

HAPPY TO be back in Prince Edward Island again—judging by the broad smiles—are three of the 12-member mobile Red Cross blood donor team shortly after their arrival in Charlottetown from Halifax last evening. Left to right—Mrs. Eleanor Montague, nurse's aide, Ellen Clark, RN, and Mrs. Ruth

Blood Clinic Series Gets Underway Today

The third of this year's series of five Red Cross blood donor clinics gets underway today with a minimum objective of 1,000 donors in the four days at eight different centres in the province—Hunter River and North Rustico today, Kinkora and Eldon, tomorrow, Morell and Sourd on Wednesday, and Cardigan and Montague on Thursday.

Branches of the Royal Canadian Legion at six of the eight centres have active blood donor committees which are sponsoring these clinics, and holding them in their Legion homes.

Red Cross officials last night stressed the importance of having each centre reach its full quota in order to meet the ever-

increasing needs of patients in our hospitals requiring this type of treatment.

It was also pointed out that former donors should bring their blood donor cards with them in order to save both time and the costs involved in re-grouping, and that as many donors as possible in the O-negative group are urgently required, as well as those of every other type.

Today's clinics will take place at the Central Queen's regional high school at Hunter River this afternoon between 3 and 5 under the sponsorship of the Hunter River women's institute, and at Stella Marris Hall in North Rustico this evening from 8 to 10 under the leadership of the local branch of the Royal Canadian Legion.

Impaired Case Is Dismissed

John Clifford MacDonald of Upper Montague had a charge of impaired driving against him dismissed Friday in Queens County Magistrate's Court.

Magistrate James B. Johnston, QC, fined Lloyd Peters of North Rustico \$20 and costs for causing a disturbance.

Three persons were each fined \$20 and costs or 30 days for illegal possession of liquor.

\$20 Fine Levied For Bad Brakes

William Roy Metcalfe of Antandale was fined \$20 and costs in city police court Saturday for operating a vehicle with defective brakes.

The case of Barry Bradley of Charlottetown, charged with driving without due care and attention, was adjourned to Aug. 9, as one of the Crown witnesses was absent.

Four persons were fined for being drunk and incapable, and one received a suspended sentence on a similar charge.

One person was fined for illegal possession of liquor.

Moon Dust Seen Cause Of Saucers

NEW HAVEN, Conn. (AP)—A professor at Southern Connecticut State College says moon dust raised by the crash of Russia's Luna V may have caused recent flying saucer reports.

Prof. Robert L. Brown said a cloud of lunar dust could react with the earth's atmosphere to produce a luminous "unidentified flying object."

As Brown explained it in a lecture and interviews last week, some lunar particles could carry a special charge, since the moon's surface is believed to bear a positive charge. These particles, he said, could produce a persistent, luminous reaction as they entered the upper atmosphere.

The reaction, he said, might be similar to one caused by particles of anti-matter meeting

Transportation Is Solved To Columbia River Project

VANCOUVER (CP) — A smooth-running operation by mail, truck and barge has solved the transportation problem to the remote Columbia River dam projects in south central British Columbia.

The operation is required to ship more than 300,000 tons of cement and bentonite to the three dam sites which make up the \$50,000,000 power project.

Canadian Pacific Railway has integrated railway hopper cars with barges and specially designed highway bulk carriers to move the needed supplies in a continuous stream.

The stream started flowing this spring between Bentonite Spur, Wyo., and the Duncan Dam site, 70 miles north of Nelson, B.C.

The bentonite—a cement strengthening additive—is shipped by rail from Bentonite Spur to Proctor, B.C., on Kootenay Lake. From there the hoppers are shipped 40 miles up the lake by barge to Lardeau, a village nine miles south of the damsite.

At Lardeau, the bentonite is transferred to one of two cigar-shaped aluminum trailers designed specially for the shipment by road of dry, granular cargo.

To supply the second dam, the \$130,000,000 Arrow, the CPR has rerouted three miles of track to the site and has built a special platform for the delivery of heavy equipment.

This dam, 170 feet high and 2,850 feet long to be completed by 1969, will require 100,000 tons of steel and cement—10 times that going into the Duncan Dam.

Among the heavier equipment which was needed at the site was a 1,000-ton hydraulic dredge. The railway hauled this monster—with spuds 800 feet high—from Vancouver via flat-car, trucks and piggyback.

The biggest challenge to the railway will be the transportation of more than 200,000 tons of cement and steel to the \$250,000,000 Mica Creek dam.

The site, situated 92 miles north of Revelstoke and the

nearest rail line, has been opened up by a newly-constructed highway.

The CPR has obtained the trucking rights to carry supplies over this highway to the dam, the largest of the three at 760 feet high and 2,540 feet long. The trucking rights will be good until completion of the dam scheduled for 1973.

MacGuigan Undecided On Liberal Candidacy

Dr. Mark R. MacGuigan last night said he is not yet ready to make a decision to offer as a Liberal candidate for Queens in the next federal election.

He admitted the subject of his possible candidacy had been raised but said he had not yet given it full consideration. Rumors have been circulating in Charlottetown for a number of weeks that Dr. MacGuigan would seek the nomination.

He said, however, "I have a particular interest in the affairs of the Island and its problems and I do have strong interests in politics both here and in Ontario." Dr. MacGuigan is assistant professor of law at the University of Toronto.

He suggested a decision one way or another would come with the announcement of the federal election date.

"I am very concerned about (Liberal) party unity," he said, "and would not want to be a factor in disunity." If elected he would be the first Roman Catholic elected in Queens since confederation.

DR. MARK MACGUGAN
 Dr. MacGuigan is a son of Mr. Justice Mark R. MacGuigan of the Supreme Court of P.E.I.

Canada as well, in the person of Reginald Archer, first vice-president of the New York City Postal Clerks' Union which demonstrated for higher salaries in the U.S. metropolis a week ago.

American postal workers are underpaid "but you're well below us," he said in talks with Canadians. He was visiting Montreal by chance when he read of the local postal strike.

Montrealers Saturday had their first chance to get mail since the strike started. There was no delivery, but the post office hired temporary help and citizens were able to pick up their mail at post offices.

Local Scouts In Toronto For Regatta

Two Island crews today begin the week-long competition for the Stevenson trophy at the 5th National Boy Scouts Sailing Regatta at the Royal Canadian Yacht Club in Toronto.

They are Peter Williams and Donald Simmonds, and David Hume and Bill Simmonds.

The boys left Saturday and were guests of Toronto scouts over the weekend.

Skid Row Picture Grim, Report Shows

VANCOUVER (CP) — A city planning department report has sketched the outline of a skid row area—and the picture is not a pretty one.

Part of the 50-page report contains facts and figures on the 12-block area on downtown Vancouver's eastern fringe. It says:—Skid row produces \$200,000 in tax revenue—and it costs more than \$4,000,000 in police, welfare and services.

—Two per cent of the city's population lives there and 33 per cent of all police arrests are made there.
