### Darts Tournament Is Completed

Ray MacCallum was the winner of Sandy's Darts Trophy for the 1949-50 season when the finals were played at the banquet room of Sandy's Restaurant, Marshfield on Wednesday night.

In the semifinals, Ray MacCallum won from Wilfred Thompson and Al Stewart won from Wallis Stewart, with Ray MacCallum and Al Stewart advancing into the final round playoffs, which was for 1,001 and finish on a double.

The final match was a really closely contested battle, with first one player and then the other taking the lead. MacCallum went up to the board with 60 to get, the first dart counting 19 and the second 20, and coming through with a double 15 on the last dart for the game shot.

The two finalists were presented with a trophy each and three silver darts, while the new champion was also presented with the Championship Trophy donated by Mr. Saunders.

Play for the remainder of the 1950 season is expected to get underway there this Wednesday night.

### Durnan Will Be Out Another Week

MONTREAL, March 6. (CP)—Goalie Bill Durnan will be lost to Montreal Canadiens for at least another week, officials of the National Hockey League club announced tonight.

Durnan underwent a minor operation tonight to drain blood from the gash he sustained in a game against Chicago last Thursday. The big net-minder fell on Black Hawk Jimmy Conacher's skate and a seven-stitch cut was ripped open in the top of his head above the left temple.

Club officials said Durnan was progressing satisfactorily.

While Durnan, top net-minder in the league, is out of action Gerry McNeil of Cincinnati Mohawks of the American League, a Canadian farm club, is taking his place.

### DiMaggio Says He's In Top Shape

ST. PETERSBURG, Fla., March 6. (AP)—A year ago this month Joe DiMaggio's entire baseball career was shrouded in doubt. Today the great New York Yankee outfielder is in such fine shape that he feels he can play on indefinitely.

He has practically forgotten the pain and untold suffering caused by an inflamed right heel that stubbornly refused to yield to treatment and care of some of the best medical men in the field.

In the winter in his native San Francisco, the 35-year-old DiMaggio today predicted a fine season for himself.

"The way I feel now," he said with an air of confidence, "I'm going to play a full 154 games, something I've been able to do only once in 11 years. Honestly, I never felt better in my life. My legs and body are strong. My heel is in perfect condition. In fact, it feels as though nothing ever has happened to it."

Joe hasn't spared himself a bit during the first week of conditioning. Except for throwing, the \$100,000 star has worked as hard as the most eager rookie in camp. He weighs 197 pounds, stripped and would like to add three more by opening day.

Joe attributes his fine condition to his decision to leave New York, and spend the winter months in California, away from the night life and excitement of the big city.

Personal Messages of Inspiration and Faith

Edited by Norman Vincent Peale

IS A. A. FOR ALCOHOLICS ONLY?

By Bill ----

Bill ---- learned to drink during the first World War, only to discover years later that he could not trust himself not to drink. Pronounced incurable by one authority on alcoholism, he was told that recovery might be achieved through spiritual means. Bill, an agnostic, rebelled. But finally realizing his hopeless condition, he said to himself, "At last I'm ready to try anything. If there is a God, will He show Himself?" This was the beginning of Alcoholics Anonymous.

For God did answer.

Our most enthusiastic friends think Alcoholics Anonymous is a modern miracle. So they ask, "Why can't A. A. principles be applied to any personal problem?"

"The world of today is a problem world because it is full of problem people. We are now on the greatest emotional bender of all time; practically no one of us is free from the tightening coils of insecurity, fear, resentment and aversion. If A. A. can revive an alcoholic by removing these paralyzing liabilities from him, it must be strong medicine. Perhaps the rest of us could use the same prescription."

Not being reformers, not representing any particular sectarian or medical point of view, we A. A.'s can only tell the story of what has happened to us and suggest the simple (but not easy) principles upon which, as ex-drinkers, our very lives now depend.

Fifty thousand alcoholics—the men and women members of A. A.—have found release from their fatal compulsion to drink. Each month two thousand more set foot on the A. A. highroad to freedom and obsession so subtly powerful that once engulfed, few alcoholics down the centuries have ever survived.

Each Helps Another

But now, largely through A. A., this impossible soul sickness is being banished. Each recovered alcoholic carries his tale to the next. In a brief dozen years the A. A. message spread, chain letter fashion, over the United States, Canada, and a dozen foreign lands. Obsession is being excised wholesale.

What then, is this message whose power can restore to the alcoholic his sanity and thenceforth enable him to live soberly, happily, and usefully in a very confused world? The A. A. Recovery Program relates it as follows:

1. We admitted we were powerless over alcohol—that our lives had become unmanageable.
2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God as we understand Him.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these defects of character.
7. Humbly asked Him to remove our shortcomings.

8. Made a list of all persons we had harmed, and became willing to make amends to them all.

9. Made direct amends to such people wherever possible, except when to do so would injure them or others.

10. Continued to take personal inventory and when we were wrong promptly admitted it.

11. We sought through prayer and meditation to improve our conscious contact with God as we understand Him, praying only for knowledge of His will for us and the power to carry it out.

12. Having had a spiritual awakening as the result of these steps, we tried to carry this message to alcoholics and to practice these principles in all our affairs.

**THE 24-HOUR PLAN**

Any drunk, no matter how badly off, can go 24 hours without a drink, if he has half a desire to get well. Tomorrow's another matter. "Just today I'll stay sober with the help of God, if I never do another thing."

Today and how we live it; that's what matters and what adds up. Most A. A.'s meet this phrase only in the early stages of their battle with the bottle. (There are some who say softly: "I've been dry two thousand and four days!")

Perhaps you can use that 24-hour plan. Others have—on love affairs—on gambling—on cigarettes—on savings—even on putting up with mother-in-law.

It works.

Will you reach out a helping hand to snatch one of these lives from the jaws of death? You can do so by giving generously to support and extend the Red Cross Free Blood Transfusion Service, through which more and more Canadian hospitals are being supplied with precious blood and plasma.

Your gift will also help send relief wherever disaster strikes... assist war veterans through Red Cross Veterans' Services... maintain Red Cross Outpost Hospitals... and aid many other essential Red Cross services. Your contribution is needed—and needed now!

The work of mercy never ends...

This year the need is urgent for \$5,000,000 to carry out the work you expect the Red Cross to do
