NOTICE

Please accept this as notification that effective November 1, 1963, this Company will operate on a strictly cash basis in the Grocery, Hardware and Dry Goods departments. However, credit terms will be available in all other departments, such as Building Material, Furniture, Produce, etc.

This move has become necessary due to constantly increasing costs including high interest rates for financing and the ever changing business conditions. It is our sincere belief that these changes will be of increased benefit to our customers because reduced costs will mean savings in the way of lower prices.

We are anxious to clear all outstanding items from our books. As you know, these become costly and time-consuming either to carry or collect.

We are pleased to announce that we have arranged with Industrial Acceptance Corporation to administer installment financing facilities for our Company. We now have available a convenient payment plan which will allow our customers to budget the payment of purchases over a period of time, up to three years.

If you would find it convenient to budget the payment of your existing account—as most of us do from time to time—may we recommend the facilities of Niagara Finance Company Limited? This Company is a subsidiary of Industrial Acceptance Corporation. They have our complete confidence and we are sure they will welcome the opportunity of serving you.

May we take this opportunity to express our sincere appreciation for your valued business in the past and to assure you of our desire to serve you in the future.

Yours truly,
