be considered by his medical adviser to be able to proceed homeward, and by permission of the Government he will immediately set out for his home at Caprera.... Reports that Italy had agreed to the proposition for conference are premature. The Italian Government has not yet signified in any way its intention to accept the proposed congress.

London, Nov. 26, (eve).—There was much excitement manifested among the Fenians yesterday, not only in the great cities of England, but those also of Ireland. The Sabbath being a day of leisure, large bodies of Irishmen congregated at the street corners in Manchester, Birmingham and Dublin, and freely canvassed the action of the Government in recent execution of the Fenian convicts. While the demonstrations were intemperate, to say the least, there were no open riots or serious disturbance of the public peace.... The Government is fully prepared to meet any outbreak. Despatches from various parts of the country dated this morning, announce everything quiet.

London, Nov. 27.—In the House of Commons last night the debate on the Abyssinian war became quite animated and was prolonged to a late hour. A disposition was shown in the discussion to press the Ministry the on ground that they had sent off a military and naval expedition to Abyssinia on the sole advice of Gen. Robert Napier, its commander, without waiting to obtain the sanction of Parliament, but the Government made a satisfactory defence of its action, and at the conclusion of the debate the supply of £2,000,000 required by the Chancellor of the Exchequer to meet the expenses of the war was voted. ....Despatches from the Abyssinian expedition say that large supplies of volunteers from Mibra have been offered to the British commander.....Baron Von Buest, Austrian Prime Minister, has issued a diplomatic note, in which he declares that Austria considers the maintenance of the temporal power of the Pope is necessary for the peace of Europe. Prussia has agreed to the proposition for a general European Conference. It is said that France and Austria have concluded a special treaty, in regard to their future policy on the Eastern question, and that by one of its clauses they pledge themselves to maintain the territorial integrity of the Ottoman Empire.

Boston, 28th.—The trial of Jeff. Davis has been postponed till 22nd next March.

CHARLOTTETOWN DEBATING CLUB.

The Debate on Friday evening last, on the English Reform Bill was opened by Louis H. Davies, Esqr. In his opening address he glanced at the Reform Bill of 1832, and the different partial Bills which were brought forward at various times between that year and 1866, and showed that a Reform, and a great one, was necessary, since the Bill of '32 did not meet the wants of, or satisfy the under middle classes. While holding this opinion, however, he did not agree with the principles of the Bill lately passed, considering it to be too radical in its character, and fearing that injury to the best interests of England as a manufacturing country would eventually result from it. He was followed by several speakers, some of whom were of opinion that the Bill was not more radical than was necessary.

At the close of the debate the following Resolution was submitted by the opener: "Resolved that in the opinion of this Society a large measure of Reform in the Electoral Franchise of England was necessary and called for, but that the Bill passed was injudiciously large and comprehensive.

Mr. Seth Shaw then moved as an amendment that all after the words "called for" be struck out, which amendment was carried by a majority of seven. The next debate will be held in Scott's Hall on Friday evening Dec. 6. Subject: "Would the Legislation of this Island be rendered more effective and satisfactory by a reduction in the number of representatives in Parliament? To be opened by D. Laird, Esqr.

P. S. MacGowan, Sec'y.

A. P.E. Islander Abroad.—The numerous friends and connections of Dr. Warburton will be gratified to learn that upon his first arrival in India, he was put upon the medical staff of the Military Department of the East India Forces, in the district of Lahore, with a salary of £240 stg. per anum; he has now—having scarcely served a year—been promoted to the rank of Civil Surgeon at Jullendere in the district of the Punjab, with a salary of £600 stg. annually.

Dr. Warburton, we are happy to hear, is fast recovering from a very severe attack of fever, which had greatly reduced his strength, and endangered his life, and we hope a long career of unceasing honor and usefulness may yet be before him in the land of his adoption, and that he may become a bright star of the noble profession he has chosen.

Dr. Warburton, as is generally known, is a native of Prince County. In him the youth of the country, and the Island generally, have a laudable example of what can be accomplished, under the blessing of God, by continual painstaking, and unremitting, faithful, perserving study. Ever remembering that there is no "royal road leading to honor and emolument, let their motto be, "Go and do thou likewise." —*Com. to S. Journal.*

Departure of part of the Fall Fleet.—On Wednesday morning last, at an early hour, some forty vessels left this Port, laden with the Products of this Island, a large number of them for Europe, and the remainder for different Ports on this Continent—these vessels had been detained in port, for some days, waiting a favorable opportunity to sail. We believe we are safe in stating, that never before, in one day, did such a large and valuable amount of property leave this Island. We trust they may all reach their destined ports in safety.—*Isl.*

Value of Land in the Vicinity of Charlottetown.—A plot of Land, containing about twelve acres, situate in the vicinity of Brighton, Brewery, divided into eleven Lots, being part of the Estate of the late S. Another Fire at St. Eleanor's.—A house owned by John Haszard. Esq., and occupied by a man named Cook, situate in the village of St Eleanor's, was destroyed by fire on Wednesday night last, the 27th inst. How the fire originated we have not yet learned. We understand Mr. Haszard attributes it to the hands of an incendiary.—*Ib.*

Cheaper than ever.—Now is the time for those who are in want of Dry Goods to make their purchases. And we would desire to call the attention of our friends to Robert Young's large and well selected stock, confident that those who favor him with their patronage will get the best value for their money at his establishment.

A paper in Vienna has just made public a very singular fact. It seems that during the German war a small State—the Principality of Lichstensein—ranged itself with Austria to protect her ally against Prussia and Italy. To succour her ally she sent all the forces of which she could dispose—namely, fifty one soldiers—the sum total of her army. During the battles in Bohemia and on the day of the battle of Sadowa, the contingent of Lichstensein did not make a great show, but nevertheless its presence in the Austrian ranks did not the less constitute a hostile demonstration against the troops of King William and those of Victor Emmanuel. M. de Bismarck and M. de Ricasoli, occupied with more important labors, neglected, when they signed the Peace of Prague, to conclude the simplest armistice with the Prince of Lichstensein. Hostilities are therefore still open between the last named sovereign on the one side and Prussia and Italy on the other. As a probable result of this omission, a Paris correspondent facetiously remarks:—"The world may consequently at any moment expect to behold twenty-five men and a half of the army of Lichstensein march upon Berlin, while the other twenty-five men and a half set out to attack the Italian Quadrilateral. This is perhaps the match that is to set the Continent on fire. Europe had better look to it in time."

Pain Killer.

Northampton, March 11, 1867.

Dear Sir:—I wish to add to your numerous testimonials. Last September, while at work cutting sole leather with a die and a heavy iron mallet, I made a mis-strike, and the mallet came down with its whole force on my thumb, splitting it from the first joint entirely open, and laid the bone bare I supposed I had ruined my thumb forever; but I thought of your Pain Killer, as I had often heard of its healing qualities. I went about a half a mile, and obtained a small bottle. I saturated a little cotton batting, first winding a waxed thread around the wound, and applied the Pain Killer, saturating the bandage two or three times a day. In five minutes the pain ceased, and in a week it entirely healed up; and I will say that I have never seen anything for healing qualities that equalled it; and I would earnestly recommend it to the public as a pain killer and a healer.

Holloway's Ointment and Pills.—All persons afflicted with bad legs, sores, ulcers, and skin diseases, who, from want of means or other reasons, cannot avail themselves of surgical treatment may be relieved from their complaints by using Holloway's purifying, soothing, and healing remedies. In every outward ailment this wonderful Ointment brings about the most beneficial results, by checking inflammations, cleansing ulcerations and restoring soundness. Internal pains, rheumatic and gouty torture, enlarged joints, scrofulous swellings, and contracted sinews may be overcome by diligently rubbing this cooling unguent into the skin. In all maladies of unusual severity or excessive duration the Pills should be taken, to root out the last seeds of the disorder and so hasten the desired cure.
