

In search of the Green

By Laurie Reeves

Hello again fellow students! I hope everyone's money situations have survived the "Holiday Season" and of course the "Tuition, Fees, and Books" season that so quickly followed. Hey, nobody said it was going to be easy, and so at this point I'd like to offer my assistance in helping you budget your monies—or what's left of it. Often just saying it out loud, and a bit of prioritizing makes things clearer and even hopeful.

Speaking of hope, I turn your attention to the upcoming awards offered to UPEI students. Think of it in terms of the well-used lottery slogans where you actually have to play to win. Come on, go ahead and apply!

For you Juniors and Seniors who continue to amaze yourselves and your families with 80% averages, I'd like to encourage you to utilize what Student Services has to offer as far as graduate school information is concerned. The process may seem somewhat intimidating at first, but really it's just a bit of sorting and shuffling of calendars, applications, and addresses. The Centre is ready to help you, but you've got to make the first move for the most part.

Oh yes—the "Student Loan Season" is still with us and if you want me to check over your loan, bursary, or appeal, then feel free to drop by.

With the new semester comes new office hours for me:

Tuesdays & Thursdays:
2:30-4:30 pm

Wednesdays & Fridays:
12:00-3:00pm

If these aren't great for you, or if you arrive during a busy spell, then don't give up because I'll do what I can to arrange a time convenient for you. Until next time, remember that "Search for the Green" begins with you.
