

NO INDICATION THAT ENERGETIC BEAVERBROOK PLANS RETIREMENT

FREDERICTON, (CP) — Lord Beaverbrook, at 75 appearing energetic and fit, shows no indication of planning retirement.

Less than two weeks before arriving on his annual visit to New Brunswick, he announced that his controlling interests in the Express group of newspapers in London had been placed in a foundation. But he is the chief trustee and, as such, still holds the reins. Business calls to and from London, together with a mass of correspondence, are evidence of as much activity as ever.

The foundation will perpetuate his scholarships and other New Brunswick benefactions, as well as help aged and infirm Presbyterian ministers.

NASSAU-BOUND

After a month in this province, Lord Beaverbrook intends to leave in mid-November for a few days at Toronto and then will proceed to his winter home in the balmy climate of Nassau.

Every section of the province has been aided by the generosity of New Brunswick's greatest individual benefactor. The University of New Brunswick here, the whole Miramichi district and Newcastle in particular, where he grew to young manhood, have been especially fortunate. Capital required for Beaverbrook scholarships alone involves millions of dollars.

- Three-toed sloth

Yesterday's Answer

24. Measure of land
25. South African
26. Old measure of length
27. Old measure of length
28. Three-toed sloth

DAILY CRYPTOQUOTE—Here's how to work it: **A XYDLBAAXR** is **LONGFELLOW**

One letter simply stands for another. In this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

BABY CHICKS

We wish to announce that Chicks will be available from our hatchery from Dec. 1st on.

Besides the Pure Bred New Hampshires and Barred Rocks, and the black and grey Crossbreds, we will have a special small type high producer cross available this year. It is "Leghorn and Rock Crossbred" which gives a Leghorn type chicken.

Our chicks are R.O.P. bred. The highest commercial grade available. Place your order now for the coming season, from an Island Credited R.O.P. Breeder Hatchery, for diseased free chickens.

MacDONALD HATCHERY,

nickel deposits extending a length of 16 miles were reported in the north-west corner of the state of South Australia. The state government said the find offers prospects of important development.

CONFIDENTIALLY YOURS
—by Byron Hope Sanders—

MONTREAL, November 4th—One of the nicest moments in the day, seems to me, is when the family is finally away to school or business . . . and you can turn back to a leisurely cup of coffee before you start the dishes. Have a fresh, hot, fragrant cup of **INSTANT CHASE & SANBORN COFFEE**. . . just the way you want it—medium, mild, or strong. No fuss or bother—just add boiling water and the granules will melt like magic into full-bodied coffee that's a joy to serve! Best of it is, too—you save up to 40¢ a pound over regular coffee! Everywhere I go I find my friends serving Instant Chase & Sanborn Coffee—for breakfast—for their friends—for a quick pick-me-up.

Are You A "Working Gal"? If so . . . it's more important than ever that you know about the fine qualities of **FRESH CREAM DEODORANT** . . . because in the overheated offices of today, there's a very real danger of giving offense with underarm odor . . . without any realization of it yourself! New Fresh Cream Deodorant is made with an exclusive "Moisture-Shield" formula which keeps the underarms so dry that there's no possibility of odor . . . so dry there's no stain on clothing! Use Fresh Cream Deodorant every day—just a touch of its gentle cream base will bring you that confidence in perfect good grooming every career woman must have!

Eternal Vigilance, m'lasse, is what "Better Living" . . . is what most of us keep searching for. Many thousands of Canadians have found help through **mentholatum** . . . **mentholatum** . . . do remember that you can get help with **MENTHOLATUM**. This reliable product, with its fast-acting ingredients in a bland, soothing base will irritate irritated membranes, and ease the stuffiness in your nostrils and head. You'll find your head cold discomforts relieved when you use Mentholatum. Just apply a little inside each nostril and then sniff well back. Write for a **FREE GENEROUS SAMPLE** to Confidentially Yours, 1411 Crescent St., Montreal.

Skin Dryness Is A Robber! It robs you of that fresh, young look . . . in much the same way a smooth plum, when it's dried out, becomes a wrinkled prune! The wonder-working **WOODBURY DRY SKIN CREAM** will keep away the threat of dry skin—for it is lanolin-rich—and contains a remarkable new penetrating agent, too. This amazing penetrating ingredient carries the lanolin and other lubricating oils and emollients in the cream deeper into pore openings than was ever possible before. The regular use of Woodbury Dry Skin Cream will help to overcome the tiny dry skin lines—will bring a younger look to your skin. 25¢, 45¢, 75¢ and \$1.15 at stores everywhere.

Only Two Dollars And Fifty Cents down payment for a \$50 bond . . . only \$5 down payment for a \$100 bond! Yes, that's all you need to start with when you buy a Canada Savings Bond at the **BANK OF MONTREAL**. The remainder you pay in eleven monthly installments. It's a wonderful savings plan, absolutely safe, and the bonds carry a good rate of interest—too—3 1/2%. Why not drop in today and buy your bond at your nearest B of M branch? It won't cost you more than an evening at the theatre, and by next October you'll have a government-guaranteed "nest-egg" with which to meet unexpected opportunities of emergencies.

GRATEFUL UNIVERSITY

"How the university would have managed without him I don't know," says Dr. Colin B. Mackay, president of UNB, of which Lord Beaverbrook is life honorary chancellor.

His gifts to UNB include entrance and overseas scholarships, men's and women's residences, a gymnasium, library, rink, law school building at Saint John, the president's residence, invaluable historical papers and books. He also established scholarships at other New Brunswick universities. He returned the Presbyterian manse in Newcastle, where he spent his boyhood, as a library for the community, stocked with 10,000 volumes he gave. He converted the town's former burial place into a 12-acre park and built a rink at Newcastle and large town hall, including an auditorium.

COUNTLESS GIFTS

Other gifts to the Newcastle area include equipment for the Miramichi hospital, a memorial to early settlers and help for a rink at St. Thomas University in Chatham. He assisted in erection of a school at Beaverbrook, a village 15 miles from Newcastle from which he chose the name for his title. He also donated Dixon centre, a well-equipped recreation hall at Beaverbrook.

Beaverbrook fellowships and bursaries for overseas travel are awarded to New Brunswick teachers. He has enriched museums and schools with countless items and financed the collection of historical documents and old songs relating to the province.

The busy "Beaver," speaking philosophically at one point in his present visit, singled out ambition and ability to make decisions as keystones of success in life. He had seen men fall "for want of decisions."

He acknowledged he could look back over the years and find regrets. Retrospective examination led him to feel he might have been wiser to "cultivate his own garden" rather than "wandering over the world."
