MAJOR SMITH will please accept our thanks for the numbers of the *Natal Mercury* which he was so thoughtful as to send us. We publish in this week's issue an extract from one of them, but if time permit we intend to make them the subject of a separate article for the next EXAMINER.

IT was rumoured in town on Saturday last that the Hon. Mr. Davies had retired from the Executive Council.

We had the pleasure of attending on Tuesday evening last, the Amateur Concert given by the ladies and gentlemen of St. Paul's Church, in the School Room, which was neatly and tastefully decorated for the occasion. The object of the Concert, as will be remembered, was to assist in paying off a debt incurred in the recent enlargement of the School Room. The audience was a large and appreciative one. The programme was varied and well selected. The instrumental music was rendered with great precision and feeling, and was, we are glad to see, thoroughly appreciated. The vocal music was of a character far exceeding our expectations. The glees were sung in unison and harmony. The voices evidently had been well practiced together, and the different parts were well sustained. The opening glee, "Hark Apollo," is worthy of particular mention. The solos were very well sung—and many of them encored. The vocalists sang spiritedly and well, and with marked effect. The sweet, sad melody, "I stood on the Bridge at Midnight," and the beautiful and thrilling song, "Come back to Erin," are worthy of special mention, having been sung with a power and pathos seldom attained to by amateurs. As a whole the concert was the greatest success of the season, and we have no hesitation in saying that the enjoyment of such a treat is seldom within the reach of the good people of Charlottetown.—*Pat.*

We understand the proceeds amounted to about £40.—ED. EX.

CHARLES DESBRISAY, C. E. C.

The Annual Easter Meeting of Saint George's Parish was held on Easter Monday, at 10 a. m. in the Glebe School House adjoining the Parish Church. The Rev. T. S. Kichey, in the chair. The following gentlemen were elected as Vestry for the ensuing year:

Advices from South Australia, via Panama, to March 8th, state that Sir Dominick Daly, late Governor of the Colony, died rather unexpectedly on the 19th February. He had been ailing for some time, but no immediate danger was anticipated until a few hours before his death, when his medical advisers announced his approaching dissolution to the members of the family. His Excellency retained full possession of his faculties to the last, and passed away as if going to sleep. The event has caused great regret among all classes of colonists, and a procession of about 1,000 of the principal inhabitants followed the remains on foot from the Roman Catholic Cathedral to the place of the interment. Sir Dominick Daly was born in the North of Ireland, in August, 1799, and was consequently 69 years of age. He was at one time a prominent politician in Canada, and in 1851 was knighted and appointed Governor of Tobago. In 1854 he was transferred to Prince Edward Island, and in 1859 to South Australia.

LATEST DESPATCHES.

London, April 29.

At the trial of Fenians commenced yesterday, the Council for the Crown said they should rest their case principally on the testimony which would be given by the witness Carygan, Delany and Massey.

Carygan was then sworn, and testified that he knew the prisoner Burke in the United States. Burke was sent out from America to buy arms in England for the rising in Ireland; afterward saw Burke and Shaw in Liverpool; met them at Fenian meetings; was with them when the attack on Chester Castle, was planned. When the insurrection broke out in Ireland the principal English cities were to be fired and destroyed.

London, April 30th.

The trial of Burke, Shaw and Casey, for treson and felony, in being concerned in the Fenian attack on Chester Castle, was resumed in the Court of Queen's Bench yesterday.

A Mr Kylock, proprietor of a gun shop in Birmingham, was sworn and testified that he sold to Burke in December, 1865, a quantity of caps and pistols. He also swore that 500 rifles were bought by Burke of Mr. Hill, together with moulds for bullets, to the amount of 2,000. Mr. Hill gave evidence confirming that of Kylock, stating that Burke represented to him that the arms purchased of witness were for use in South America.

The trial will probably occupy several days.

Ottawa, 29.

In reply to Morris, McDougall stated that it was the intention to have Parliament grounds planted with trees or shrubs.

In reply to Chauveau, Sir John stated Government did not intend giving bounty to encourage building Composite Ships.

In reply to Huntington, Sir John stated the facts of the present Session were of such importance they would be furnished to all Magistrates in Dominion.

E. M. McDonald moved to go into Committee to consider Repeal protest motion.

Morris moved amendment to go into Committee, and dissenting from spirit of protest.

Holton moved amendment to amendment that, in consideration of the discontent in Nova Scotia House should go into Committee to consider nature of the grievances.

Several Nova Scotia members and Johnson have spoken. Debate still going on.

Ottawa, April 30th.

In the House of Commons last night Mr. MacDonald of Nova Scotia moved to repeal the resolution, and delivered a speech upon the feeling of Nova Scotia, hinting that if the people of that Province were not freed from the Confederation, bloodshed might be the result. An effort to get the House into Committee of the Whole on the resolution, was vigorously opposed, and after a long debate the motion was lost.

An amendment confirming the principles of Confederation in strong terms was then carried by a large majority.

Holloway's Ointment and Pills.—Fear not.—Though surrounded by circumstances disadvantageous to health, these remedies, properly applied, will cut short fevers, influenza, inflammation, diptheria, and a host of other complaints always lurking about to seize on the weak, forlorn or unwary. The superiority of Holloway's medicines over others for subduing disease has been so widely and fully proved, that it is only necessary to ask the afflicted to give them a trial, and if the instructions folded round them be followed no disappointment will ever ensue, nor dangerous consequence result. In hoarseness and ulcerated sore throat the Ointment should frequently be rubbed on the neck and top of the chest; it will arrest the increasing inflammation, allay disquietude, and gradually cure.

AN EFFECTUAL WORM MEDICINE.

Brown's Vermifuge Comfits,

OR WORM LOZENGES. Much sickness undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

Children having worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making BROWN'S "VERMIFUGE COMFITS" is such as to give the best possible effect with safety.
