OVER TEN MILLION PEOPLE
HAVE EXPERIENCED THE YEAR'S
MOST EXCITING MOVIE!

NOW IT'S YOUR TURN.

BRUCE WILLIS DIE HARD

Die Hard

Charlottetown Twin Cinemas
Starring: Bruce Willis Bonnie
Bedelia Alexander Godunov

This Twentieth Century Fox
movie starts as a love story with
Bruce Willis and Bonnie Bedelia
as the not so loving couple in
a separation/reconciliation situa-
tion. Then *WHAM!* one is drawn
into a terrorist event to end all
terrorist events!

Alexander Godunov, a sexy
but very nasty guy, spars ad-
mirably with Willis from here on
in and it gets gory. One definitely
needs a strong stomach to get
through this one. Comedy this

isn't; a thrilling adventure, yes!
The show isn't without laughs
(keep your eye on the chauffeur)
and one is kept on the edge of
his/her seat throughout the show.

I didn't know just what to ex-
pect from Willis and I'm happy
to say I was pleasantly surprised.
I guess you could call him a like-
able Rambo in this film; at least
the audience thought so as they
cheered him on.

By the end of the film there is
a large body count and the set re-
sembles a war zone, but I liked it.

Bruce you did good. I give
this a straight A rating!

Main event

On Sept 15, 1988 at the
Barn, the Student Union and
Moosehead Breweries are proud
to present 'The Trees', as the first
main event of 1988/89. Through-
out the evening, all students are
invited to enjoy super music from
one of Canada's best bands, win-
ners of the Best Band Award
at the International Popular Mu-
sic Festival Band Explosion in
Tokyo, Japan. As well, the event
will be hosted by Mr. Gordie
Cox, with lots of great prizes
and giveaways throughout the
evening. It's shaping up to be a
great time.

In an effort to increase the
awareness of CFS, and the Stu-
dentSaver program, the admis-
sion will be reduced to \$3.00
with StudentSaver, [\$4.00 with-
out]. So don't forget your Stu-
dentSaver card!!

This is a Wet/Dry event; ad-
mission at the door.

Counting Zero

by Bobbie-Sue Keating

In summing up the Count-
ing Zero concert last Wednesday
night at the Barn, I guess that I
could probably tell you my opin-
ion of it in 3 or 4 words. I would,
but because the student paper
reaches a few learned people, I
think I should use more civilized
work like - dull, totally boring,
and less exciting than watching
two ants making it in long grass.

Counting Zero is an appro-
priate name for this group. It
tells their story exactly. They are
zero, zilch, and absolutely noth-
ing.

The only variety to their mu-
sic was how long the screams
lasted and how long it took be-

tween the guitar wails. Through-
out all of the first set, which
was as long as I stayed, the
beat didn't change, the screams
didn't change and I couldn't tell
whether the lyrics changed or not
because I couldn't understand
them because of the extreme high
volume.

If anyone ever had a chance to
see Counting Zero again, I would
tell them to forget it. It's not
worth even the energy to clean
your toenails for.

Two last things. Number 1:
The lighting effects were great
and, 2: I think it's a damn shame
that the SU Office hired a band
that wouldn't give an interview
to one of the major SU organiza-
tions, namely the GEM.
