The Provincial Exhibition at Charlottetown will lead off the parade of Maritime Fairs, and it will lead off in grand and glorious style, with a clean and attractive plant, a wealth of exhibits, the classiest of horse racing, the most thrilling vaudeville, captivating night shows with beautiful horses and skilled equestrians suitably costumed, gorgeous lighting, brilliant uniforms, high-lights of vaudeville, and last but not least—dramatic fire works.

THE BIG SHOW WILL OPEN AT CHARLOTTETOWN

## MONDAY EVENING AUGUST 17th--CLOSES FRIDAY EVENING AUGUST 22nd

This year's Fair will be the most ambitious we have ever undertaken. For almost a year we have been making preparations and now our program is complete almost to the last detail. Our Prize List has been revised and changes introduced wherever beneficial to the exhibitor. More prize money is being distributed to all classes of live stock and our equalization of freight places the exhibitor from the furthest parts of the Island in equal competition with the stock owner at Charlottetown. Our Grounds have been beautified very considerably and when you visit us you will surely say that the plant is as attractive as can be found anywhere. Every farmer or live stock breeder in Prince Edward Island should make it a point to exhibit. The spirit of competition is the spirit of progress. Then again, if you are not a farmer or agriculturist, perhaps you have something to exhibit in our Main Building—it will be entirely re-decorated and arrangements made to house many new exhibits. In it will be displayed the finest line of indoor exhibits and industrial displays ever seen there. The new Prize List will acquaint you with opportunities for exhibiting and taking away one or more prizes that will delight you and also please your friends.

## FIREWORKS

For the past two years we have been offering a program of Fireworks, each year an improvement on the previous one. This year we placed our order in February and gave instructions that it must positively eclipse last year's display.

Our big new program for four nights is now in our hands and we will startle you when we release the particulars regarding it. Nothing approaching it has ever been shown at any Maritime Fair or any other gathering in the Maritimes. The set pieces alone have taken the time of dozens of employees working many weeks. They are so beautiful that we will probably require a page ad to tell you about them. Nothing so dazzling in pyrotechnic achievements has been offered before by any Fair in Canada, with the exception of the Canadian National in Toronto.
