TCH Memorial Said Planned

OTTAWA (CP) — Works Minister Walker has announced that a memorial will be erected in Glacier National Park to mark the official opening of the Trans-Canada Highway this fall.

The exact location of the memorial has not been decided but it is expected to be at or near the summit of Rogers Pass in the Rocky Mountains Mr. Walker said in a press release.

It will consist of two large arches spanning a mosaic map of Canada. A cube-shaped centrepiece will be suspended from the arches to record details of construction of the 4,859-mile highway.

The memorial will be surrounded by three masonry walls on which the coats of arms of the provinces and territories will be affixed.

By the time of completion, it is expected the highway will have cost about $1,000,000,000. The federal-provincial project was undertaken in 1949 and was extended three times. The agreement now is scheduled to expire in 1963.

The bidding:

South	West	North	East
1♣	Pass	1♥	Pass
2 NT	Pass	3 NT	

Opening lead—ten of spades.

Which suit to attack and when and how to attack it determines the result of many a hand. Declarer cannot properly make a decision in such a case until after he has weighed all the evidence and considered the course of play most likely to succeed.

South is in three notrump and West opens a spade. Declarer ducks in dummy and wins with the king. The question is whether he should now lead hearts or clubs.

There are several ways for South to play the hand. He can begin by cashing three rounds of clubs, and if he finds the suit divided 3-3, he will coast in with ten tricks. Or, if he finds the clubs divided 4-2, with East having the four, he can then give East a club trick and thus build his fifth club into a guaranteed ninth trick.

But if, after three rounds of clubs, declarer learns that West started with four clubs, he may find himself in a peck of trouble. To give up a club at this point would put West on lead, and this could prove fatal if West returned a spade and it turned out that East had the spade length and strength.

Alternatively, South can begin the play of the hand by attacking hearts immediately — for example, by leading the ace and another heart. This line of play, however, is subject to the objection just mentioned—West may obtain the lead and return a spade.

The proper play, all things considered, is for South to lead a club towards dummy at trick two and finesse the ten. This play guarantees the contract whenever West has the Jack and also wins the hand whenever West has two, three or four clubs of any denomination.

For practical purposes, the first round club finesse assures the contract. It can lose only when West was dealt a singleton club or x-x-x-x-x of clubs, and must win in all other cases. In the actual hand, the club finesse results in declarer's making ten tricks, whereas almost any other line of play would lead to defeat.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
