

More senior stuff!

WE'RE BACK WITH another edition of Senior Stuff! Thanks to all of you who found the time in your busy schedules to attend the last Senior Class general meeting. We really appreciate it and we're sure that the 250 of you who didn't make it had very good reasons for not showing. Let's just try a little harder next time!

Down to Business! All full and part time students expecting to graduate in May of 1988 must complete an application for a certificate, diploma or degree. These applications are available at the registrars office and MUST be completed by March 15, 1988.

There is also a fee attached to graduating. It is \$45.00 for a degree and \$10.00 for a certificate or diploma. Luckily, you have awhile to come up with the money - this fee doesn't have to be paid until April 25th.

We have sent out a letter to each and every one of you regarding Residence housing during Senior Week. These application forms must be in to us at the Planetarium by March 14th. There are no exceptions made for anyone. A list of accepted residents will be posted on March 17th. A deposit of \$25.00 will be required on March 24th, to be dropped off between 10:00a.m.-12noon or 1:00-3:00p.m. at the Planetarium. This deposit will be returned after Senior Week if no damages are incurred.

At our last meeting, we got lots of stuff accomplished! We decided on the theme for Senior Week - "The World Awaits The Class of '88". We also decided on the pattern and style of the official Senior Week clothes. We are ordering a white sweat shirt with the design and slogan on the front. They will be available in four sizes, small, medium,

large and extra large. These have to be ordered almost immediately to ensure that they are delivered by the first of May. This year, the sweat shirts will NOT be included in the registration fee for Senior Week, they will be paid for separately. They will cost a total of \$21.00 and a deposit of 10.00 is required when you order one. The final day for placing your order down at the Planetarium is March 25th. No orders will be taken after this date and no refunds will be given if you change your mind later on.

We also talked over the budget (as it now stands) and the tentative schedule for Senior Week - sounds like it's going to be a really good time! There were some really great suggestions for additional events that people would like to see held. If you have any more, we'd love to hear them! Contact us through the Gem,

our computer account (username:SENIOR), at the planetarium, or talk to us on campus. We'll be giving you the completed schedule in a future edition of Senior Stuff. Watch for it!

Graduation pictures - if you haven't had them taken and intend to get them done, get them taken as soon as possible! This is your last warning!

Thanks to the Senior Bios who have offered to organize a bottle drive for us! If you have some time that you can spare or drive a vehicle that can hold large amounts of bottles, we're sure that they would appreciate the help! Let them or us know if you can help in any way.

There are also plans being made for a Seniors Night, some raffles and a Casino Night. We'll let you know more about them as soon as we know more about them.

We CAN tell you about the PUB CRAWL and PUB to be held tomorrow night, March the 4th. Teams will be crawling around to clubs in the Charlottetown
