TORONTO

TORONTO (CP) — The stock market failed to hold its early advance Monday and near the close of trading prices in all sections sagged, thus giving the market a moderate decline on the day.

Western oils also lost a bit more than a point to close at a 1959 low while golds eased a few decimal points on index.

Base metals, with senior issues adding fractions, managed to hold on to a gain of nearly ½ point on their index.

Mines were mixed to higher in general but coppers helped by carving out a fairly wide gain. Can-Erin, the most active stock at 292,633 shares, led coppers with a 22-cent gain to $1.97. Pato featured golds, adding 45 cents at $4.80 in active trading. Western oils moved down in a solid line but changes were generally small.

Index changes: Golds off .04 to 94.13; base metals up .45 to 174.93; western oils off 1.03 to 127.09.
