Physician Sees Headaches In Hospital Insurance Plan

OTTAWA (CP) — A physician-politician said Tuesday in the Commons the National Hospital Insurance Plan will bring a lot of headaches.

"It's not going to be easy," said Dr. R. P. Vivian (PC—Durham), former Ontario health minister and professor of medicine at McGill University.

Dr. Vivian said some of the problems will rest on the fact that the public, paying insurance premiums, will feel entitled to any hospital service at any time.

It will not be possible to do this, he said.

In fact admittance to hospitals would be only at the request of the physician and would be granted only where there is room.

Another problem would be a distribution of hospital beds, balancing the number available for acute diseases and the number required for long-term patients, the chronically ill, convalescents and the like.

Dr. Vivian said that apart from hospital overcrowding, the problems of staff shortages, training and general "medical housekeeping" are difficult.

"I make a plea to the public to control its demands on services until hospitals are able to meet them in an ordinary and safe way."

CANCER FROM CIGARETS

Dr. Norman C. Delarue, assistant professor of surgery at the University of Toronto, told the association statistical evidence definitely establishes a relationship between cigaret smoking and cancer.

Prof. Delarue said other factors such as dust and industrial fumes can cause lung cancer but apparently much less frequently than cigarets.

He said the problem is not strictly medical because the disease can be avoided in the majority of cases if people are willing to give up cigarets. He added that it is only fair to warn the public of the danger of cigaret smoking.

He later told reporters that smoking a pipe or cigars does not lead to lung cancer apparently because the smoke is not inhaled.

"It is possible, however. that something in the way cigarets are processed is at the root of the cancer - producing action of cigarets."

Sixty-eight doctors are attending the medical convention, which opened Monday.

Tribute Paid To Lt.-Col. Flint

UNITED NATIONS, N.Y. (CP) —Tribute was paid Tuesday to Lt.-Col. George Flint, Canadian chairman of the Israeli-Jordanian Armistice Commission who bled to death Monday after being wounded in fighting between Arab and Israeli snipers in Palestine.

A study of the circumstances surrounding the killing — including, if possible, the fixing of responsibility — continued at the scene. Four Israeli policemen also were killed.

A memorial service for the 47-year-old native of Outremont, Que., was held Tuesday in St. Andrews Church in the Israeli section of Jerusalem.

The UN Security Council, meeting late Tuesday to consider another Middle East dispute in Lebanon, stood in a minute's silence at the start of the session in honor of Flint.

TRIBUTE FROM LODGE

United States Ambassador Henry Cabot Lodge paid tribute to "the courage, devotion and integrity" of Flint as a UN servant.

The council and the people in the visitor's gallery then stood in silence for a minute.

Municipal Talks Likely In Sept.

EDMONTON (CP) — Prime Minister Diefenbaker has indicated a federal-municipal conference will be called in September, Mayor William Hawrelak said Tuesday.

Mr. Hawrelak met with Mr. Diefenbaker for 30 minutes Sunday when the prime minister visited Edmonton to open the national convention of the Canadian Legion.

Mr. Hawrelak, a past president of the federation of mayors and municipalities, said an agenda for the conference is expected to be drafted at the annual meeting of the federation in Victoria next week.
