Epidemic in New York.

NEW YORK, July 15.—Eleven more deaths and six new cases is the record today in the apparent epidemic of lockjaw that is at present afflicting New York and vicinity. This brings the fatalities reported since July 4th up to twenty-six, a record that has never been equalled in the same time in the history of medicine and surgery in this city.

A man may dress as well as his own good judgement and the assistance of an artist tailor may elect. He may take his "tubs," but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

Oppressive Heat.
How weak and weary one feels after the slightest exertion these hot days. All the strength seems to go out of the body—ambition is gone. What a difference, though, after a refreshing glass of

Abbey's Effervescent Salt.
It cools the blood and infuses energy into every part of the body. It strengthens the system and prevents sickness, headache, and the indisposition often caused by heat.
Sold by druggists everywhere at 60 cents a large bottle. Trial size, 25 cts.
The Maritime Medical News says: "The lasting effervescence of Abbey's Effervescent Salt makes it a most palatable drink, and its refrigerant qualities make it invaluable."
