INCIDENTS of the famous "Ride to Khiva" will doubtless be eclipsed by incidents of Mr. B's ride over the steep hills and deep dales between this city and Vernon River. GAME FISHES OF THE UNITED STATES.—We have been shown a specimen of a work now being issued by Charles Scribner's Sons, of New York, entitled the Game Fishes of the United States, which is intended to be a companion of the "Upland Game Birds and Water Fowl of the United States," which was so favorably received at the time of publication. The work will be issued bi-monthly in parts, each part containing two plates, size 22 x 28 inches, and will be completed in ten parts, and sold exclusively by subscription. Part I contains two plates—the Atlantic salmon and the Eastern red speckled trout, which have only to be seen to be appreciated. Added to the fact that the publication is issued by the Scribners, which in itself is a recommendation, it is, only necessary to prove its real value, to add that the work has the endorsement of the Smithsonian Institute. Mr. Walter K. Yorston is now canvassing the city for subscriptions. He is staying at the REVERE HOUSE.
