

Resolutions For Benefit Of Island Farm Groups

This year we have decided not to make any personal resolutions, but will rather be content with suggesting a few of a general nature for Island agriculture. 1. (For potato growers) We resolve to be highly conscious of the importance of putting only the very best quality product on the market. 2. (For dairymen) We resolve to be realistic about the position of our industry and to accept some unpalatable changes in the long term interest of the business. 3. (For swine breeders) we resolve to be much more concerned with a production program designed to maintain top quality, and to be less concerned with merely the advantages of producing any sort of weaner pig. 4. (For all farmers) We resolve to be much more conscious for the need of controlling weeds. 5. (For cattle men) We resolve to become much more concerned with the importance of grass as a means for profitable cattle production. 6. We resolve to support our farm organizations more strongly both with our interest and in a financial way. 7. We resolve individually to do everything possible to enhance the beauty of our province. 8. We resolve to take a hard look at our farming operation with a view to improving it wherever possible. 9. We resolve as farmers to do the thinking for our own industry not depending on others to do it for us. 10. We resolve to handle our soil as if we were going to farm for a thousand years.

of these serving as assistant to Mr. MacEwen. Meanwhile, Roy Grant, who has for many years served Maritime farmers in a variety of ways, has retired from his post as manager of the livestock marketing department of MCS due to ill health. This does not mean that farm organization will lose Roy Grant's services or his vast experience. He has agreed to take a lighter job as Agricultural Liaison Officer for the MCS, and he will continue as secretary of the Maritime Federation of Agriculture.

GEORGETOWN

Guests of Mr. and Mrs. J. Howard MacDonald for the Christmas holidays were their son, Mr. Donald MacDonald of Toronto and Miss Theresa Venne, RN, also of Toronto.

Mr. Robert Dorgan of Woodville Mills spent the Christmas and New Year's holidays with Mrs. Dorgan and son Bobby in Wilmington, Del.

Mr. and Mrs. Denis Delaney and family of Summerside were holiday guests of Mr. and Mrs. John P. MacDonald.

Miss Mary Richards of Ontario, a student at SDU, was the holiday guest of Miss Marie MacLean.

Mr. Philip Arbing and Mrs. Leonard Arbing, Bedford, recently visited Georgetown where they were guests at the home of Mr. and Mrs. Nelson W. Hansen.

Seaman Bruce MacLean of RCN, has returned to HMCS Cornwallis after spending the holidays with his parents, Mr. and Mrs. Malcolm MacLean.

Miss Betty Goteil and Miss Joan Goteil of Charlottetown visited with their father, Mr. John D. Goteil during the holiday season.

Miss Joan MacNeill of Charlottetown was a recent guest of relatives in Georgetown. Miss Gladys Ann David, Charlottetown, was a holiday guest of her parents, Mr. and Mrs. Clarence David.

Mr. and Mrs. Harry MacConnell and family recently motored to Georgetown and on their return they were accompanied by Mrs. J.A.B. MacConnell who visited with them at their home in Charlottetown.

Miss Emily DeCoste was a re-

1962 FARM PROSPECTS

The agricultural outlook for Canada in 1962. 1. The severe drought in Western Canada will adversely affect cash income on western farms during the first half of 1962. Income for the last half of 1962 will, to a considerable degree depend upon weather and crop conditions in 1962. There should be no change in the cash income from livestock and other farm products in 1962. 2. Stocks of feed grains in Canada will be low in early 1962, and prices will be higher. This will likely result in heavier plantings of feed grains in 1962. 3. Hog marketings will be heavier during the first half of 1962, but will be down in the last half of the year. This could mean lower prices in 1962. 4. Cattle prices will remain at or above present prices in 1962, due to increased demand for beef. 5. There will be a drop in lamb and wool production in 1962, and prices will be firm. 6. The critical dairy situation will continue until there is some better balance as between production and consumption of various products. 7. It is expected egg prices will be slightly lower. This year's lower prices for turkeys and broilers will likely bring about some curtailment in 1962 production. 8. The apple market promises to be much improved, and there is hope for a recovery in the potato industry.

FARM FORUM EVENTS

On Jan. 3 Farm Forum starts off the new year with one of its most ambitious undertakings. On that Monday night 4-H Club members together with their leaders will team up with Farm Forum for a searching look at the 4-H program. Under the title "How can 4-H be improved," the discussion will range over every aspect of the 4-H movement. Already material has gone out or is going out to the 4-H people and they are urged to have their clubs meet, listen to the broadcast, discuss the material that has been supplied and report back their views to the Farm Forum office.

Farm Forum and 4-H have worked quite closely in promoting this, giant national meeting, and the outcome, successful or otherwise is now in the hands of the clubs and the forums.

Again on Feb. 5 Women's Institutes from coast to coast will be meeting to consider and report on the topic "Technical and Vocational Training," a regular Farm Forum topic but one of marked interest to the Institutes which have always shown marked interest in education.

Since he joined the MCS in 1932, the co-operative has grown from half million dollars annual volume to the \$17 1/2 million business it now is. Under the steady and purposeful leadership of Mr. MacEwen, the MCS has certainly become a powerful influence for good in the rural areas of the Maritimes. He will be succeeded as general manager by Willard Derriner who has been with the Co-op for 16 years, the last one

of these serving as assistant to Mr. MacEwen.

Generally the statement is accepted without question when a farmer says, "I own this land." We have heard the statement made that what the farmer actually owns is the title to the land rather than the land itself. We agree that a discussion on

TO THE RESCUE

Firemen bring down two occupants from the upper floor of the Hale Hotel in San Francisco early Wednesday as flames belched from windows of the structure. Several people were believed trapped. It was not known if there were any deaths.

Wood Islands-Caribou Ferry Traffic Shows Big Increase

Figures released yesterday by Northumberland Ferries Ltd. show a substantial increase in automobile and passenger traffic at the Wood Islands-Caribou crossing this year.

The figures for the period of May 21 to Dec. 17, 1961, shows an increase of 1,127 automobiles and 1,330 passengers over the

same period in 1960. There was, however, a decrease of 138 trucks carried in the period.

In the period of Dec. 1 to 17 an increase of 194 automobiles, 583 passengers and 182 trucks was noted over the period of Dec. 1 to 8, 1960.

The ferry service does not operate in the winter and the boats stopped several days earlier in 1960 than in 1961. The service in 1961 was about one month late in starting due to ice conditions.

Dr. Robert N. Anderson, formerly of St. Peter's, will be one of 179 Canadian doctors to be admitted as fellows of the Royal College of Physicians and Surgeons of Canada. The convocation will be held in Toronto Jan. 18.

Dr. Anderson, son of Mr. and Mrs. W.W. Anderson, attended Prince of Wales College and graduated in medicine from Dalhousie University.

He practised for three years in North Sydney, N.S., and then went to the Victoria General Hospital in Halifax in 1957. In 1959 he received a MacLaughlin Travelling Fellowship to do post-graduate work in the London Heart Clinic in London, England.

Dr. Anderson returned to Canada in 1960 and went to the Toronto General Hospital. In 1961 he returned to the Victoria General in Halifax. He specialized in internal medicine with emphasis on cardiology.

He is married to the former Marion Seaman of Halifax. They have two children, Barbara and David.

EASTERN BRIEFS

FOR OBSERVATION
Mrs. B.N. Hooley, Montague, entered the Prince Edward Island Hospital yesterday for observation.

IN HOSPITAL
Garry Clow, young son of Mr. and Mrs. Vernon Clow, Cambridge, is a patient in the Kings County Memorial Hospital.

TO PWC
Garnet MacIntyre, Montague, left yesterday to resume classes at Prince of Wales College third year class.

CONVALESCING
Mrs. Frank Dewar, Montague, who has been a patient in hospital is now convalescing at her home.

IS PROGRESSING
Mrs. Emery MacNeill, Montague, is progressing satisfactorily following treatment in the Kings County Memorial Hospital.

ATTENDED FUNERAL
Mr. and Mrs. William Gurney returned yesterday to their home in Truro after attending the funeral of Mrs. Gurney's father, which was held on Tuesday morning from St. Mary's Church, Montague.

TO UNB
Miss Doris Wright, Lower Montague, has returned to Fredericton, N.B., to resume her studies at the University of New Brunswick after a delightful holiday spent with her parents, Mr. and Mrs. Lou Wright.

TO GAGETOWN
Mr. and Mrs. Kimball Jarvis who were in Montague to attend the funeral of Mrs. Jarvis' father, the late Francis Stephen Murphy left yesterday for Gagetown, N.B., where Mr. Jarvis has been posted following a tour of duty in Germany.

STUDENT NURSES
Mr. and Mrs. Chessel Ahearne have had as their holiday guests their daughters Norma and Dorothy. Norma is a nurse-in-training at the Sydney Hospital while Dorothy is taking her training at the Prince Edward Island Hospital.

AT BRUDENELL
Miss Margaret Jean MacDonald is spending a two-week vacation with her parents, Mr. and Mrs. Wilfred MacDonald.

FALSE TEETH
That Loosen Need Not Embarrass Many reasons of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just get a little **FARTZIN**, the alkaline (non-acid) powder, on your false teeth. Your false teeth are firmly so they feel more comfortable. Do not use other "false teeth" or **FARTZIN** at drug counters everywhere.

Second Militia Course In Survival Opens Mon.

The second phase of the nationwide national survival training course gets under way in the P.E.I. division on Monday. Major Lorne Ramsay, officer in charge of the course, said yesterday that 187 men were enlisted for the seven-week training project. He said that although the second course has not yet started, men are already signing for the third course that gets underway late in February. Response is tremendous, he said.

Training classes for the forthcoming course will be held in both Charlottetown and Montague. Major Ramsay, a recent visitor to Cross Roads where she was the guest of Miss Velda Fraser.
