Grain

WINNIPEG, Sept. 22 (CP) - Coarse-grains futures displayed a weaker tone today on Winnipeg Grain Exchange.

There was some increase in selling in sympathy with the lower trend in United States grain markets and liquidation was also sparked by reports of good harvesting weather on the prairies and an expansion in farm grain deliveries.

Class two wheat, for export to countries outside the international wheat agreement, was unchanged at \$2.00. Export business included 370,000 bushels for Belgium and a small lot of 40,000 bushels to fill a cargo for the United Kingdom.
