

OUR NEWS BUDGET FOR OUR SATURDAY SUBSCRIBERS

MONDAY

Two immigration officials, Messrs. C. C. Wallace, Immigration Attaché, Canadian Embassy, The Hague, Holland and A. A. Ewen, Immigration Attaché, Canadian Legation, Stockholm, Sweden paid a week-end visit to the Province on the last day of a Canada-wide survey of industries, labour and farm settlements.

The two Canadian officials were viewing prospects for future settlers here and in other parts of the Dominion. Their six months coast to coast tour completed, they will return to Ottawa today and leave for Europe early in November.

Four highway accidents, two of them hit and run kept Royal Canadian Mounted Police officers here busy last night. There were no injuries in the four accidents.

Both hit and run accidents occurred on the Charlottetown-Summerside highway between 7:30 and 8 o'clock, one took place near Milton and the other near Hunter River.

In both cases the hit and run cars were travelling west. The two cars struck were badly damaged with damage estimates ranging between two and three hundred dollars in each case.

The other two accidents were minor mishaps involving four automobiles. They occurred near the Belvedere Service Station and resulted in little damage to the vehicles involved.

LAYMAN'S SUNDAY OBSERVANCE

Layman's Sunday of the Anglican Church was celebrated yesterday morning in St. Paul's Church. The Men's Choir together with the Boys' Choir occupied the Chancel, and united in their offering of Handel's beautiful "Thine Be The Glory".

Miss Margaret Webster, National Girls' Work Secretary will be one of the leaders at the Conference of Leaders and Sunday School teachers of teen-aged girls which will meet in Charlottetown on Saturday, October 28.

Representatives from all over the Province will attend the conference which will be held in the Charlottetown Baptist Church, and other leaders present will include Miss Beatrice Wilson, chairman of the National C.G.I.T. Committee and Miss Marjorie McBride, Maritime Girls' Work Secretary of the Maritime Religious Education Council.

The program will include addresses by Miss Webster and Miss Wilson, discussions on group work, a craft and project workshop, and a recreation period and banquet.

The Conference is being sponsored by the P.E.I. Girls' Work Committee and will be followed on Sunday evening with a girls' service at the Baptist Church.

Students in the colleges are being to become Communists by paying for their education and giving them preferences. Dr. Murray made a moving appeal for more missionary money and more missionary workers. Pointing out that there is money available, he said that every year a billion dollars is spent in Canada on liquor and tobacco.

She said that the Christians of Korea are loyal and devoted to their faith. Dr. Murray brought greetings from her father and mother. Rev. Robert and Mrs. Murray of Lower Sackville, near Halifax. Rev. Mr. Murray was the minister at O'Leary for 11 years up to 1921. Dr. Murray grew up in O'Leary and took her preliminary education in the O'Leary school.

Her father was 91 years of age a few weeks ago and both he and Mrs. Murray are enjoying good health.

Special music was provided by the choir under the direction of Mrs. J. M. MacWilliams.

Dr. Murray spoke yesterday afternoon in Lot 14 and last evening in Alberton. Tonight she will be at Trinity Church, Summerside—S.

Prince Edward Island has lost one of its most popular men in public life in the person of the Hon. H. Cox, Minister of Public Works and Highways, who passed away yesterday at his home in Morrell. He was seventy-five years of age, and had been stricken several days ago with a heart attack.

The late Harry Herbert Cox had a colourful career as a merchant, factory operator and executive before entering politics as Liberal representative in the Legislature for the Second District of King's. Defeated by a small majority in 1923, he came back to win in the general election of June 25, 1927, and was re-elected continuously since that time.

A non-portfolio member of the Government for some years, his appointment last February as Minister of Public Works and Highways was hailed with general approval on both sides of the House and throughout the Province. He had acted as Minister of this department on a previous occasion, and also served for some time as chairman of the Fishermen's Loan Board and the Province's representative on the Atlantic Herring Commission. Since his portfolio appointment he served occasionally as acting Premier during the absence of Premier Jones from the Province.

Born at Morrell, June 17, 1875, Mr. Cox was a son of the late Julius Cox and Jane Ellen Jeffs Cox. He received his education in the district school and early in life went to work with his uncle, the late Hon. R. W. Cox, who ran a successful general store. In 1910 Mr. Cox took over this business himself and built up a flourishing trade which he expanded until his retirement a few years ago.

Other business interests in which he engaged included the operation of a lobster factory at Neufrage and management of the St. Peter's Starch Company, Ltd., of which he was a director for many years. He had also been vice-president of the Charlottetown Can Company since its formation in 1916. In addition to his many other activities, Mr. Cox supervised his flourishing 180-acre farm at Morrell.

TUESDAY

One of this province's leading dentists and keenest sports enthusiasts, Doctor A. B. Reid of Victoria passed away yesterday morning in the Prince Edward Island Hospital after an illness of two weeks. He was 65 years of age.

Dr. Reid was widely known throughout the province and his death was learned with deep regret by the many friends who his kindly disposition had moulded.

He was born in Tryon on July 7, 1885, the son of the late Hon. Samuel E. Reid and Mrs. Reid, the former Vina Lea. He received his primary education at the Village School after which he attended Mount Allison Academy and Tufts University, receiving his D. M. D. degree from the latter institution.

The marriage of Miss Joan of Arc Bernard, daughter of Hon. J. A. and Mrs. Bernard of Tignish, Prince Edward Island, to Dr. James I. Higgins, son of Mr.

and Mrs. William Higgins, Summerside, P.E.I., took place at St. Mary's Church, Welland, Ont., on Wednesday, Oct. 18th. The marriage ceremony was performed by Rev. F. A. McKenna, who also celebrated the Nuptial Mass, which was served by Bro. Ralph Bernard of Holy Rosary Scholastic, Ottawa, a brother of the bride. During the Mass appropriate hymns were sung by Mr. C. R. Korman, Welland, Ont.

Miss Bernard was given in marriage by her brother, Mr. T. P. Bernard, Welland. Miss Norma Bernard of Charlottetown, P. E. I. was her sister's bridesmaid and Dr. G. F. Hood of Chesley, Ont., classmate of Dr. Higgins was the best man.

A dinner meeting of the Prince Edward Island Medical Society was held at the Charlottetown Hotel last evening.

The meeting was presided over by the President, Dr. J. A. MacMillan, and thirty-five members were in attendance.

The chief item on the program was a brilliant address on the "disorders of the stomach" by Dr. Malcolm Docherty, head of the Department of Surgical Pathology at the Mayo Clinic, Rochester, Minnesota.

Dr. Docherty is a native Islander, born in Cardigan and his early education was obtained at the Iona and Cardigan Schools and at Prince of Wales College, where he had a most distinguished academic career.

He graduated in medicine from Dalhousie University with the highest honors and the present high appointment which he holds, is a just tribute to his intellectual powers.

Approximately \$28,000 in compensation benefits, medical and hospital care has been paid out during the first nine months of 1950 by the Prince Edward Island Workmen's Compensation Board, it was learned yesterday from Mr. Horace Wright, chairman of the Board.

About \$18,000 of this amount has been paid in benefits to those who have lost over seven days work due to injuries. The remaining \$10,000 has been for hospital and doctor's bills.

Around 700 claims had been handled by the board from the first of the year until the end of September. Six of these were permanent disability cases calling for pensions.

Disability cases are divided into two sections, disability under and over ten per cent. If a person has a permanent disability under ten per cent he is paid a lump sum of money based on the length of time he is expected to live and the wages he was earning when injured. The worker receives an annual pension when he becomes more than ten per cent disabled.

At the closing session of the national conference of the International Student Service of Canada, held at Queen's University, Kingston, October 26-27, Rev. J. P. O'Hanley, Ph.D., St. Dunstan's University, Charlottetown, (above), was elected to the national committee of I. S. S., in the capacity of faculty representative of the universities of the Maritime Provinces. He succeeds Dr. Smith of Dalhousie University.

Student representatives from the Maritimes appointed to the national committee are: Cyril Fox, St. Francis Xavier University, regional vice president; Ralph Mosher, Acadia University, graduate student representative; and George Johnson, Mt. Allison University, undergraduate student representative.

The Maritime delegations, representing Dalhousie University, University of New Brunswick, Acadia University, St. Francis Xavier University, Mount Allison University, and St. Dunstan's University, left Kingston by train Sunday afternoon and expect to return to their respective campuses on Tuesday or Wednesday of this week.

The Central Christian Church, Charlottetown, will observe special services October 29th, marking the end of 50 years of building. On September 23rd, 1900, dedication services were conducted which climaxed the erection and

completion of the present beautiful structure. This building is made beautiful by its homeliness and simplicity; with its gothic architecture and effectively shaded dome ceiling.

Dr. Robert F. Whiston, recently deceased, was minister in charge at the time of building. Guest speaker for the occasion was A. J. Mohor of the Central Christian Church, Boston, Massachusetts.

Early recorded information reveals many kind wishes and tangible expressions of good will on the part of local firms and citizens. Ministers, representing other local churches were present to extend cordial greetings and felicitations to the untiring and venturing little band of workers.

This congregation of believers was formed three years before the completion of the present building. For a time after organization, they met in the old Y.M.C.A. building later moving to the Kindergarten, Hall now owned and occupied by the Guardian Publishing Company.

Summerside's Mayor Henry Wedge last night at approximately 9:30 o'clock threw a switch which gave the Town 1130 kilowatts of electric energy. In pulling the switch he officially took over in the name of the Town a new 1600 h.p. diesel electric unit for the Town's electric light department, making the plant then the largest diesel plant in the Maritimes, and possibly in Eastern Canada.

Work has been going on for some months on the installation of this unit, which raises the capacity of the plant to 2780 kilowatts. The placing of this unit in operation was performed last night in the presence of members of the Town Council, civic officials, and representatives of Fairbanks-Morse Company, manufacturers of the unit.

Previous to this that company had held a dinner at the Olympia Restaurant for the Town representatives. Present were: Mr. H. E. Race, Maritime manager of Fairbanks-Morse; J. H. MacIure, engineer for the company; S. E. Naugler, field service man who installed the unit; Mayor Wedge, Councillors T. D. Morrison, J. L. Gorrell, J. L. Dickson, B. Schutman, G. B. Sheen and Clarence Steele; Mr. J. H. Strong, Town Clerk; L. W. Hacker, plant engineer, George Morrison, plant foreman and representatives of the press.

WEDNESDAY

The first tile drainage to be laid by the Experimental Farm here since the Farm was first established 40 years ago was laid at the Upton Experimental Farm this fall. The Experimental Farm on the Mount Edward Road was underdrained at the time of its establishment.

4,000 feet of tile were laid in two fields at Upton, 1,000 feet was six inch tile and the remainder was four inch. The tile was laid in section one foot long and as close together as possible to enable the water to seep in between the cracks and be carried to the outlet.

The drainage material was placed two feet underground and in parallel lines about 30 to 40 feet apart. The laying of this tile completed the underdrainage requirements of both farms.

The funeral of the late Hon. Harry H. Cox, Provincial Minister of Public Works and Highways who died Sunday, was held yesterday afternoon from the Marie United Church.

Services were conducted by Rev. R. A. MacLeod. Rev. D. W. MacFarlane, Rev. W. T. Mercer and Rev. E. C. Evans. Interment was in Marie Cemetery. During the service Mr. Leigh Dingwell sang as a solo "Crossing The Bar".

The honorary pallbearers were: Lt.-Governor T. W. L. Prowse, Chief Justice Thane A. Campbell, Acting Premier Hon. A. W. Matheson, Dr. W. J. P. MacMillan, Senator J. F. McIntyre, Senator T. V. Grant, Senator George H. Barbour, Russell Clark, Dr. Cyrus MacMillan, Hon. George D. DeBlois, Mr. Justice George J. Tweedy, A. W. Hyndman, Thomas R. Cullen, J. J. Larabee, Gordon White, Walter Shaw.

The active pallbearers were, Bruce MacEwen, Vincent MacGrath, James B. Jay, Ernest Rossiter, Wendell Coffin, Russell Webster.

Members of the Provincial Legislature attended in a body as mourners.

The funeral was very largely attended, and there were an unusually large number of floral tributes.

Blight damage to Prince Edward Island potatoes was not nearly as great as had been anticipated might develop, it was stated yesterday by Mr. S. G. Peppin, District Inspector of Seed Potato Certification for the Dominion Dept. of Agriculture.

"A general condition of late blight existed in the Province on September 10, but the weather conditions during the last half of September and the first half of October were so dry that the blight spores did not survive," Mr. Peppin stated. "Had the weather been wet during this period, the loss due to

late blight could easily have been two or three times that which did develop." During this period it rained only once on Saturday, September 23.

Yields per acre this year are reported as ranging from one hundred to four hundred bushels per acre. Blight rot runs from nothing to as high as forty per cent.

The overall crop amounts to about 75 per cent of the 1949 potato crop. Mr. Peppin estimates while 400 bushel crops were common last year, the average this year is between 250 and 300 bushels. The decline in yield was also due to the fact that the acreage planted was down about seven per cent, he added.

THURSDAY

INJURED BY PRIZE BULL—Colonel F. I. Andrew, Charlottetown, was reported as being comfortably yesterday in the Prince Edward Island Hospital after being injured by his prize Ayshire bull, Glenagray Bit O' Fashion. Col. Andrew had gone into the animal's cage on Tuesday afternoon and was leading him out by the nose-ring when he received a severe gash on the right side from the animal's horn. He was aided in escaping further injury by his uncle, Mr. Fred Andrew, who rushed into the barn and drove the animal off. The bull is entered at the forthcoming Maritime Winter Fair at Amherst, where he was grand champion last year.

"By all means let us get behind the Government and aid in rearmament, let us increase our production and maintain our standard of living at its present level and let us show the Government that coercion is not necessary," stated Mr. G. F. Winspear, President of the Canadian Chamber of Commerce in an address last night to the Charlottetown Board of Trade.

"Price controls," stated Mr. Winspear, "are only necessitated by shortages. If we eliminate these shortages by increased production, then we will not need controls. In this way we can rearm and maintain the same standards of living. This must be the business reply to the challenge of rearmament."

Eighty members and guests were present at last night's meeting which was the best attended Board monthly meeting for some time. President Frank Storey presided.

Mr. Winspear, who is president of four Edmonton business concerns and two Vancouver companies, told the meeting that Canada was faced with a problem of rearmament although the concepts of most Canadians were in disagreement with this policy.

Francis George Winspear of Edmonton, Alta., president of the Canadian Chamber of Commerce was guest speaker yesterday at a special luncheon meeting of the Summerside Board of Trade. Accompanying Mr. Winspear was Mr. Donald Morrell, general manager of the Canadian Chamber.

Both officials were met at the airport by President R. S. Hinton and J. Frank Arnett and conducted on a tour of the Town before the banquet at noon. Mr. Winspear was introduced to the members of the Board.

On behalf of the Town of Summerside Mayor Henry W. Wedge extended a cordial welcome to the distinguished visitors and expressed the hope that their visit would be pleasant in every respect.

"We are highly honored by having these leaders in business with us today," His Worship stated.

Speaking of the relation between the Canadian Chamber and the Boards of Trade, Mr. Winspear said that actually the chamber belonged to each small individual board throughout the Dominion. It was not the job of the Chamber, he said, to formulate but rather to implement the policies formulated at the annual meetings of the Boards of Trade all over the Dominion.

Captain William Connolly was elected President of the Prince Edward Island Fire Fighters' Association which was formed at a meeting held in the City Hall last evening.

Nineteen fire departments throughout the Province were represented at the meeting which was called by a committee for the purpose of forming a Provincial Association.

Fire Marshall T. A. Campbell was elected Honorary President and Mr. Arthur Corney, of Summerside, Vice President. Six additional members of the executive elected were appointed as follows: Prince County, Omer Bernard, Tignish, and John MacNeil, Summerside; Queens County, Percy Boyle, Hunter River; King's County, Henry MacDougald, St. Peter's and James Brennan, Souris. Les Gillespie of Charlottetown was elected by the executive to act as secretary.

Assistant Chief James S. Walker called the meeting, was elected as chairman for the organization meeting and conducted the business until after the executive had been

secretary. Mr. Omer Bernard acted as secretary. Chief H. H. Jewell and Fire Marshall Campbell each addressed the meeting and welcomed the many delegates in attendance. Outlines were given of the purpose of the meeting and Fire Marshall Campbell stressed the need of a Provincial organization in Prince Edward Island. During his talk he stated that \$600,000 had been lost through fires in this Province each year.

FRIDAY

SAINT JOHN, N. B. Oct. 26.—(CP)—Ernest W. McCready, 81, an outstanding newspaperman years ago, died tonight in a nursing home at Hammond River, King's County. He had been in ill health since 1928, when he retired from active work.

Prominent in a generation of adventurous journalists, Mr. McCready worked for newspapers in Saint John, Boston and New York. He achieved fame as a correspondent in the Spanish-American war. Born Nov. 20, 1868, at Ottawa, where his father, J.E.B. McCready was a member of the Parliament Press Gallery at the time of confederation, the younger McCready naturally entered the field of journalism.

Two farmers, one a former Army Captain the other a one time engineer, Messrs. J. J. MacDonald of Glenfman and Malcolm Reeves of Southport were nominated last night to represent Third Queen's in the next Provincial election at a convention of Third District Progressive Conservative delegates held in the Legion Hall, Charlottetown.

Both nominations were made unanimously by the largely attended meeting although Mr. MacDonald had to defeat Mr. R. A. MacDonald of Mount Stewart for the councillorship to gain re-election. Mr. Reeves' nomination as assessor was unopposed.

Mr. J. J. MacDonald's nomination was moved by Mr. Herbert Began of Johnstone's River and seconded by Mr. Arthur Roberts, Winsloe. The nomination of Mr. Reeves, well known fruit grower, was moved by Mr. Murray Creed, Highfield and seconded by Mr. Louis MacDonald, Donaldston.

BIRTHS

MACDONALD—At the Prince County Hospital on October 23rd, 1950, to Mr. and Mrs. Donald MacDonald, Coleman, a son, John Ronald.

CROCKETT—At the Prince Edward Island Hospital, Friday, Oct. 20th, 1950, to Mr. and Mrs. W. L. Crockett (nee Anne MacPherson), York, a daughter.
