OTTAWA, Oct. 29 (Special)—Speculation on what or who is keeping P. E. I. Premier J. Walter Jones out of an expected Senate seat was one of the many topics discussed by small groups in the closing hours of this week's meetings of the National Liberal Federation here.

The Premier was one of the very few head-table guests apart from the charmed circle of the Federal Cabinet at the National Liberal Federation dinner last night. He was seated beside Fisheries Minister "Jimmy" Sinclair, and the two were in animated conversation for nearly an hour.

Not only Prince Edward Islanders showed surprise that the veteran Premier had as yet received no call to the Upper House, and in post-meeting talks a number from other Maritime Provinces spoke with unusual frankness for "off-the-record" comments.

Usually heavy shipments of potatoes during the present crop season have been primarily responsible for the existing shortage of refrigerator cars. Estimates of 40 to 50 cars per day, while it is believed that there are only between 10 and 15 available.

OTTAWA, Oct. 28 (Special)—Fisheries Minister Sinclair today spent some time with J. Watson MacNaught, M.P. for Prince, and discussed fisheries matters with special reference to fisheries on the eastern seaboard. The two were also together late today at the meeting of the National Liberal Federation.

Speaking to The Guardian, Mr. Sinclair said: "I'm delighted that as head of the department, I am so fortunate to have as parliamentary assistant, a man so familiar with Canada's fisheries policy and eastern fisheries problems as Watson MacNaught. My own personal experience is confined largely to the Pacific Coast, and Mr. MacNaught's knowledge and co-operation will be of the utmost value."

Mr. MacNaught's knowledge and co-operation will be of the utmost value. This ties up practically every available box car and leaves little stock to handle ordinary traffic.

GLACE BAY, N. S., Oct. 28 (OP)—Glacé Bay Miners tonight defeated the scrappy Charlottetown Islanders 5-4 in a hard-fought contest which saw Miners win their first game of the Maritime Major Hockey League this year.

"While Charlottetown was rated in a recent Dominion-wide survey as ninth in income out of 56 cities reviewed and first in the Maritimes, only 33 per cent of the city revenue was earmarked for education as compared with Halifax with 60 per cent allocated to that purpose," said Mr. K. A. Parker, M. A., Superintendent of City Schools in an address before Alpha Y's Men's Club last evening.

"The four school buildings in the city have an average age of 75 years, without any major alterations or improvements during the past 30 years," said the speaker. There has been a small but steady increase in the school population during the past years, and the tendency continues."

"Next year the City will be confronted with the tidal wave development of the 60-cent post-war babies, who will be reaching their sixth year, and for the following 4 or 5 years the school enrollment should be 25 or 26 hundred as compared with 17 hundred now."
