CATHOLIC LITERARY INSTITUTE.

The general annual meeting of the above-named institution took place in their rooms last evening. The several reports for the past year were submitted, and the officers for the ensuing year elected. The progress made during the year was most encouraging. The finances were found to be in a healthy state, a surplus being the result of the year's work. The meeting was most enthusiastic, and it appeared to be the intention of the members to leave nothing undone which would tend to the advancement of the society.

The officers for the year are: Spiritual Director—Rev P D McGuigan. President—S Blanchard. 1st Vice President—Chas Hermans (re-elected). 2nd Vice President—James Eden (re-elected). Sec'y-Treas—J M Sullivan (re-elected). Managing Committee—J Emonds, Dr J P Murray, B McInnis, F J McMillan, W P Dillon.

A hearty vote of thanks was tendered the retiring President, Judge Reddin, who occupied the chair since the organization of the Institute three years ago, for the lively interest always taken in the affairs of the Institute.

When they put a man in jail, he cannot follow his natural inclination. He cannot eat what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all the real enjoyment he gets out of life, he might as well be in jail. He cannot eat what he likes, nor enough. He suffers much, gets little sympathy. At first, perhaps a little heaviness in the stomach, a little sourness, windy belchings and heartburn; headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisons, impure matter that should be gotten rid of. The poison is being re-absorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.

Uncle Sam has not forgotten the Maine, and is now considering an offer from a Swedish wrecking company to raise the wreck and bring it to New York. The wreck would make a fine souvenir of the war, but the task of getting it out of the mud in which it now lies buried seems at this distance to be an impossible one.

His address before the Sunday School in the afternoon was one of great attractiveness. The children and the adults present were delighted.
