TENNIS.—A Tennis tournament, open to players from the Maritime Provinces, begins at St. John, N. B., on Tuesday next. Charlottetown will be represented.

IMPROVEMENTS.—The new front of Beer Bros. store is going up rapidly. * * * Dodd & Rogers have raised the roof of their premises, thus giving the roof a slope.

THE HALIFAX RACE.—Visitors from the Island to witness the great stallion race which takes place at Halifax on the 20th inst., had better write to the Halifax Hotel and secure rooms at once, as numerous applications are being received.

MISTAKEN.—The *Pioneer* states that *Secular Thought*, the organ of Canadian Secularists, has failed. We are informed that our contemporary is in error. The only change in the journal referred to is that it will in future be printed by contract.

THE VIGILANT.—The cruiser Vigilant, Capt. Hughes, arrived at this port on Friday, making the passage from Malpeque, P. E. I., in twenty-four hours. Capt. Lorway joined the Vigilant and left port yesterday.—*North Sydney Herald.*

POLICE COURT.—Mrs. Dawson McLean, North Wiltshire, selling light weight butter, fined five cents and cost of summons and butter confiscated; James Hennessey, violation Canada Temperance Act, first offence, $50 or one month's imprisonment. One other Scott Act case dismissed and three adjourned.

A SUCCESSFUL FARMER.—The *Pioneer* says: Wm Campbell, Esq., ex-Commissioner Public Works, is one of the most successful farmers in Prince County. His farm consists of 360 acres. He has 18 acres of potatoes, 31 of wheat, 51 of oats, 20 of turnips, and his stock consists of 10 horses, 9 cows and 50 sheep.

MORE LARGE POTATOES. — Mr. Donald Stewart, of Marshfield, dug this morning twelve stalks of potatoes, planted three months ago. The twelve stalks yielded 45 lbs. of potatoes. Mr. Stewart selected twelve of the potatoes, which weigh between them 15 lbs. We were shown the potatoes, which are of the Mountain Beauty variety, and very large. They are now on exhibition at the store of Mr. George Carter, Queen Street.

CLERICAL ASSOCIATION.—The *Pioneer* says that the Clerical Association of this Island will meet at Port Hill rectory on Wednesday [illegible]

D. A. MACKINNON, L.L.B.,

James Episcopal Church, Port Hill, this evening at 7.30, when addresses will be delivered by visiting clergymen; and a public meeting will be held on Wednesday evening at 7.30 at Bideford, and on Thursday evening at 7 o'clock at Lot 11.

HORSE NOTES.—A Halifax despatch says that Lieutenant McCowan's racing horse, Ragamuffin, ran away down Sackville street on Sunday, dashed against a lamp post and broke its neck. * * * The great event at Detroit, Mich., on Thursday was the race between Patron and Prince Wilkes. It took five heats to settle the race, Patron winning the two first and Prince Wilkes the three last. The time was, 2.18½, 2.15½, 2.16½, 2.20, 2.21.

A NARROW ESCAPE.—Brakeman Lafferty of the morning express had a narrow escape on Friday. The train was standing at the station, ready to depart for the west, and the brakeman crawled under the cars to couple the hose. Just then the driver started the train a few feet backwards. The conductor shouted for him to stop, and Lafferty managed to keep clear of the wheels until a standstill was made. Coupling under the cars is dangerous work.—*Summerside Pioneer.*

SOUND ON TEMPERANCE.—It is related of a Halifax lady who takes a great interest in the temperance cause, that she has changed her milkman because the latter feeds his cows on grain from a brewery. It seems that the lady in question has been a patron of the same milkman for a number of years and always found the milk good until her discovery that the cow got an occasional dish of brewery grains, and fearing the result of alcohol even in this far-reaching way, determined to change her milkman.

CORNER-LOAFING. — The corner loafing nuisance has again set in. "Last evening," writes a correspondent, "the infliction was even greater than usual. At Walker's Corner, Grafton Street, a number of hoodlums congregated and took occasion to use obscene and insulting language to almost every lady passing by. If the authorities will not make a strenuous effort to suppress this evil I would not be surprised to find our citizens take the law in their own hands and use the most summary measures. It is a state of affairs purely criminal and should be stamped out as a very pestilence."

ANOTHER SALVATIONIST IN TROUBLE.—A Fredericton despatch to the St. John *Telegraph* says: Theodore White, of Houlton, who has been here a month, during which time he has been a shining light in the Salvation Army, is in trouble. He is charged with stealing two gold rings and $4 from Mrs. Bartlett Barker, Westmorland street. He was working at Lounsbury's hotel at the time, and had been sent around to Mrs. Barker's with the washing. It seems that while she was in the back yard, putting out some clothes, White entered the house by the front door and pocketed the rings and the money. Mrs. Barker missed the articles a day or two afterwards, and reported the case to the police, resulting in White's arrest by Sergt. Vandine. Since his arrest, White has confessed to stealing 12 dozen of eggs from a farmer's waggon and selling them to a city grocer. His examination takes place on Tuesday. For some time past White has been carrying around a subscription list, and with a long face has been asking merchants and others to contribute towards bringing his "poor father" here from Houlton, stating that he and his brother would then support him. He got a good many dollars in this way, but his poor father has not yet arrived.

SPECIAL DESPATCHES TO THE EXAMINER.

TORONTO TIDINGS.

The Governor-General's Visit.

AN ENTHUSIASTIC RECEPTION.

His Remarks on Retaliation.

TORONTO, Sept. 11.

There was a large crowd at the Union Station this morning to greet the Governor-General and Lady Stanley on their first visit to Toronto. Most of the members of the City Council met the visitors at North Toronto Station and accompanied them to Union Station. On making their appearance they were greeted with rousing cheers. They were immediately driven to Queen's Hotel, where they will remain during their sojourn here. His Excellency was presented with eight addresses from the Synod of the Toronto Dioceses, St. George's Society, Toronto Conference of the Methodist Church, the Board of Trade, Sons of England, Army and Navy Veterans, St. Andrew's Society and the City Council. The Board of Trade in their address referred to the retaliation bill. His Excellency, in reply, said: "You have referred (and now I wander upon rather delicate ground) to the satisfaction which was felt at the framing of the treaty by commissioners appointed by the British, United States and Canadian Governments, for the purpose of settling the fisheries question. Having been at that time a member of the British Cabinet which inaugurated these negotiations, I shared with you the satisfaction which was so generally felt at the result of the negotiations, and it is impossible to conceal the feeling of disappointment when that which has been looked upon as a fair compromise, and as an evidence of compromise has been attacked by both sides; if notwithstanding, it is not accepted in the light in which it was originally intended, you will not expect one here in my place to enter into any discussion of the political question, but I may say that it is a source of great satisfaction to see the confident strength with which the Dominion, firmly relying on the goodness of her motives and the goodness of her own cause, is able to maintain the attitude of quiet and dignified observation, and is able to feel certain that the volume of her trade, increasing, as it does, from day to day, if it is denied the one channel it must find others, and that nothing, please God, which can be done by man will stop advancing the prosperity of this great Dominion."

Ottawa News.

The Premier has gone to Kingston to assist at the opening of the Exhibition there.

The [illegible] Globe's editorial on the [illegible] of this saying [illegible] "From the skulking conduct of the Republicans in the House, it may be surmised that the Senate will pass the measure; but we do not think that will happen. Surely public opinion in the States is not so degraded that the country can be carried in a course of wanton aggression by two setts of contemptible politicians competing for the hoodlum vote."

The Temiscouata railway will be opened for traffic Sept. 18th.

Reports received regarding the recent frost show that Manitoba wheat is but slightly injured. Maine has suffered to the extent of a million dollars, while the tobacco and corn crops of the Southern and Western States are seriously injured.

A Quebec despatch of the 8th says that Lieut. Col. Colter, Assistant Provincial Secretary, died in an epileptic fit on the Island of Orleans on that day.

Pennsylvania has some girls worth having. In the haying season a gentleman, during a short drive, counted nine young women driving two-horse mowers, and 17 managing horse rakes.

Mr. G. S. Mason, champion bicyclist of the Island, late in the employ of Mr. G. H. Taylor, watchmaker and jeweler, left this morning for Seattle, W. T. We wish him success.

Rev. Mr. Frost, Curate of St. Paul's, preached in St. Mary's Church, Summerside, on Sunday. The *Pioneer* says he "preached without notes, is earnest and practical, and gives promise of taking a high place in his high calling."

Archbishop Lynch's will was filed on the 5th inst. The personal property left by the deceased amounts to less than $500, divided as follows: Cash on hand, $9.25; cash in bank, $334.34; wearing appearl and other effects $100—$414.09.

A very interesting meeting was held last Sunday evening in the Salvation Army barracks, Truro. Captain Gough, who has been stationed there for the last six months, farewelled for India. The captain along with twenty other officers leave Wednesday morning for the field of labor.

An interesting story is told of Mr. Matthew Arnold, who saw with surprise a little barefooted newsboy seated in one of the best chairs in a reading-room in Boston, enjoying the "Life of Washington." "I do not believe," said he, "there is a reading-room in all Europe in which that boy, dressed as he is, would enter. . . . I do not think I have been so impressed with anything else that I have seen since arriving in this country. What a tribute to democratic institutions it is to say that they permit him to come in here and excite his youthful imagination by reading such a book as the 'Life of Washington'! The reading of that one book may change the whole course of that boy's life, and may be the means of making him a useful, honorable, worthy citizen of this country."

Mr. Henry Lawson, at one time editor of the *Patriot*, and for some years past associate editor of the Montreal *Star*, has lately severed his connection with that journal and accepted the position of editor of the Victoria, B. C., *Colonist*. Mr. Lawson, like many others, has gradually been developing Conservative proclivities, and in taking charge of the leading Conservative organ of the Pacific Coast will no doubt be able to do good service in upholding the interests of this wide Dominion which the Opposition leader is just now so anxious to sacrifice to our friends over the border. We congratulate Mr. Lawson on his change of place and politics, and wish him every success in his new sphere of labor.

THE HALIFAX RACE.—Visitors from the Island to witness the great stallion race which takes place at Halifax on the 20th inst. had better write to the Halifax Hotel and secure rooms at once, as numerous applications are being made.

FISHING.—The fishing continues to be poor. The American mackerel fishers feel the loss particularly. The mackerel fishing in North Bay is about given up as a failure. One of the American seining steamers was at Hawkesbury last week on her way home and reports that she was in North Bay for the last three months and did not get enough to pay the cook's wages. The Novelty, another steamer, has fared almost as bad. Altogether the fishing has been backward this season, and no mackerel have struck in our harbor so far.—*North Sydney Herald.*

LAST SAD RITES.—On Wednesday evening last the body of the late Mr. Frank Townsend, son of Mr. John Townsend of the Back Road, was brought over to the Island and taken to Bedeque for intermit. On arrival of the steamer, the parents and friends of deceased assebled at the station, where they viewed the remains, and then conveyed them to their last resting place. Mr. Townsend was only 22 years of age. He had been living for some time in Springfield, Mass., where he contracted the disease which caused his death. He was much respected by all his acquaintances. His parents and friends have our warmest sympathy in their loss.—*Pioneer.*

ADVICE TO MOTHERS.— Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88
