

THE FAT IN

the food supplies warmth and strength; without it the digestion, the muscles, the nerves and the brain are weak, and general debility follows. But fat is hard to digest and is disliked by many.

Scott's Emulsion supplies the fat in a form pleasant to take and easy to digest. It strengthens the nerves and muscles, invigorates mind and body, and builds up the entire system.

See and try it, all druggists, SCOTT & BOWNE, Chemists, Toronto.

TO BOSTON

TO BOSTON

Commencing June 29th, 1900

P. E. ISLAND NOT REPRESENTED

At the Paris Exposition

NOTHING EXHIBITED FROM THE ISLAND.

Senator Ferguson Shows That Interests of Province Subordinated to Low Political Purposes.

Hon Mr. FERGUSON moved:

That a humble address be presented to His Excellency the Governor General, praying that His Excellency will cause to be laid before the Senate: 1. Copies of all letters and telegrams between the government of Canada, or any member of official thereof, and the Premier of Prince Edward Island or any other person, relative to the selection, preparation and forwarding of the products of the said island for the Paris Exhibition; and also relating to the appointment of any person to take charge of the said products at Paris.

2. A detailed statement of the said products.

3. A statement in detail of all moneys expended in the selection, preparation and forwarding of said products, and to whom paid.

He said: It will be in the recollection of hon. gentlemen that I made some inquiries of the government at an early period in the session with regard to some of these matters, and it will also be remembered that very precise information was not then obtained. I have it on excellent authority that early action was not taken by the government in regard to the representation at Paris of the products of Prince Edward Island. When I was in Halifax about the first of October last, I met Mr. Bigelow, of Wolfville, N. S., who had been employed by the government to get up an exhibition of fruits for Nova Scotia, and he showed me a telegram which he had received that day from the Secretary of the Commission, or the Department of Agriculture, I forget which,—at all events from the authority engaged in organizing for the Paris Exposition, asking him to make a preparation of the fruits of Prince Edward Island, just the same as he had made of the products of Nova Scotia, and he told me that he thought it was absolutely impossible to do anything that would be worth doing at that late date, that he had been at work from the month of June in the Province of Nova Scotia, and it would be quite impossible to make any adequate representation of the fruits of Prince Edward Island at that late period. The early fruits had all passed away and all that remained were the late apples and some other late fruits, and therefore he thought it would be impossible to make any adequate representation. I fully agreed with that view, and he told me he sent a telegram to that effect. However, shortly afterwards, a young man, Mr. Clark, received authority to make a selection of fruits and grains of the province, and I saw some of this young man's work. I know that he made a very determined effort and did all that a man could reasonably do at that late period to get up a representation of the grains and fruits of the province, but it was impossible for him to get an adequate representation, because he did not get authority in time. This Mr. Clark is the Liberal organizer for the province; but I must say, for my knowledge of him and his work, that he did it as well as it could be done at that late period. I had, however, yesterday a letter from a friend in Paris who visited the exposition, and after making a very exhaustive inquiry, he failed to find and on exhibition any of the products of Prince Edward Island. I cannot explain why that is. He saw some grains in sheaves decorating the walls, but could not see the inscriptions, and he failed to see anything from the province of Prince Edward Island. I think that this accentuates a point I made on the last occasion this subject was discussed, that in the large staff appointed each province should be represented. If each province had been represented, let it be to ever so in-

ferior a position on the staff, our representative would take some interest in having the province displayed, but I fear the remote and less important parts of the country have been entirely lost sight of by the officials sent to Paris. It is to be regretted such is the case, and I think that owing to the large number of officials sent to Paris the representation should have been given to the whole country, and in that way secure a proper exhibition of the products of the different provinces. I think I will be able to convince this House that this matter of the Paris Exposition, as far as relates to Prince Edward Island, at all events, has not been promoted by the government of Canada in the interests of the province or in the public interest, but for a low order of political purposes.

Hon. Mr. MILLS—Order, order.

Hon. Mr. FERGUSON—I will be able to sustain my statement to the fullest extent.

Hon. Mr. MILLS—The hon. gentleman has no right to use such language. It is unparliamentary. He is attributing dishonourable motives.

Hon. Mr. FERGUSON—I am speaking of the government of this country. I am not speaking of this House individually. It will be a long day, and a strange day when members of this House will be prevented from expressing their opinions freely and fully with regard to the doings of the government. I intend to use my position in this House to condemn the conduct of the administration where I think they have done something wrong and seriously wrong.

Hon. Mr. POWER—Always, of course, in accordance with parliamentary practice.

Hon. Mr. FERGUSON—Certainly. In the province of Prince Edward Island it is well known the provincial government has been in difficulties. They have lost many by-elections, and they found themselves in a minority in that legislature about the middle of December last. An election was held in the district of Tignish on the 25th of July, 1899, and the Liberal party having charge of the government of the country put a candidate in the field who was opposed by the candidate of the opposition, and the result was that whereas in the previous election the government candidate had a majority of 244 in the by-election the decision of the people was reversed, and the Conservative candidate was declared elected by 30 or 40 of a majority. The Liberal organ, speaking of the event said:

The result of the vote yesterday will, we believe, make the Liberals all the keener in future contests, and to see that their organization is complete in every poll.

I have no doubt that resolution was acted upon, and that they improved their organization in every way they could. But the result was two by-elections were held in the month of December, and notwithstanding this earnest determination to improve their organization, they lost these two elections and the result was that the government were in the minority. The candidate elected on the occasion in the Conservative interest for the representation of the Tignish district was Mr. Henry J. Pineau. It appears, after losing all these seats, and finding that improved organization was not all that was needed, they set about with their friends in Ottawa, and on the Island to seduce from his allegiance to his constituents one of the members that had been elected in the by-election, this Mr. Pineau. Mr. Pineau attended the convention of the opposition on January 23 of this year when the following resolution was passed:

Moved by Wm. McNeil Simpson, Esq., seconded by H. J. Pineau, Esq., M. L. A. Resolved, that the electoral districts of New London, Tignish, Belfast and Murray Harbour are entitled to the thanks of this convention on behalf of the taxpayers of this province for having, at the recent partial elections, so decisively expressed condemnation of the Farquharson government, and the enormous public debt created by them through their extravagant and inefficient management of public affairs.

As hon. gentleman will see, there was no doubt about where Mr. H. J. Pineau, M. P., stood on the 23rd of January 1st. On the 9th day of February following, which would be about sixteen days after he voluntarily seconded the resolution which I have read to the House, a conversation took place between Mr. Pineau and Wm. Callaghan, a highly respected resident of Tignish district, and I have a declaration by Mr. Callaghan which I will read to the house to show what took place after the meeting on the 23rd of January.

(The declaration has already been published in The Examiner.)

As a matter of history, Mr. Pineau left his home at Tignish, on the morning of February 26, proceeded to Charlottetown the following day, presumably carrying out his own words that he was to go to town and see Premier Farquharson. He then passed over on the steamer *Minto* to the main-

land and arrived in Ottawa on the morning of March 3rd. It has been asserted very strongly that Mr. Pineau had not come to Ottawa at all, and in order to set that matter at rest, I will read the declaration of Mr. Huckell to the House:

In the Matter of Henry J. Pineau. I, John Huckell, of the city of Ottawa, in the county of Carleton, hotel-keeper, do solemnly declare:

1. I am and have been for eleven years last past proprietor of the Brunswick Hotel, in said city of Ottawa.

2. On the 4th day of March last Henry J. Pineau, of Tignish, P. E. I., registered at said hotel, and signed the hotel register, the entry made by him in said register being as follows, that is to say: 'Henry J. Pineau, Tignish, P. E. I.'

3. Said Pineau was a guest at said hotel from the said third day of March to the 13th day of March last, namely, ten days and a quarter.

And I make this solemn declaration, &c.

JOHN HUCKELL.

Declared before me at the city of Ottawa, in the county of Carleton, this 12th day of May, 1900.

A. MACFARLANE, Commissioner, &c.

(To be Continued.)

CENTURY TEA.

The parishioners of St. Andrew's Church, intend holding a Grand Tea Party on the beautiful grounds adjoining the Church on Wednesday, 11th July, prox.
