

Dancing Groups At Musical Festival

The engaging group above participated in two events yesterday before the audience tumbled to the fact that the "pretty girls" were really boys. From Grade 5 Queen Square School, they received one third in their "Captain Jinks" dance and a first in Class 10a, Folk Dances of Many Lands. The dancers, left to right are: Roy Griffin, George Berrigan, Sammy Power, Bernard Murphy, Wayne Coyle, Dennis Boudreau, Paul Connolly, Kenneth Doiron. The boys were very good sports for appearing as girls and dispatched their "roles" very well.

The smiling youngsters above received 80 marks in dancing yesterday at P. W. C. They are from Central Royalty school. From left to right the couples are, David Jeffrey and Claudia Reid; Tommy Stewart and Frances Pickard; Harry MacLeod and Elaine Martin; Joseph Van Buk and Ann Marie Heighton. Barter's Film Lab.

AGREED FREIGHT CHARGES EXTENDED TO BENEFIT ISLAND POTATO GROWERS

Dancing & Choral Reading Feature Festival Opening

It may have been raining outside yesterday morning but certainly none of the spirits of the contestants of the 10th annual Prince Edward Island Musical were dampened.

Held at Prince of Wales College, the first day saw dancing and choral reading in the spotlight. Dr. G. D. Steel extended a welcome to the many people present and introduced the two adjudicators, Mrs. Garden Lawson of Summerside, Dancing, and Mrs. Arthur Roper, Choral Reading.

Unfortunately a number of cancellations took place due to illnesses and transportation difficulties but those present entered into the proceedings with great enthusiasm.

Mrs. Lawson complimented the various entries and made many constructive criticisms which will surely benefit them as they work and practice their techniques. The adjudicator has participated in many festivals in Scotland and was a champion solo dancer in northern Scotland. She also has been on many winning teams. At present, Mrs. Lawson is teaching dancing in Summerside.

Parliament At A Glance

By THE CANADIAN PRESS

Defence Minister Campney said press reports of army work's company thefts in British Columbia are greatly exaggerated.

Bona Arsenaull (L—Bonaventure) demanded a combined investigation throughout Quebec of low prices paid farmers for pulpwood.

J. W. Noseworthy (CCF—York South) urged immediate government planning for a long-range public works program to create jobs.

Jean Francois Poullot (L—Temiscouata) criticized the Quebec Social Credit party and called the editors of its monthly papers "imposters."

Wallace Nesbitt (PC—Oxford) asked deduction from taxable income of money paid druggists for drugs prescribed by doctors.

The Commons will consider departmental estimates. The Senate is adjourned until Tuesday.

The attainment of one of several important objectives recently sought by the Prince Edward Island Potato Marketing Board for the promotion of the industry was announced last evening by the chairman, Mr. Donald A. MacDonald.

He stated that an agreed charge supplement No. 1 to C.T.C. (A.C.), No. 75 had been signed on behalf of Island shippers holding valid dealers licenses from the Board and by the Canadian Freight Association on behalf of the Canadian National Railways, the Algoma Railway, the Chesapeake and Ohio Railway, the New York Central, the Ontario Northland Railway and the Wabash Railway.

Mr. MacDonald explained that this supplement extends the advantages obtained under the original agreed charge contract which became effective in March, 1954.

It includes 19 new destinations and at the same time makes provision for an inner zone rate basis on potatoes shipped from all Island points to over 30 destinations in the provinces of Quebec and Ontario which were affected by the class rates adjustments of March 1, 1955.

Mr. MacDonald points out that the original agreed contract between the Board and the Canadian Freight Association has been responsible for a substantial saving to Island producers and shippers—ranging from \$10 to \$100 per carload, depending upon the destination.

"It also gives us the same shipping rates from all points in the province to most Quebec and Ontario ports west of Lewis and Diamond Junction, and when it is realized that this Province ships from 7,000 to 8,000 carloads a year to this area, some

practically all of the 1955 crop was marketed was responsible for bringing an increased revenue of at least \$2,397,050.50 to our potato producers and thereby enabling Island farmers to market

"This agreement under which the Marketing agreement between the Potato Board and the Government of Canada for the marketing of the 1955 potato crop has been satisfactorily concluded. "The Federal Government has honoured every obligation under the contract," he added.

"The agreement under which practically all of the 1955 crop was marketed was responsible for bringing an increased revenue of at least \$2,397,050.50 to our potato producers and thereby enabling Island farmers to market

Mr. MacLean Queries Head Of Pensions Commission Re "Benefit Of Doubt" Clause

OTTAWA, (Special)—Attention of the special Commons committee on estimates was drawn Thursday to the "benefit of doubt" clause in Canada's veterans' charter by J. Angus MacLean, Conservative MP for Quebec.

With Veterans Affairs Minister Hughes Lapointe at the committee session was Brig. J. L. Melville, CBE, chairman of the Canadian Pensions Commission, Mr. MacLean raised the question as to whether the Pension Commission paid sufficient attention to the clause in the Pensions Act setting fourth the order of precedence in the armed forces.

"Was this clause about benefit of the doubt being generously interpreted?" Mr. MacLean asked. He was joined in cross-questioning of the Pensions Commission chairman by Col. Gordon Churchill, Conservative, Winnipeg South, Dr. W. G. Blair, Conservative, Lanark, Ont., and J. M. MacDonnell, Conservative, Toronto-Greenwood all like Mr. MacLean war veterans.

Brig. Melville said he believed that the clause in question had been and was being observed by his fellow-members of the Pensions Commission. He said, however, that he would give Mr. MacLean's question to the attention of the Commission and invite them to peruse the "benefit of the doubt" clause in the act and determine how it is being applied across the country.

South Viet Nam Civil War Looms After Clash

SAIGON, South Viet Nam (Reuters)—Fresh fighting broke out early today between government troops and the Binh Xuyen private army, adding to the toll of 150 soldiers and civilians killed and more than 600 wounded in Thursday's day-long battle.

The Associated Press said a square of the embattled South Viet Namese capital was set afire as Prime Minister Ngo Dinh Diem's government troops pressed their attack against the Binh Xuyen, blamed by the premier in a broadcast Thursday night for the start of the fighting.

In Cannes, France, the Vietnamese head of state, Bao Dai, announced he had decided to summon Diem immediately from Saigon and delegated full military powers to Gen. Nguyen Van Vy, inspector-general of the armed forces. The move was seen as an attempt to strip Diem of military control in his clash with two powerful sects opposing his regime.

The fighting was said to have started when government troops tried to take over a police station held by the Binh Xuyen, following orders by Diem for the embattled sect to hand over all such stations in the control.

The outbreak shattered an uneasy truce between the sects and the government, in force since 100 persons were killed in a violent clash last month.

Both sides agreed to a brief truce in the evening to pick up their wounded and fight fires blazing in many parts of the city. But the truce soon ended as artillery and machine-guns began to pound again.

Quebec Liberal Demands Federal Pulpwood Probe

OTTAWA, (CP)—A Liberal member from Quebec's Gaspé district Thursday demanded federal probes into "odious exploitation" of farmers and settlers through low prices for pulpwood.

Bona Arsenaull, Bonaventure, said last winter's prices in Gaspé fell so low that a farmer delivering pulpwood from his property was left with between 75 cents and \$2 a day for his labor.

Speaking in the Commons budget debate, he also called for provincial floor-price legislation in Quebec to require payment of at least \$15 a cord.

An investigation has already been ordered into allegations of price-fixing by newspaper firms in Quebec's Gatineau district. The charge was made earlier this session by Rodolphe Leduc (L—Gatineau).

LITTLE FOR EFFORT
Mr. Arsenaull said that prices in the Gaspé for pulpwood last winter were as low as \$10.50 and even \$7.50 a cord. It took two men and a horse a full 10-hour day to produce a cord. Figuring maintenance costs at \$6 a day, it left the two men with between \$1.50 and \$4 for their work.

Those were conditions in a province claiming to be in the forefront of the struggle against communism. Quebec's lumberjacks and settlers were not improving their lot.

Coastal Vessel Given Up For Lost Reaches Safety

ST JOHN'S, Nfld (CP)—A little coastal vessel, abandoned and given up for lost two weeks ago when crushing Arctic ice threatened to squeeze her to the bottom, was found and taken into Bonavista bay Thursday under her own power.

The Sid and Sam, heading up the northeast coast on a regular supply run, was abandoned by Capt. George Gover and his five-man crew when the rafting ice throughout Quebec into "odious exploitation" of farmers and settlers through low prices for pulpwood.

The big ice field, meanwhile, loosened somewhat Thursday when light winds gradually broke pieces of the raft and carried them farther into Bonavista bay. The vessel was taken into harbor there Thursday by a salvage crew that boarded her Wednesday.

Reports from Keel, Bonavista bay, said the little vessel was taken into harbor there Thursday by a salvage crew that boarded her Wednesday.

Coming Events

- *Dance in Millview Hall every Friday night.
- *Reserve Wednesday, August 3rd for St. Teresa's Picnic.
- *Rummage Sale, Trinity Church, Saturday, April 30th, 2 p. m.
- *Dance Emerald Hall, Friday, April 29. Music by the Myers brothers.
- *Brooklyn Concert in Grandview Hall, Monday, May 2nd, at 8 o'clock.
- *May 5th, French River, see "The Boy Named Beulah", by Summerside Players.
- *The Brookfield grain cleaning plant is now operating until further notice. Cruwys Bros.
- *B. C. Red Cedar Shingles, car arriving soon. Please get our prices. J. F. Morris, Kinkora.
- *Grand Bingo, St. Andrews Hall, Mt. Stewart, Monday, May 2nd, 20 games. Door prize.
- *Kelly's Cross Players present their 3-act play in Crapaud Hall, Monday, May 2, Curtain 8:30.
- *Clyde L. O. E. A. Pantry Sale, Simpsons—Sears, Saturday, April 30th, at 2 p. m.
- *Imported Cedar Posts on hand. Seasoned and peeled. All sizes. Priced right. J. F. Morris, Kinkora.
- *Reserve Tuesday, May 3rd, West Covehead Play in Harrington. Thursday, May 5th, in Wheatley River 8:30 p. m.
- *Dance in Long Creek Hall for Friday night. Winslow Hall, April 29. Nick Kays and his Eastern Gentlemen. Admission 50 cents. Dancing 9:30 to 12:30.
- *Winoles Hockey Club dance Friday night. Winslow Hall, April 29. Nick Kays and his Eastern Gentlemen. Admission 50 cents. Dancing 9:30 to 12:30.
- *The Annual Meeting of all interested in the New Glasgow Cemetery will be held in the United Church, Monday, May 2nd, at 8 p. m.
- *Plan to attend "Jenny Kissed Me" at Victoria, Friday, April 29. The greatest comedy of the year. Proceeds in aid of Victoria Community Hall.
- *North River hall, Friday, April 29, Charlottetown B.Y.P.U. will present their 3-act comedy "Dimples". Curtain 8:45. Proceeds for church repairs. Sale of eandy.
- *Showing at Morell tonight Friday only. See the most popular Sea Story of our time. "The Golden Hawk", starring Rhonda Fleming and Sterling Hayden. Its complete with all the good lines and situations that insure the success of any show. Technicolor. Show time 7:30 and 9:30 p. m.

New Red Activity Reported

Matsu Islands Are Placed On Alert

(By Spencer Moosa)
TAIPEI, Formosa, (AP)—The Matsu islands were ordered Thursday to be alert for a possible Chinese Red attack, and Nationalist air patrols were multiplied over the nearby mainland, where feverish activity was reported.

One wave of Nationalist patrol planes caught and set afire a 300-ton landing craft about 20 miles north of the Matsus. Nationalist air force headquarters reported.

The defence ministry's military information service said the Communists in a rush job had finished two new roads on Huangchi peninsula. The peninsula is only four miles north of the nearest island in the Matsu group.

The service said two Communist ships loaded with supplies Tuesday slipped into the port of Huangchi. The port is 10 miles north of Matsu, main island in the group 120 miles northwest of Formosa.

The service said the garrison of the seven islands in the group—believed to number 11,000 or more—had been ordered to be especially vigilant.

POLITICAL CIRCLES WORRIED
The China News said Russia was stepping up deliveries of twin-jet bombers to Communist China. The defence ministry, however, had nothing to confirm this.

Political quarters, meanwhile, were dismayed by press reports

that President Eisenhower had widened the scope of possible talks with Red China to include easing world tension, not merely a cease-fire.

Eisenhower told his press conference Wednesday the United States would be willing to talk to Red China without the Nationalists being present on such subjects as easing tensions, advancing world peace, and getting back U. S. airmen held prisoner in China.

Peiping radio heard in Tokyo said Premier Chen Eui-hai had reiterated in Jakarta, Indonesia, he was willing to negotiate with the United States to relax tension in the Formosa area. But he ruled out any participation in the talks by Nationalist China. His

remarks were made to a correspondent of the U. S. magazine The Nation.
