## NEW RIOT FLARES IN BIG PRISON WITH 2,000 INMATES

### Pulp, Paper Mill Planned In York County, N.B.

#### Promotions For Experimental Farm Staffmen

Promotions of two well-known young members of the Experimental Farm staff were announced last night by Mr. R. C. Parent, Superintendent of the Farm. Mr. Lorne Ramsay has been promoted from Poultryman Grade 1 to Poultryman Grade 2 and named to succeed Mr. Fred Driscoll in charge of the poultry work of the Farm. A native of Alberton, he has had wide experience in poultry work both before and after the war in which he served in the R. C. A. F. as Flying Officer. Mr. James Nicholson has been promoted from technical officer to the position of Agricultural Research Officer in charge of livestock investigations at the Experimental Station. A native of Crapaud, he is a graduate of Macdonald College where he had a high academic standing. He has been employed at the Farm for the past two years as a student and technical officer. Prior to that he spent one summer with the Illustration Station. One of the winter projects under Mr. Nicholson during the next several months will be the determining of the proportion of hay which grass silage will replace. Both hay and silage will be fed dairy cows in a controlled experiment where individual records can be maintained.

#### Coming Events

- \*\*Masquerade dance, Beaver Hall, Montague, Oct. 30, Messer's Orchestra.
- \*\*At Lot 65 Hall, October 28th, Chicken Supper and Dance.
- \*\*Coles Mill, Milton, will close until further notice. Grinding Grain Tuesday and Saturday only.
- \*\*Bazaar, other games, pantry sale in Morell Hall, Wednesday, October 29th.
- \*\*Chicken Supper, Emerald Hall, October 28th, 5 P. M. Sponsored by C. W. L.
- \*\*St. Columba's Dance and Card Party, Tuesday 28th.
- \*\*Dance Howe's Hall, Brackley Beach every Friday.
- \*\*Masquerade at Afton Hall, Thursday, October 30th. Burns' Orchestra.
- \*\*Don't forget the Supper in Wiltshire Hall, October 29th.
- \*\*Masquerade Dance, Iona Hall, Thursday, October 30th. Prizes. Dancing 9 to 12.
- \*\*Reserve Saturday, November 8th, Pantry Sale at Provise Bros.
- \*\*Reserve the date for Hampshire W. M. S. Cake Sale, November 8th, at Moore & MacLeod.
- \*\*Masquerade Dance, St. Teresa's Hall, Wednesday, October 29th.
- \*\*Be Lucky! Enjoy yourself! Good music! Door prize! Costume prizes! Mount Stewart Legion Hall, Thursday, October 30th.
- \*\*Chicken and Ham Supper in Sea View Hall, Thursday, October 30th.
- \*\*Dance, Kozy Hall, Georgetown, Wednesday, October 29th.
- \*\*Women's Institute Chicken and Ham Supper, in Wiltshire Hall, October 29th.
- \*\*The Annual Meeting of Cornwall Hall, will be held in Hall Monday, October 27th.

- \*\*Farmers, ask about the Shus Gain Feed Finance Plan. For particulars contact your local feed mill.
- \*\*Hot chicken dinner, bazaar tables, games and refreshments, South Rustico Hall, Wednesday, November 5th.
- \*\*Raffle and dance in Vernon River Hall, Monday, Nov. 3 at 8 p.m.
- \*\*Special meeting of Kensington Athletic Association, Wednesday night 8:30, Town Hall. All interested please attend.
- \*\*Hot Chicken Supper, plum pudding, games, etc., North Rustico, Wednesday, October 29th. Dance after.
- \*\*Masquerade Dance, in St. Mary's Hall, Souris, Wednesday, October 29th. Cash prizes, canteen service. Chaisson's Orchestra. Dancing 9:30 to 1.

### At Temperance Federation Meeting

Shown above are some of the delegates to the annual meeting of the Prince Edward Island Temperance Federation here yesterday. Seated are Rev. John MacKay, Secretary and Mr. Gordon MacMillan of Cornwall who was re-elected President. Standing are Rev. Marvel Dunbar, Central Christian Church, Rev. John Linton, General Secretary of the Canadian Temperance Federation, Mrs. and Rev. Ross Eaton, Secretary for the Maritime Provinces and Rev. Frank MacLean of Trinity United Church. —Barter's Film Lab.

### P. E. I. Delegates Interviewed At Ottawa

OTTAWA, Oct. 27.—(Special)—Prince Edward Island delegates to the National Liberal Federation, meeting here today, voiced confidence that the Liberal Party will capture at least three and possibly all four of the Island's House of Commons seats in the next general federal election. Spearheaded by three Provincial Cabinet Ministers and with the Premier arriving tomorrow the delegation is one of the strongest ever sent to a federation meeting. Although confident of holding the Province in the Liberal column, delegates emphasized the importance of closer organization work in every poll. At the meeting of the National Federation of Liberal women today, Mrs. G. S. Inman of Montague spoke on the need of closer organization by women. This involved personal canvassing, heart-to-heart talks on national issues and keeping party policy before the voters. Since today's and tomorrow's meetings of the Advisory Council of the National Liberal Federation are held in camera, precise reports of proceedings are not available. With delegates from the other provinces, Prince Edward Island's (Continued on Page 13 Col. 4)

### Temperance Federation Adopts New Constitution

#### Addresses On Temperance Heard Last Evening

People are much more alerted today than they were ten years ago. The task of Temperance now is not the same as it was then, Rev. John Linton, General Secretary of the Canadian Temperance Federation told a large gathering at Hertz Hall last night. President of the Island Federation, Mr. Gordon MacMillan, Cornwall, presided at the annual meeting. "I don't argue with people about prohibition," Rev. Mr. Linton said, adding that he would like to see a real objective study made of the subject. He spoke briefly of Alcoholics Anonymous, noting that it was a "very excellent" movement. He mentioned that he had addressed an A. A. meeting here Sunday evening and said that it was the task of the Federation to better understand the Alcoholic Anonymous movement and to help the members. He referred briefly to the (Continued on Page 13 Col. 2)

### Week-Long Coal Strike In The United States Ends

PITTSBURGH, Oct. 27.—(AP)—The week-long coal strike ended today with John L. Lewis firing off "go-to-work" telegrams to aides through the country's soft-coal fields. The president of the striking United Mine Workers told his 350,000 diggers they should resume production in the best interests of the public and themselves pending a final decision on their pay increase. Coal production was throttled last week after the Wage Stabilization Board ruled that 40 cents should be lopped off the \$1.90-a-day rate. Lewis then sent his district directors telegrams which said: "It will require a reasonable time for review of attendant facts and the reaching of a decision. "It is my opinion that our industry should be operating during that period and that the best interests of the mine workers and the public will be best served. "I am therefore requesting an immediate resumption of operations at all mines in all districts and I am urging each member of our union to return to work at once." There is no official indication of how the pay issue will be resolved finally. The industry and the union jointly appealed the wage board's decision that the full pay boost would jeopardize the country's anti-inflation fight

### N. Y. Times Sees Election Close

NEW YORK, Oct. 27.—(AP)—The sixth week-end New York Times presidential campaign survey, published today, indicates a close election with a "last week swing" likely to decide the outcome. The newspaper bases its reports on correspondents' talks with political leaders, local and statewide polls and personal surveys. The Times said: "Reports from correspondents indicate that Gen. Dwight D. Eisenhower, Republican presidential nominee, is reasonably certain to carry 10 states with 69 electoral votes. Gov. Adlai Stevenson, the Democratic standard-bearer, sees an equally sure way to carry nine states with 92 electoral votes. Eisenhower leads in 16 other "doubtful" states with 195 electoral votes. Stevenson leads in seven apparently doubtful states with 102 electoral votes. Six states with 73 electoral votes were classed as toss-ups. The total number of electoral votes is 531 with 266 required for election of a president

### Ground Crew Member Killed Servicing Jet

CHATHAM, N. B., Oct. 27.—(CP)—An R. C. A. F. ground crew member was killed here today while servicing a Sabre jet. An officer at the base said the victim's home was not in the Maritime Provinces. Circumstances surrounding the fatality were not immediately revealed by the R. C. A. F. The fighter aircraft was stationary at the time, it was learned. The crewman was killed about four p.m. It was believed the accident was the first of its kind at the fighter operational training unit base. Details of the accident will be released later, the R. C. A. F. said. Name of the victim was withheld pending notification to his next-of-kin. The jet-driven Sabre has no propeller. An intake at its nose scoops in air with tremendous force.

### Heavy Fire Loss In Midlands, N.B.

MINTO, N. B., Oct. 27.—(CP)—Damage estimated at \$80,000 to \$90,000 was caused tonight when fire destroyed a one-storey frame building housing the D.V. and R. A. Mills machine shop at Midlands, near here. The fire, believed to have started from a faulty light switch, was discovered at 4:45 p.m. Before the Minto Fire Department could arrive the building was a mass of flames. Efforts were directed at saving an adjoining office and other smaller buildings, also owned by the Mills company. A bulldozer, a mining dragline and welding equipment were among machinery in the building. The fire was the second at the shop within two years.

### New Plant Expected To Cost Millions

FREDERICTON, Oct. 27.—(CP)—Construction of a new pulp and paper mill in York County is expected to start before the end of this year, it was learned here tonight. Ralph V. Limerick, Fredericton barrister, said the projected industry will represent a capital investment of "several millions" in New Brunswick. A company known as Acadia Pulp and Paper Corporation has been incorporated through the legal offices of Mr. Limerick and Arthur McKel Limerick. Mr. Limerick was not at liberty to disclose its principals. Nor was he free to say whether New Brunswick capital is dominant in the development. Present plans call for construction of the mill in York County, Mr. Limerick said. He added the site has been chosen and negotiations are under way for its purchase. The lawyer preferred not to disclose the exact site. Barring stumbling blocks, construction work should start "before the year is out," Mr. Limerick said. He understood the new company has made arrangements to assure its supply of raw materials. The mill will be engaged in the "ground wood process" of manufacture, Mr. Limerick said. In its early stages it will turn out a semi-finished paper. Eventually, it "might" manufacture the finished product. Mr. Limerick noted that quantities of New Brunswick pulpwood now are shipped to British plants for processing, with the finished paper then transported to markets such as those in Australia. He said he was not suggesting that the plant would be aiming for the Australian market, however. Formation of the Acadia Company, and construction of the mill, had been in the discussion stage for a considerable time before incorporation of the firm, Mr. Limerick said.

### Youth Killed In Street Accident At Summerside

Joseph Ronald Casey, 9-year-old son of Mr. and Mrs. Adrian Casey, Willow Avenue, Summerside, was almost instantly killed yesterday afternoon about 4:30 o'clock when he was struck by the Morrison beverages truck driven by Keith Johnston. The fatality occurred at the intersection of Central and Water Streets and as far as is known, the young lad who was selling papers at the time, dashed across the street and was hit by the truck before it could be brought to a standstill. He was rushed up to the Medical Centre nearby but died within a matter of minutes. Coroner Dr. J. Austin Delaney presided at an inquest which opened at five o'clock at the Bonness Funeral Home. The jury met and viewed the remains and adjourned until Friday evening, October 31st, at 5:30 o'clock. Members of the jury are, Medius Wedge, Harry Horton, William Roach, Gordon Toombs, Lloyd Small, Cecil Smallman, George Clow (foreman). The young boy who was one of the most popular in his class at St. Mary's Academy, is survived by the following brothers and sisters as well as his sorrowing parents, Eldon, Erma, Nancy, Sandra, and Judy, all at home. — S.

### To Establish Illustration Station At Amherst Island

#### Shortage Of Reefer Cars Is Reported

A new Illustration Station under the Dominion Experimental Farms will be established at Amherst Island, Magdalen Islands, according to word received last night from Mr. R. C. Parent, Superintendent of the Experimental Farm here. Mr. Parent has just returned from a visit to the Magdalens where he examined all possibilities before reaching a decision on the proposed site. His recommendation must be approved by Ottawa before definite announcements can be made. It is believed possible that the new Illustration Station will be under the jurisdiction of the Farm here, and if this happens there will be several experiments conducted. They will primarily be concerned with improving pastures, the use of fertilizers, principally lime and manures, and the bettering of local gardens. Grindstone Island, where there is an Illustration Station at present, and Amherst Island have both between 400 and 500 small farms. All the farmers are fishermen as well and it is believed they could greatly improve their small farms if they received proper guidance and help. The climate and the soil in the Magdalens are said to be very similar to this Province. However, the soil is more gravelly as it is all of glacial origin.

#### Heavy Demand

To potato dealers the shortage is critical as at present there is a heavy demand for the potatoes and the prices are good. There was a particularly heavy movement last week with upwards of 800 carloads having already left the Province by rail, water, and truck up to that time. It is apparent to dealers that despite a considerably lower crop this year the shippers are not attempting to hold onto the potatoes hoping to receive higher prices later and the result is that this crop season has seen a greatly increased quantity being shipped early.

#### WEEK-END SUICIDES

VANCOUVER, Oct. 27.—(CP)—Five persons committed suicide here during the week-end, police reported today. A 67-year-old unemployed carpenter plunged 90 feet from a viaduct, a 27-year-old man and the 38-year-old woman turned on a gas, a 42-year-old man hanged himself with a light cord, and a 62-year-old man shot himself.

### Threaten To Drop Hostages 50 Feet To Floor

CHESTER, Ill., Oct. 27.—(AP)—Convicts at Menard State Prison, scene of an uprising last month, seized a prison lieutenant and six guards as hostages in a new outbreak of rioting late today. Tonight the rebellious prisoners were in complete control of one of the prison's four cell blocks. Warden Jerome E. Munnie called off plans to storm the cell block with 60 armed guards after the rioting prisoners threatened to hurl the hostages off a 50-foot tier. Twenty state policemen were at the scene, and at least 30 more were en route to the prison near this Mississippi River town 90 miles south of St. Louis.

#### Fears Mass Outbreak

Soon after the rioting began at about 5 p. m. the warden expressed fear the convicts might manage a mass outbreak from the old prison. "They told us they were going to get out and burn every building here," Munnie said. "And they could do it too." Later the 363 prisoners in the east cell calmed down, and the warden expressed belief that plans for a mass break had been foiled. "They planned to grab the guards and the keys and go over the wall," he said. "We moved too fast for them. Now they are confused and want to wait until daylight." No immediate demands were made by the rioters. "We don't intend to do anything until morning," one convict leader shouted to Munnie. "Then we will talk about it." "We're just sweating it out," Munnie said. "We're not going to endanger these officers' lives."

#### Have No Firearms

The convicts were armed with stool legs and clubs. The warden said no firearms had fallen into their hands. The seized guards and the lieutenant, Loren Stewart of Fairfield, Ill., were lined up on the top tier of the prison, 50 feet above a concrete ramp. They were stripped of all valuables and their clubs taken from them. The guards at Menard ordinarily carry no firearms. Frightened prisoners who wanted no part of the outbreak still were hiding in the darkened prison yard three hours after the trouble (Continued on Page 5 Col. 5)

### Most Colorful Australian Political Figure Dies; Former Prime Minister

Wales. In 1916, while visiting Canada, Hughes was honored by being made the only Australian member of the Canadian Privy Council. He was a little over five feet tall and walked with a slight stoop. Without a hearing aid he was stone deaf. The House of Representatives in Canberra was wired so that he could hear debates. (Continued on Page 13 Col. 2)

### Marines Driven From Hill By Artillery Fire

By Stan Carter SEOU, Oct. 28.—(Tuesday)—(AP)—United States Marines battling with fists, bayonets and rifle butts wrested back the crest of a major western front hill position Monday from 1,500 Chinese Reds only to withdraw at night from under intense artillery fire. Front report said the Reds concentrated more than 17,000 rounds of shell fire on the position known as "The Hook". This is a mile-long ridge guarding main Allied lines 10 to 12 miles northeast of the truce town of Panmunjom. Front dispatchers said the Communist ground threat had been broken through at casualties. An accurate estimate was lacking, but one report said 300 Reds died in the fierce struggle. On the central front north of Kumhwa, Allied and Chinese troops dug in on the Y-shaped northern end of Sniper Ridge after battling to a standstill in 14 days of savage action.

### Adrift In Gulf Without Rudder

HALIFAX, Oct. 27.—(CP)—Agents for the Canadian Pacific Steamships here reported today the steamer Beaverbrae is drifting rudderless in the Gulf of St. Lawrence off Cape Magdalen. The agents said the salvage tug Foundation Vera and Foundation Frances are en route to the stricken 9,034-ton vessel and will tow her to Halifax for repairs.

HALIFAX, Oct. 27.—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Tuesday. Synopsis: Little change is expected over the southern regions Tuesday. A few showers are expected over the northwestern regions late Tuesday as cooler air spreads eastward to this part of the district. Regional forecasts: Prince Edward Island: — Clear with a few cloudy intervals. Very warm Tuesday. Southwest winds 15, low and high Tuesday at Charlottetown 45 and 60. High tide today at Charlottetown at 5:19 A. M. and 6:58 P. M. High tide on the North Shore at 12:52 A. M. and 2:05 P. M. Summerlike tide eighteen minutes later than Charlottetown. Sun rises today at 6:45 A. M. and sets at 5:08 P. M.
