
S'SIDE STREET NAME MIS-SPELLED

Most dictionaries spell it "Chestnut," but Summerside has a different version as can be seen on the sign "Chesnut Ave." Many visitors and even long-time residents of Chestnut Avenue did not realize the spelling until it was brought to their attention. The mis-spelled word looks so much like the correct way, it is easy to miss. Town Manager Joseph Brophy said the sign came that way from the factory.

S'side Council Edict Bans Liquor In Town Fire Hall

SUMMERSIDE — A resolution passed at last night's meeting of the Summerside Town Council prohibits the re-sale of intoxicating liquor or beverages at the new fire hall and resulted in a protest, on behalf of the firemen, from Coun. Leo Wood, the town's fire chief.

Mayor J.E. Morrison presided with all councillors present as well as Town Manager J.A. Brophy and Town Clerk J.E. Cameron.

After the resolution was unanimously passed, Coun. Wood told the council he felt "The town manager and some of the councillors went too far in telling the firemen what they can or can't do".

He said the firemen were "putting on parties to pay for the loan you backed", adding "there are always firemen to take the equipment to a fire."

Coun. Wood continued," you only did it to satisfy the janitor, in my mind," adding that "the janitor didn't want the work of cleaning up the auditorium."

He said the council shouldn't interfere with the firemen pointing out that "some councillors interfered and they're not here today." He concluded saying "I think the council let the boys down."

LET DOWN?

Coun. George Key, Jr., asked Coun. Wood, "in what way did the council let them down?" Coun. Wood replied "in privileges. I think they're tied down pretty well now".

Mayor Morrison asked Coun. Wood "what privileges have you been deprived of?" Coun Wood answered "we have to put on dances to help pay the bills." Coun. Key interjected "the dances have not been eliminated." Coun. Wood replied" the firemen had a little canteen there."

Councillor Mrs. Wilfred Perry asked Coun. Wood "do you think the citizens of the town would allow it?" Wood answered "have the same thing here in the mayor's office." Mayor Morrison stated "we have certain things there for the entertainment of certain guests". Coun. Wood replied that the firemen have as much right to such things as guests.

Coun. Alex MacDonald told the council that "I may have agreed with the firemen at first, but after thinking the matter over. I don't believe there should be a canteen there as it's a town-owned building!"

Mayor Morrison said he didn't think the town as a whole would agree with having a canteen in the fire hall. His Worship said "I'm sorry the firemen can't see it our way. We want to co-operate in every way and have backed their note", ($4,000 the firemen borrowed for furnishings for the auditorium.

Mayor Morrison said the firemen had done an excellent job and he had no fault to find with them.

The resolution, introduced by Coun. Garnet Ross stated, in part, it is "Strictly prohibitive to have, introduce, or possess intoxicating liquor or beverages on the said premises whether for individual or personal use or for resale or otherwise".

The resolution also included the rates governing the rental of the auditorium in the fire hall which are $15 for daytime, $25 for evenings, $5 for stove, $50 for all other functions, except for charitable organizations.

S'side Honors Canadian Pole Vault Champion

SUMMERSIDE—A handsome trophy was presented to Canadian pole vaulting champion, Alf Groom by Mayor J. Ernest Morrison, on behalf of the citizens of the town, prior to last night's meeting of council.

A silver tray was also presented by the president of the Summerside Amateur Athletic Association, James T. Hogan on behalf of all the children who use the playgrounds.

The presentations were in recognition of Mr. Groom's recent achievement at the British Empire Games trials held in Toronto in August when he vaulted 14 feet 3 inches and won a berth on the Empire Games team that will compete in Perth, Australia in November.

In replying to the honors bestowed on him, Mr. Groom said it was a "very heart-warming but also a serious moment" and expressed the hope that "With God's Help" he would be able to do his very best at the games. He thanked all those responsible for the reception he received when he arrived home in August as well as for the presentations.

Rev. Donald MacKay, who was present for the presentation said it was "a thrill to stand here and see a man of the type of Alf Groom receive a gift as a token of the respect, loyalty and admiration of the people of this town."

Mr. MacKay said "we will be proud of him no matter how he does in Perth" adding that he was certain Mr. Groom would do well at the British Empire Games.

Others present included Charles Ballem, physical education director for Summerside schools, Gordon Kelly and Sidney Forbes, members of the SAAA., and Charles Morrison newly appointed physical education director for the town who will work with Mr. Ballem.

Tignish Man Is Remanded

SUMMERSIDE — Robert DesRoches of Tignish pleaded not guilty to a charge of "joyriding" in police court yesterday and was remanded for trial until Wednesday morning by Magistrate Richard S. Hinton QC.

DesRoches is charged with taking a 1956 Ford owned by Bert Hamill of Kinkora without the owner's consent.

Two speeders, Danny Murphy and Reginald MacKinnon, both of Summerside were each fined $1 and costs for speeding on Water street while William Thibault Summerside was fined $10 and costs for speeding. A Norboro man was fined $10 and costs for operating a motor vehicle with defective brakes.

Fears Held Players Lost To Alouettes

MONTREAL (CP) — Fears were held today that Jack Espenship, offensive half and defensive linebacker for Montreal Alouettes, may be lost to the club for at least two or three games.

Dr. Gordon Young, club physician, said Monday Espenship's collarbone was pulled from the breast bone in Saturday's 17-7 loss to Calgary Stampeders. The injury will require treatment and time, and length of Espenship's absence is not yet definitely known.

CHANGING TREND

In the first 60 years of the century the total of agricultural workers in Canada dropped to 11 per cent from 40 per cent of

Coun. Wood Objects To Contract Awarding

SUMMERSIDE — Awarding of a contract to an outside firm by the Summerside Town Council, when a local firm submitted a tender amounting to only a few hundred dollars more, was criticized at last night's council meeting by Coun. Leo Wood.

Coun. Wood referred to the awarding of a contract to Eastern Woodworkers Ltd. for the addition to the electric light plant where the new generator will be installed. Coun. Wood said, "only $700 difference between the outside firm and M. F. Schurman Ltd., who have been here for 60 or 70 years and leave a lot of taxes here as well as provide a lot of employment."

Coun. Mrs. Wilfred Perry stated there had been quite a bit of discussion concerning the matter within the council and it was felt that since the electric light engineer was married to a Schurman and there is also a Schurman in the council it was decided to give the contract to the lowest tender. Coun. Perry said the incident "made us realize we should just call for tenders within the town."

TAXPAYERS ONLY

Mayor J. E. Morrison said that general tenders had been called, in this instance, at the request of the plant engineer. He said he hoped that in future tenders will be invited from taxpayers only. "They should be the people who do the work for the town."

Coun. George Key said he agreed and was in favor of contractors. He introduced two resolutions regarding the electric light department of which he is chairman.

One approved the adoption of regulations attached to the resolution regarding rates for the distribution and sale of electric power and energy within the corporate limits of the town and that all previous schedules of such rates and regulations be cancelled.

The resolution stated that existing regulations governing the distribution and sale of electric power require considerable revision to align with fair and accepted utility practice.

STREET LIGHTS

The other resolution brought in by Coun. Key concerned the adoption of a street lighting program which will eventually see the installation of mercury-vapor lights in all areas of the town. Coun. Key said the cost of conversion to the mercury-vapor lights will be $22,207 and this program will be carried out as funds permit.

Coun. Herbert Schurman introduced two resolutions, one of which provided names for the streets, avenues, courts and crescents at the recently opened Hillcrest sub-division. The other approved, for zoning purposes, that the land north of the former town boundaries that was annexed through an act of the Legislative Assembly last April, be designated as being within the confines of the residential zone of the town.

A contract for the laying of water and sewerage mains from Heaton Avenue, north on Granville Street to service the rural regional high school was awarded to Curran and Briggs Ltd., who submitted the lowest tender of $2,120.65. The resolution was introduced by Coun. Alex MacDonald and revealed that tenders were also received from M.F. Schurman Co., Ltd. ($3,099.60) and Inman plumbing and heating ($4,077.)

DEPUTY CHIEF NAMED

Captain Frank Arsenault was approved by the council as appointed to the position of deputy fire chief succeeding the late Ensor Bowness.

After the monthly electric light department report was read by Town Manager Brophy, Coun Wood asked if the new generator purchased last year had been causing a lot of trouble.

Mr. Brophy replied that it has caused trouble "from time to time", mainly with rubber gaskets giving away. Mr. Brophy said all the gaskets are being renewed as they break down but emphasized that maintenance costs have not been excessive. He pointed out that it costs only 78 cents to produce a kilowatt of power with the new generator compared to 1.30 cents with the old.

Coun. Herbert Schurman, noted following the police report, submitted by Chief S.D.A. Wanamaker, that parking meter collections for August had been $1,105.70 which he said was "probably triple the July collections". He said some complaints are being received about the police being too strict on parking but added that the motorists must be taught to comply with parking regulations.

He said a parking lot has been made available next to the old fire hall, on the west side, for 30 minute parking to assist motorists in finding parking space.

Mayor Morrison said the chief should be commended for the good job he has done.

13 APPLICATIONS

Coun. Schurman added that 13 applications have been received for the position of motorcycle policeman but no choice has been approved yet by the police committee.

Coun. Wood commended the water and sewerage department for the excellent way they have looked after the fire hydrants. He said they have been painted and new ones put in where necessary.

Coun. Wood said the old hydrants are "pretty shaky", some of which are over 50 years old and should be replaced.

MORE CARS

Between 1947 and 1960, the proportion of passenger autos in Canada increased to one for every four Canadians, from one for every eight.

4-H Public Speaking Winners Declared For Prince County

SUMMERSIDE — Members from prince county 4-H clubs met last night in the auditorium of Elm Street School for the elimination finals for the county in public speaking competitions.

Although attendance was low, interest and enthusiasm among the 4-Hers was very high. Thomas Hall, principal of the Summerside Rural Regional High School, and one of last evening's judges, commented on the keen competition displayed by the contestants, especially in the intermediate class. Mr. Hall, in his critical analysis, pointed out to the speakers how they might improve their oratorical methods and he highlighted some good and bad points of public speaking.

The two other judges were Mrs. Harold Linkletter, Linkletter Road, and Charles Linkletter, Summerside. David Ward fieldman with the provincial department of agriculture, acted as chairman.

The winners in their respective classes were Brenda Milligan, Kinkora, junior, who spoke on the topic "Safety on a bicycle" Gerald Arsenault, Kinkora, intermediate, who spoke on the topic "Use of our time in school." Senior winner was Joyce McFadden, Lot 10, who had as her topic "What a college education means to a farmer."

These three winners will compete with winners from Kings and Queens counties for the Island championship at the Rural Youth Fair in Charlottetown, Sept. 27 and 28.

Cubs Down Cards 8-4

CHICAGO (AP)—Rookie outfielder Billy Ott's first major league homer ignited a five run seventh inning as Chicago Cubs defeated St. Louis 8-4 Monday in the only day action in the majors.

Ernie Banks followed with his 35th homer with two runners aboard to chase Ray Washburn with his eighth loss in 19 decisions. Dick Ellsworth posted his ninth win. He has lost 18.

Key Boyer's 23rd home run shoved the Cardinals away to a 3-0 lead in the first. Shortstop Julio Gotay his his second homer of the season in the seventh with the bases empty.

Bombers Nip Riders 20-18

By GRAHAM COX

WINNIPEG (CP) — Winnipeg Blue Bombers extended their Western Football Conference win streak to seven games and their league lead to five points Monday night, defeating Saskatchewan Roughriders 20-18 before 16,213 fans.
