENLISTED IN AIR FORCE—Douglas Hardy of O'Leary has enlisted in the Air Force and will shortly be closing his Radio Repair Shop in O'Leary and donning Air Force Blue. In the Second World War he was a member of the Army Provost Corps and then took a course in radio repairing, from which he graduated with high marks. He opened his own shop in O'Leary about three years ago and has given the public splendid service. He has been the energetic Scoutmaster of the First troop of the O'Leary Boy Scouts and saw his boys this year win the Boy Scout trophy as the best hockey team in Prince County and they will shortly win the Charlottetown Scouts trophy in the Island Scout title. He was one of three leaders of the Island contingent of Boy Scouts who went to the first, Canuck Jamboree, near Ottawa, two years ago. He has been secretary of the O'Leary Film Council and an active worker in the O'Leary United Church Young Peoples Union. His legion of friends wish Mr. Hardy every success in his work in the Air Force and hope that when the present emergency in the world is over he will again come back to O'Leary.—O.

PERSONALS
—Mr. and Mrs. George Webster of Souris are spending the weekend in Kensington, the guest of his aunt, Miss Sarah Webster.—K
—Their many friends will be glad to hear that Mr. and Mrs. W. B. McArthur of Kensington are making a satisfactory recovery from the flu.—K

—Miss Helen McDonald, teacher of Indian River School, was a week-end visitor to Charlottetown.—K

—Her many friends will be glad to hear that Miss Sarah Webster of Kensington is improving after being quite ill with the flu.—K

—Mrs. Ralph Jenkins of Charlottetown, spent a few days in Kensington last week visiting her mother, Mrs. C. J. Cooke.—K

—Friends of Mrs. William Gallant, Ottawa Street, Summerside, are pleased to note that she is much improved in health after her recent illness.—S

I. C. Nicholson vs. A. L. Brooks
G. F. Cameron vs. R. L. Willett —S.

IN MEMORIAM
WALTER MCKIE
The funeral service for the late Walter McKie of Alaska school section was held on Friday afternoon March 9th and was conducted by his Minister, Rev. W. G. Dickson of O'Leary. There was a short service at his home, four miles from West Devon, and the main service was in the West Devon United Church which was packed to overflowing to honor one who was beloved by all. The late Mr. McKie was only 58. He was a veteran of both the first and second Great Wars, serving with distinction in both. His casket was draped with a large Union Jack. The Minister spoke on the topic "A Good Soldier" 2 Tim. 2:3 and said in part: "We gather this afternoon to pay our last tribute of respect and honor to one who was 'A Good Soldier' of his King and Country, serving with distinction in two great wars. He was a kind and loving father, a loyal and devoted husband, a sterling citizen, a warm friend, one who supported the Church and he was also 'A Good Soldier of Jesus Christ'." Besides his sorrowing widow he leaves to mourn his loss two daughters, who were able to be at the funeral, Mrs. Edgill of Ottawa and Mrs. Edgar MacQuarrie of Boston, Mass and one son, Walter, at home. He is also survived by a brother John in Halifax, with whom survives their aged mother also two sisters in B. The choir under the leadership of Mrs. Charles Moreshead sang the favorite hymns of the deceased "All the way my Saviour leads me", "The Lord's my Shepherd" and "Face to Face". Inter-

Let's Talk It Over

A Prince County Viewpoint

In most schools you will find boys and girls who are particularly adept at using their heads, and other boys and girls who seem best suited for using their hands. For a long time, much too long, school curricula, programs and practices were fashioned only for the "hand" type. The "hand" group were allowed to drift aimlessly along, getting what little they could from the school instruction, and very often acquiring a sense of frustration, an inferiority complex, which never entirely deserted them through life.

Against individuals in this group the charge is often laid by teachers that they fail because they do not study, and the latter part of this accusation is very often founded on fact. These boys and girls of the "hand" type quite frequently cannot be persuaded to study. The reason for this, however, is not far to seek. They may start in with the same energy and enthusiasm as other students. But all around them they see the "head" group accomplishing so much more with far less effort. It is not natural that in time they give up the uphill fight. After all, we can't all be Columbus; we can "sail on, and on, and on" in the face of overwhelming difficulties and discouragements. Sooner or later those "hand" students who receive so much "head" training throw up their hands and say, "What's the use?"

If you visited the splendid array of school exhibits in the auditorium of the Summerside High School last week, you could not help but realize that the "hand" type of student is at last coming into his own. You saw there a model garage, one-quarter size, in three stages of construction made by pupils of the technical school with miniature shingles, clapboards, etc. all of which were milled in the school basement. You saw highly decorative ash trays, wall brackets, etc., the handiwork of boys who, you can be sure, had a proud sense of accomplishment in fashioning these things with their hands. You saw products of dressmaking and a sample of an appetizing and healthful breakfast.

We happen to know the story of one of these boys particularly. He had been vainly grappling with the intricacies of English grammar, geometry, etc. and was ready to call it a hopeless effort when the technical school for boys was instituted. Being particularly gifted in woodworking, he is now full of enthusiasm for the work he is doing and his exhibits attracted special attention from many of the large crowd of visitors who passed through the Summerside High School auditorium last week.

For him defeat has turned into victory. He will leave Summerside High School not feeling that he has been a hopeless misfit, but knowing that he can do things that command admiration. He has received the plaudits of the crowd, something which he could never have done had he continued in the regular academic course of the High School. Moreover, he has entered into the business of practical arithmetic and English with more zest because of his desire to make his year a complete success. It's fine to see the "hand" boys getting a hand. And because they are, you can be sure that in the future they will also be getting ahead.

Funeral Yesterday Of Mr. C. R. Rogers
The largely attended funeral of the late Charles R. Rogers was held yesterday afternoon at two o'clock with service at the Presbyterian Church at Summerside conducted by the Rev. Donald MacKay. People from all walks of life attended to pay their last respects to one who had, down through the years, played such a prominent part in the life of the community.

After the service the remains were transferred to the Dock Cemetery at Alberton where the committal service was conducted by the Rev. Mr. MacKay. In addition to the family among the mourners were, the Hon. Walter E. Darby, Attorney General of Prince Edward Island and President of the Prince County Hospital and Mr. Reginald Ellis, Summerside.

The pallbearers were: John Matthews, Frank Oliver, Ord Sharp, Wilfred MacWilliams, Milford Jelly, Hugh MacEachern.

At Alberton the pall bearers were, Messrs. John Wells, Howard Clark, Herbert Clark, Erskine Clark, Willard Waugh, Edward P. Foley.—S

ment was in West Devon cemetery. The pallbearers were: John Matthews, Frank Oliver, Ord Sharp, Wilfred MacWilliams, Milford Jelly, Hugh MacEachern.

Death At S' side Sunday Of Mrs. John H. Johnston

A Prince County Viewpoint

Summerside lost an aged and highly respected resident with the death at her home, 164 Cavell Street, at 8:45 on Sunday evening of Mrs. John H. Johnston. She had been seriously ill for the past five weeks. She was 83 years of age. The deceased was the former Emily Jane Mutch, a daughter of the late Benjamin Mutch, whose wife was Elizabeth Bishop of Summerside.

When a young woman, Mrs. Johnston, before the era of type setting machines, was a hand compositor and worked in the employ of the Pioneer up to the time of her marriage.

She was a devoted member of the Baptist Church and was a charter member of the Women's Missionary Society of that Church and retained her membership in the organization up to the time of her death.

There are left to cherish her memory the following children: Bruce, Plant Superintendent of the Journal Publishing Co. Ltd., Summerside; Nelson, Manager of the Bank of Nova Scotia, Star City, Sackville; Harold in Summerside, Reginald in Fairfield, Conn.; also three step children, Irene in Summerside, Charles, Manager of the Dominion Bank, Winnipeg, Man., and William in Lexington, Mass. A sister of the deceased, Mrs. W. A. Gay, resides at Wollaston, Mass.

The funeral will take place today at 2:30 from the Borden Funeral Home. Interment will be in the People's Cemetery.—S

New Well Is Tested At S' side

A Prince County Viewpoint

Official tests at the new well drilled by Trask Well Co. Ltd. for the Summerside Water and Sewerage Commission on Harvard Street, held yesterday afternoon, showed that the well is producing 500 imperial gallons of water a minute. This was the full capacity of the pump used in the test which was carried out by the commission by Mr. G. J. Hayes, engineer of Curran and Briggs Ltd.

Mr. R. B. Dewar, chairman of the Commission, said later that the well is the best well in the Province and as far as is known, only one other well in the Maritimes has as great a capacity.

Mr. Dewar estimates that the town now has a supply of 1100 gallons of water a minute. The Board of Fire Underwriters last year recommended that it should be brought up to 1500 but it was only 432 at the time they made the recommendation.

Since that time a well was drilled at the standpipe that produces 120 gallons a minute and he feels that the capacity of the old wells is up some now. Mr. Dewar said that tenders would be called for the erection of a pump house for the new Harvard Street well and that a stand-by gasoline engine would be installed there in case of a power failure.

Whether a third new well will be drilled is a matter for the consideration of the commission and the Town Council, he said. He expected that the pump at the standpipe will be in operation soon.—S

Display Goods For Auction

Many citizens are viewing with interest the wonderful display of articles, stored in the building formerly occupied by Smallmans furniture and now owned by Mr. Harold Gaudet, which are to be sold to the highest bidder over C. J. R. at the twelfth annual auction sponsored by the Y's Men's Club. The auction will be held on Wednesday afternoon commencing at 3:05 p.m.

The display opened for public inspection on Saturday afternoon and will be open until Wednesday. The Boy Scouts and Y's Menettes are in charge of the display and are taking advance bids. 680 articles have been received to date, ranging in value from \$1.00 to \$60.00. These have been generously donated by merchants both on the Island and in the other Provinces.

The proceeds of the auction go to further the youth work of the Y's Men's Club. Mr. Harold Rodd is chairman of the auction with Harold Milligan and Ralph Emery assisting.—S.

O'Leary and Vicinity

Dr. W. A. Shea of Alberton has resumed his practice after being sick with the flu.

Mrs. Rannise Cameron of Sackville, N. B. spent the week end in O'Leary the guest of her parents Mr. and Mrs. Dan MacPherson. Her husband who is a theological student of the United Church of Canada, will graduate this spring with his B. A. Degree from Mount Allison University in Sackville, N. B.

Congratulations are extended the Elmsdale Sisters who captured the Island girls open hockey championship at North River rink when they defeated the Charlottetown Aboewell Sisters in a sudden death playoff encounter for the Physical Fitness Trophy.

The residents of O'Leary are very proud of their Maroons Hockey team who were successful in winning the Provincial Intermediate "B" Title by beating Souris 3-0 so captured the round 13-8. The Coach of the Maroons, Lloyd Silliker and their Manager, E. W. Turner, and all the members of the team are deserving of

Assessment Rate In S' side Increased 25 p.c.

A Prince County Viewpoint

Summerside citizens will pay more taxes this year. An increase of 25 per cent in the assessment of real and personal property was announced by His Worship Mayor Henry Wedge at the monthly meeting of the Town Council last night.

In making the announcement Mayor Wedge made the following statement: "It will be announced at this time that the council has decided to increase the assessment on real and personal property 25 per cent this year. There will be no increase in the tax rate."

"In the past several years we have had practically no appeals on assessments, which is proof that the citizens are satisfied with their present assessment. A straight percentage increase will affect all alike and will also bring our values up nearer to a fair valuation."

"This increase along with the assessment on new buildings will increase our revenue by approximately \$30,000, the amount required to take care of sinking fund and interest on new debentures issued for the payment of new pavement, new motor at the electric light plant, land for parks, purchases, water and sewerage extensions, new classrooms at the school, new fire pumper and new sidewalks."

"In recent years there has been a general increase in assessments and tax rates in practically all municipalities across the country to take care of increased costs of services. We in Summerside are fortunate when we compare our tax rates with other towns of similar size, with the many services and advantages our citizens have."

"This year it is the intention of the council to pave approximately two more miles of cement streets which will give us 14 miles of paved streets with one mile unpaved. This does not mean that we will necessarily have another increase in taxes next year, or in several years, for in examining the financial statement I find that the following debentures will soon be paid up: 1951 — \$80,000; 1952 — \$215,000; 1953 — \$162,000; 1954 — \$162,000. As these debentures are provided for in our sinking fund this revenue will be applied to take care of new debentures for pavement and other capital expenditures in future years."

"It is interesting to note also that with the bond issues to be paid off in the next three years, we have an issue of \$80,000 to be paid in 1954 and \$50,000 to be paid in 1955. This will clear off all old debentures the town has. The bonds issued since 1948 now amounting to \$500,000 will be the new debt of the town. In reaching the decision to increase the assessment we have gone over the assessment of last year and find that in no case will it raise the assessed value over 50 percent of the actual value of the properties".—S.

They just carry on making further breaks. He thought that the council should get in touch with the Attorney-General and see what can be done. "On hearing about it is quite shocking," he said. He believed that the boys are quite callous about it and have no regrets.

Mayor Wedge said that "we are in a difficult position as the Nova Scotia homes will not accept juveniles from here and we have no place for them." He admitted that he does not know what the solution is but felt sure that the parents are also delinquent. He could not understand why they allow their children to run around all hours of the night and felt that they should be made responsible for the actions of their children.—S.

MUNICH, Germany, March 9.—(Reuters)—Franz Emmerling, widow of former Reichsmarschal Hermann Goering, has been fined 10 marks (about \$2) for failing to register with the housing authorities when she moved into a new four-room apartment here recently, the City Council said today. Registration with local police authorities is compulsory by law in Germany.

Sea View League
Malpeque vs. Spring Valley
Admission 25c and 35c

Admitted Breaks
According to Sgt. Benj. Schurman of the town police the boys admitted breaking into Corney's Garage on Saturday night and stealing \$30 from the cash register. After spending this on trips to Charlottetown and Borden on Sunday two of them attempted a break at the garage of Robert Dewar at Read's Corner Sunday evening but were scared away after breaking a window. Later the four smashed a window at Perfection Dairy but were frightened away from here as well. The next stop was at Kenneth Horne's Service Station where they got 85 cents in coppers.

Police on patrol found these breaks minutes after they had taken place but in both cases after the youthful thieves had departed. The next stop was at the plumbing establishment of R. T. Morrison and Co. but nothing was obtained here.

At the town council meeting last night Councillor T. D. Morrison said, "It is unfortunate that something cannot be done with the children who are making these breaks." He said he understood that they are all under 16 years of age and they know that nothing can be done with them and highest commendation. The handsome trophy is on display in the Rexall Drug Store in O'Leary and is attracting much attention. It was won by Borden in 1950. Besides beating Souris, O'Leary also defeated Freetown and Tignish.

S' side Street Paving Program To Resume

A Prince County Viewpoint

Summerside's street paving program commenced last year with the paving of two miles of streets will be resumed this spring with the paving of another two miles, it was announced last night at the regular meeting of the Town Council, by Councillor J. L. Driscoll, chairman of the streets committee. This decision was approved unanimously by the meeting.

His Worship, Mayor Henry Wedge was in the chair and all members of the Council were present with the exception of Councillor Clarence Steele who is on leave of absence.

The paving will be done with concrete as was last year's work. Councillor Driscoll announced the streets to be done as follows: Harvard Street from the railway to Water Street; Duke on Notre Dame to Water; Cedar from Beaver to the railway; North Market from Cedar to Duke; Market from Cedar to Duke; Chestnut Avenue from Central to Duke; Hawthorne Avenue from Central to Duke; Maple Avenue from Central to Duke; Beatty Avenue from Granville to Summer; Granville Street from Green to Victoria Road; Central from Maple Avenue to Highland Avenue; East from Water to Harvard. The balance of Notre Dame not completed last year will be finished this year.

It was also approved by motion that the same firm of consulting engineers would be hired this year in connection with the paving program as were associated with it last year.

Town Clock Surplus
The clerk reported that he had received a letter from Mr. J. Watson MacNaught, member of Parliament for this constituency advising that the clock on the tower of the old post office will be declared surplus and suggesting that the Town would be able to purchase it at a nominal sum. The clerk said he had replied to Mr. MacNaught expressing appreciation for his interest in the town and he said he also wrote Mr. Lorne MacFarlane, M.L.A., asking him to endeavor to have the Provincial Department of Public Works move the clock to the court house.

Councillor H. B. Schurman reported that he had invited the members of the Students Council of the High School to attend the next meeting of the Council.

Electric Light Bills
Councillor T. D. Morrison, chairman of the electric light committee, reported that a new system has been put in force for collect-

tion delinquent bills in the electric light department. While the number of overdue accounts is less than it was some time ago it is still bad, he said. He explained that from now on when an account is overdue two months the customer will get a red tag with his bill advising that if the account is not paid in full in ten days his power will be shut off. He said that he has taken quite a bit of criticism from citizens, the council and, especially his own committee to the effect that these overdue bills should not be allowed to increase. "So we are going to carry this system out and when a person gets this red slip on his bill he will understand that this is the last notice he will get. After ten days the light plant will cut the connection without any further notification," Councillor Morrison said.

Mayor Wedge assured him that any action he undertakes will have no interference from him or any of the Council.

On motion of Councillor G. B. Sreen, seconded by Councillor Driscoll, Mr. Joseph B. Wood was appointed chief assessor and Mr. Kenneth Walker was appointed assistant assessor.

Mayor Wedge said that the council has discussed the matter of doing some more work to develop the Brennan property, purchased last year. It will be levelled, he said, and trees planted on the north side. The lower part will be turned into a sports field. He said he understood there is some agitation to move the tennis courts to this site where they could be used by the school children. The property consists of eight acres.—S

Cascumpec
Mr. and Mrs. Burton Stewart and son, Leigh, of Elmsdale were visitors at the home of Mr. and Mrs. Lester Wallace on Friday afternoon.

Mr. and Mrs. Alvin Bell, Mr. and Mrs. Hillard Bell and Roy Bell of Alberton were recent visitors at the home of Mr. and Mrs. Elmer Wallace.

Friends of Miss Helen Bryan are sorry to hear that she is confined to her home with pneumonia.

Miss Joyce Ashley has returned to her home after taking a six weeks course in Charlottetown.

Mr. and Mrs. Winnifred Bridges were recent business visitors to Summerside.
